Suspension – The
1985-1987 250ES are
the only BIG RED
models that have front
and Rear suspension.
The front and rear
suspension makes the
250ES much more
comfortable as
compared to the older
200E and 200ES
hardtails. Having front
and rear suspension
also makes the ATC
handle better than the
older models in my
opinion.
