DRAFT ACTION PLAN FOLLOWING THE GYNAECOLOGY CANCER PEER ...

Cancer Australia was established by the Australian Government in 2006 to benefit all

Australians affected by cancer, and their families and carers. Cancer Australia aims to reduce the impact of cancer, address disparities and improve outcomes for people affected by cancer by leading and coordinating national, evidence-based interventions across the continuum of care.

Gynaecological cancers - Cancer Australia

A risk factor is any factor that is associated with an increased chance of developing a particular health condition, such as gynaecological cancer. There are different types of risk factors, some of which can be modified and some that cannot. It should be noted that having one or more

risk factors does not mean a woman will develop a gynaecological cancer.

What are the risk factors for gynaecological cancers ...
