A Modest Proposal Jonathan Swift - To ease poverty in Ireland by eating the children of the poor was the satirical 'solution' suggested by Jonathan Swift in his essay 'A Modest Proposal'

A Modest Proposal *BEYOND BOOKS HUB*

Published anonymously in 1729, Jonathan Swift's satirical essay, *A Modest Proposal*, puts forth the darkly comical idea that the starving poor of Ireland might alleviate their economic condition by selling their children as food for wealthy gentlemen and ladies. At its core, Swift's *Modest Proposal* satirizes English exploitation of Ireland in particular and the heartless attitude that rich elites can develop towards the poor in general. Along with *Gulliver's Travels*, *A Modest Proposal* is an early English example of the black comedic genre. A Modest Proposal

For Preventing the Children of Poor People in Ireland, from Being a Burden on Their Parents or Country, and for Making Them Beneficial to the Publick *The Floating Press*

Widely regarded as one of the most brilliant pieces of political satire ever published, "A Modest Proposal" is Jonathan Swift's merciless skewering of England's treatment of Ireland's impoverished population in the eighteenth century. Nearly 300 years after its release, this shocking and outrageous essay still packs a punch.

A Modest Proposal

For Preventing the Children of Poor People in Ireland, from Being a Burden on Their Parents Or Country, and for Making Them Beneficial to the Public.

A Modest Proposal For preventing the Children of Poor People From being a Burthen to Their Parents or Country, and For making them Beneficial to the Publick, [1] commonly referred to as *A Modest Proposal*, is a Juvenalian satirical essay written and published anonymously by Jonathan Swift in 1729. The essay suggests that the impoverished Irish might ease their economic troubles by selling their children as food for rich gentlemen and ladies. This satirical hyperbole mocked heartless attitudes towards the poor, as well as British policy toward the Irish in general. The primary target of Swift's satire was the rationalism of modern economics, and the growth of rationalistic modes of thinking in modern life at the expense of more traditional human values. In English writing, the phrase "a modest proposal" is now conventionally an allusion to this style of straight-faced satire. This essay is widely held to be one of the greatest examples of sustained irony in the history of the English language. Much of its shock value derives from the fact that the first portion of the

essay describes the plight of starving beggars in Ireland, so that the reader is unprepared for the surprise of Swift's solution when he states: "A young healthy child well nursed, is, at a year old, a most delicious nourishing and wholesome food, whether stewed, roasted, baked, or boiled; and I make no doubt that it will equally serve in a fricassee, or a ragout." [1] Swift goes to great lengths to support his argument, including a list of possible preparation styles for the children, and calculations showing the financial benefits of his suggestion. He uses methods of argument throughout his essay which lampoon the then-influential William Petty and the social engineering popular among followers of Francis Bacon.

A Modest Proposal and Other Writings *Penguin UK*

The political dilemma of Ireland; the state of faith in England; the charms of the Beggar's Opera; the importance of puns . . . This selection gathers together some of Swift's most brilliant prose, from high politics to social gossip, from savage tirades to lighthearted social satire. In addition to his classic essays, the collection includes several of Swift's letters to Alexander Pope and other great thinkers of the age.

A Modest Proposal

A Plan for the Golden Years *Melville House Pub*

In this scathingly funny satire, one of France's leading philosophers observes that modern society is burdened by numerous questions of how to care for the elderly. How to pay for their staggering medical bills? How to ensure their conscientious treatment? How to simply house them all? It's more than the resources of our culture can handle, says Régis Debray—and it's making life difficult for everyone else. So, he makes a "modest proposal".... In the great tradition of the irreverent satires of Jonathan Swift, Debray outlines a plan so devilish and absurd that the only response is laughter. With tongue planted firmly in cheek, he declares an end to all the world's problems if we would only do this one little thing—something a corrupt culture may already be doing anyway.

A Modest Proposal in the Context of Swift's Irish Tracts

A Relevance-Theoretic Study *Cambridge Scholars Publishing*

Swift's *A Modest Proposal* has always aroused the interest not just of literary critics, but also of linguists and pragmatists. Within the latter approaches, the study of irony, and more concretely, the intentions and attitudes that must have guided the production of such an intricate work, have always been paramount. However, it seems that within pragmatics the analysis has been restricted so far to the 1729 work itself. In the present author's view, it is interesting to contextualise this masterpiece of irony and satire within Swift's wider writing on Ireland, an approach that remains to be carried out. Accordingly, this work sets out to analyse a selection of Swift's Irish Tracts, with a view to tracing the evolution within Swift's literary production of his views and attitudes towards the situation of his homeland. Although different pragmatic approaches are applied, the emphasis is laid upon the contributions that the relevance-theoretical framework and its studies on irony may bring to the understanding of this particular Tract. The works selected are meant to cover and also be representative of the main phases currently distinguished within Swift's writing on the "Irish Question". It is therefore hoped that a deeper analysis of the former works by Swift on this topic will provide new insights for a better understanding of *A Modest Proposal*.

