Private International Law (Implementation of Agreements ...

Private international law has two limbs. It determines when an English court has jurisdiction to adjudicate where one or more of the parties, or some component of the analysis, is not English, and it decides whether to give effect to the result of adjudication in a foreign jurisdiction: this amounts to the conflict of jurisdictions.

PRIVATE INTERNATIONAL LAW -

Oxford Scholarship

Private international law refers to a collection of laws that determine which jurisdiction will be applied in a specific legal case. In this definition, jurisdiction usually refers to a location, such as a state, in which certain laws are followed although they are not necessarily imposed on other areas.

What Is Private International Law? (with picture)

Private international law refers to that part of the law that is administered between private citizens of different countries or is concerned with the definition, regulation, and enforcement of rights in situations where both the person in whom the right inheres and the person upon whom the obligation rests are private citizens of different nations.

Private international law legal definition of private ...

Conflict of laws. Conflict of laws (sometimes called private international law) concerns the process for determining the applicable law to resolve disputes between individuals, corporations (and in some systems the state in certain contractual relationships) in multi-jurisdictional cases and transactions. Conflict of laws especially affects private international law, but may also affect cases where a contract makes incompatible reference to more than one legal framework.
