The Law Of The Sea

Law of the sea is a body of international law governing the rights and duties of states in maritime environments. It concerns matters such as navigational

rights, sea mineral claims, and coastal waters jurisdiction. While drawn from a number of international customs, treaties, and agreements, modern law of the sea derives largely from the United Nations Convention on the Law of the Sea, effective since 1994, which is generally accepted as a codification of customary international law of the sea,

In Gender and the Law of the Sea a distinguished group of law of the sea and feminist scholars critically engages with one of the oldest fields of international law. While the law of the sea has been traditionally portrayed as a technical, gender-neutral set of rules, of concern to States rather than humans, authors in this volume persuasively argue that critical feminist perspectives are needed to question the underlying assumptions of ostensibly gender-neutral norms.