A Modest Proposal for Preventing the Children of Poor People from Being a Burden to Their Parents Or the Country, and for Making Them Beneficial to the Country

A Modest Proposal and Other Satires *Konemann-Ellipsis*

" Good God ! What a genius I had when I wrote that book ! " observed Swift when, towards the end of his life, he looked at *A Tale of a Tub* once again, the first great satire of his youth. That hilarious history of the Christian churches appears here with *The Battle of the Books*, the *Argument against Abolishing Christianity* and three further razor-edged products of Swift's savage indignation. Foremost among them is *A Modest Proposal*, in which a seemingly rational voice outlines a plan for remedying the economic miseries of Ireland, a plan to which there can surely be no sensible objection... The author of *Gulliver's Travels* (also available in *Könemann Classics*) was the greatest satirist the British Isles have ever produced, and in this selection his formidable gifts are seen to the full.

A Modest Proposal and Other Prose *Barnes & Noble Publishing*

Swift reveals his satirical genius in this witty collection of prose that includes such popular works as *A Modest Proposal* and *A Tale of the Tub*.

Jonathan Swift: A Modest Proposal (English Edition) *epubli*

"It is a melancholy object to those, who walk through this great town, or travel in the country, when they see the streets, the roads and cabin-doors crowded with beggars of the female sex, followed by three, four, or six children, all in rags, and importuning every passenger for an alms. These mothers instead of being able to work for their honest livelihood, are forced to employ all their time in strolling to beg sustenance for their helpless infants who, as they grow up, either turn thieves for want of work, or leave their dear native country, to fight for the

Pretender in Spain, or sell themselves to the Barbadoes. I think it is agreed by all parties, that this prodigious number of children in the arms, or on the backs, or at the heels of their mothers, and frequently of their fathers, is in the present deplorable state of the kingdom, a very great additional grievance; and therefore whoever could find out a fair, cheap and easy method of making these children sound and useful members of the common-wealth, would deserve so well of the publick, as to have his statue set up for a preserver of the nation." "A Modest Proposal" is a satirical essay written and published anonymously by Jonathan Swift in 1729. Jonathan Swift suggests in his "A Modest Proposal" that the impoverished Irish might ease their economic troubles by selling their children as food for the upper class.

A Modest Proposal by Jonathan Swift Annotated Edition

A Modest Proposal and Other Satires is a collection of satirical works of political, social, and religious commentary by Jonathan Swift. The most famous of his essays--perhaps the most famous essay of satire in the English language--is "A Modest Proposal for Preventing the Children of Poor People in Ireland from Being a Burden to Their Parents of Country; and for Making Them Beneficial to the Public." This essay was published anonymously in 1729, a year in which Ireland suffered from poverty and

famine. "A Modest Proposal" suggests, as a method for dealing with the destitution, that the Irish eat their babies.

What Do We Need Men For?

A Modest Proposal *St. Martin's Press*

A darkly funny and very personal attempt to answer the question by America's longest running advice columnist When E. Jean Carroll—possibly the liveliest woman in the world and author of *Ask E. Jean* in *Elle Magazine* — realized that her eight million readers and question-writers all seemed to have one thing in common—problems caused by men—she hit the road. Criss-crossing the country with her blue-haired poodle Lewis Carroll, E. Jean stopped in every town named after a woman between Eden, Vermont and Tallulah, Louisiana to ask women the crucial question: What Do We Need Men For? E. Jean gave her rollicking road trip a sly, stylish turn when she deepened the story, creating a list called “The Most Hideous Men of My Life,” and began to reflect on her own sometimes very dark history with the opposite sex. What advice would she have given to her past selves—as Miss Cheerleader USA and Miss Indiana University? Or as the fearless journalist, television host and eventual advice columnist she became? E. Jean intertwines the stories of the outspoken people she meets on her road trip with her own history of bad behavior (from mafia bosses, media titans, boyfriends, husbands, a serial killer, and others) creating a decidedly dark yet hopeful, hilarious and thrilling narrative. Her answer to the question What Do We Need Men For? will shock men and delight women.

"A Modest Proposal for Preventing the Children of Poor People in Ireland from Being a Burden to Their Parents or Country, and for Making Them Beneficial to the Public", commonly referred to as A Modest Proposal, is a Juvenalian satirical essay written and published anonymously by Jonathan Swift in 1729. Swift suggests in his essay that the impoverished Irish might ease their economic troubles by selling children as food for rich gentlemen and ladies. By doing this he mocks the authority of the British officials. A Modest Proposal is included in many literature programs as an example of early modern western satire. It also serves as an exceptional introduction to the concept and use of argumentative language, lending itself well to secondary and post-secondary essay courses. Outside of the realm of English studies, A Modest Proposal is a relevant piece included in many comparative and global literature and history courses, as well as those of numerous other disciplines in the arts, humanities, and even the social sciences.

