Head First is a series of introductory instructional books to many topics, published by O'Reilly Media. It stresses an unorthodox, visually intensive, reader-involving combination of puzzles, jokes, nonstandard design and layout, and an engaging, conversational style to immerse the reader in a given topic. Originally, the series covered programming and software engineering, but is now expanding to other topics in science, mathematics and business, due to success. The series was created by Bert B

Head First JavaScript offers one of the clearest guide to understanding the language basics and takes the reader to some of the advanced features of the language in a very helpful way. I'm a big fan of Head First style and find it very helpful for self-taught students, without having to worry about every little thing out there.
