Environment And The Law In

Environmental law is an up-and-coming area of law in an age of concern over the 'footprint' humans are leaving on our planet. It covers diverse areas such as climate control, sources of energy, pollution and Corporate Social Responsibility. As an environmental lawyer, most opportunities are in the corporate area of advising large organisations and businesses as to their risks, responsibilities, regulatory concerns, damage limitation and defending them if litigation ensues.

Environmental Law | University of Law

There are numerous environmental laws in the UK that cover everything from fly-tipping, littering, pollution, wildlife, conservation, climate change, noise and planning. However, knowing or understanding which law pertains to what aspect of the environment can be difficult. To help you understand more about each of these laws, we have provided you with a list of some of the more

important and given you links that will take you through each of them in far greater detail.

List Of Environmental Laws | Field

Welcome to Law and Your Environment, the plain UK guide to Environmental Law. Law and Your Environment is a comprehensive public access online resource on environmental legislation.

Law and Your Environment - Home

Environmental law, or sometimes known as environmental and natural resources law, is a term used to explain regulations, statutes, local, national and international legislation, and treaties designed to protect the environment from damage and to explain the legal consequences of such damage towards governments or private entities or individuals (1). As we will explain in the next section, it covers many areas, all with the same purpose already described here.
