### **Multimedia Programming Using Maxmsp And Touchdesigner [PDF ...**

Max, also known as Max/MSP/Jitter, is a

visual programming language for music and multimedia developed and maintained by San Francisco-based software company Cycling '74. Over its more than thirty-year history, it has been used by composers, performers, software designers, researchers, and artists to create recordings, performances, and installations. The Max program is modular, with most routines existing as shared libraries. An application programming interface allows third-party development o