"This discourse, as it is unquestionably of the same author, so it seems to have been written about the same time, with 'The Tale of a Tub;' I mean the year 1697, when the famous dispute was on foot about ancient and modern learning. The controversy took its

rise from an essay of Sir William Temple's upon that subject. At length, there appearing no end of the quarrel, our author tells us that the books in St. James's Library, looking upon themselves as parties principally concerned, took up the controversy, and came to a decisive battle." So begins Jonathan Swift's satire, *The Battle of the Books*, which tells of a great battle between the books in the King's Library. The name of his satire came to be used in reference to the Quarrel of the Ancients and the Moderns.

A Modest Proposal *Createspace Independent Pub*

A Modest Proposal By Jonathan Swift A book created almost 300 years ago by the creator of *Gulliver's travels*, maybe the most famous work of Jonathan Swift. For this cruel and unconventional proposal Swift has been several times matched with the reputation of writers such as De Sade or Lautreamont. Already in the past, when the love of a parent for children was less felt and less obvious than today this book generated chaotic and shocked reactions in a very various range of readers. The apparently sincere style used to write the book matched with the idea of cannibalism created a strong reaction not just in readers of the past but maybe more and mainly in people that decide to read this book in our age. The sense of disgust and of disappointment is something that readers can still feel when they have to deal with this work. Provocative, fierce, sharp ... Most of the critics are divided in two different factions when the conversation arrive to this book: someone see Swift and his work as a provocative way to shake aims of Irish population but for others, mainly in the past, the author was seriously promoting the horrible solution contained in his work. Created by an intelligent man often close

to political speeches and political strategies this work reflect the complex point of view of a man that was a political writer and a political journalist other than a great satire creator. A man usually more careful in his works who wanted, once, allow himself to express all his disgust for an unacceptable situation. A modest proposal: for preventing the children of poor people in Ireland from being a burden to their parents or Country, and for making them beneficial to the Public. This was the complete title of this amazing book. Too long for being acceptable during the editing step it has been reduced to "a modest proposal" among the years. The book express a deep contempt for the English politic in Ireland, even if the main accent is put on this contempt the author for sure doesn't forget to complain about the weakness showed by the Irish population. The proposal contained in the book is everything except than modest, with a fierce and sometimes horrific economical point of view the author, presented in the book as a character, make a plan to solve the problem of the overpopulation among Christian Irish.

An Argument Against Abolishing Christianity *Createspace Independent Publishing Platform*

An Argument against Abolishing Christianity By Jonathan Swift Satirist, was born at Dublin of English parents. Dryden was his cousin, and he also claimed kin with Herrick. He was a posthumous child, and was brought up in circumstances of extreme poverty. He was sent to school at Kilkenny, and afterwards went to Trinity College, Dublin, where he gave no evidence of ability, but displayed a turbulent and unruly temper, and only obtained a degree by "special grace." After the Revolution he joined his mother, then resident at Leicester, by whose influence he was admitted to the household of Sir William Temple at Moor Park, Lady T. being her distant kinswoman. Here he acted as secretary, and having access to a well-stocked library, made good use of his opportunities, and became a close student. At Moor Park he met many distinguished men, including William III., who offered him a troop of horse; he also met Esther Johnson (Stella), a natural daughter of Sir William, who was

afterwards to enter so largely into his life. We are delighted to publish this classic book as part of our extensive Classic Library collection. For preventing the children of poor people in Ireland, from being a burden on their parents or country, and for making them beneficial to the public. The full title of Swift's pamphlet is "A Modest Proposal for Preventing the Children of Poor People from Being a Burthen to their Parents, or the Country, and for Making them Beneficial to the Publick." The tract is an ironically conceived attempt to "find out a fair, cheap, and easy Method" for converting the starving children of Ireland into "sound and useful members of the Commonwealth." Across the country poor children, predominantly Catholics, are living in squalor because their families are too poor to keep them fed and clothed.

Germany Must Perish! Blur

This March 1941 book-written by a New Jersey Jewish-German émigré-caused a storm in Germany and America with its open advocacy of the physical extermination of all Germans and Germany itself. This was to be achieved through a process of mass sterilization, and the physical dismemberment of that country. Arguing that Nazism was in fact just another expression of militant Germanism, the author said that the Germans would never change and the only way to end the ongoing struggle was to end Germany and the German people. Because of Kaufman's claimed links to the policy advisors of the American president, Nazi Propaganda Minister Joseph Goebbels used the book to help encourage Germans to fight to the last. Ironically, significant sections of Kaufman's book, despite being dismissed as the work of a loner, came true. At least 12 million Germans were expelled from their land following the end of the war, and their deportation became the single largest transfer of any population in modern European history, and one-third of German territory was ethnically cleansed of Germans and permanently seized. Although the sterilization plan was never implemented, the collapse in the German birth rate, predicted by the author, has occurred, and even this part of the plan seems set to become reality. As the author wrote: "Of course, after complete sterilization, there will cease to be a birth rate in Germany. At the normal death rate of 2 per cent per annum, German life will diminish at the rate of 1,500,000 yearly. Accordingly in the span of two generations that which cost millions of lives and centuries of useless effort, namely, the elimination of Germanism and its carriers, will have been an accomplished fact."
