Is God a Mathematician? - Kindle edition by Livio, Mario ...

Theologians, scientists and philosophers seem to agree that Reality, absolute truth, or God, if you will, is an abstract reality. Not a reality that can be detected by our senses or known through our intellect. In this view mathematics are an expression of the mind of God. She is a mathematician!

God is a Mathematician - SAND

Is God a Mathematician? is a

work of intellectual history — the history of philosophy, logic, and especially math. Livio talks about math with gratifying clarity, and in a way that doesn't require advanced training to understand it — but that doesn't mean that it always goes down like chocolate pudding. Some of the concepts Livio introduces, such as the Golden Ratio (the subject of a previous book of his), do require the recollection of some of your high school math.

The answer is that math isn't the product of a human mind, but rather the product of the mind of God. Since God has always existed and thought, the laws of mathematics are also eternal, existing before people. I must stop and say it's no wonder Romans 1:20 tells us that it is 'the things that are made' that reveal the attributes of God (that He exists).
