### **Rumors of Another World**

#### **What on Earth Are We Missing?**

### **Rumors of Another World**

#### **What on Earth Are We Missing?**

*Zondervan*

What on earth are we missing? Philip Yancey believes we are missing the supernatural hidden in everyday life. In *Rumors of Another World*, Yancey investigates the natural world and discovers the supernatural hiding in

plain view. He grapples with why God made the world and what our role truly is, and seeks to answer the question, “How do I live in the natural world while expressing the values of the supernatural?” Philip writes, “I have come to understand faith as the highest form of integrated encounter. Faith puts together, assembles, re-orders, accepting the entire world as God’s handiwork. We live among clues, like rescuers sifting through pieces of stained glass shattered by a bomb, and only with a blueprint or some memory of original design can we begin to connect the shards, to assemble them into a pattern that makes sense of our world.” Nature and supernature are not two separate worlds, but different expressions of the same reality. To

encounter the world as a whole, we need a more supernatural awareness of the natural world.” Yancey invites readers to join him on a journey of discovery. He challenges us to tune into “rumors of another world,” and connect the seen with the unseen. He promises that the grace-filled result will be a life of beauty, purpose, freedom, and faith.

### **Rumors of God**

#### **Experience the Kind of Faith You’ve Only Heard About** *Thomas Nelson*

Where is the life God promised us? Life is busy. We live like slaves to our fast-paced, suffocating schedules. We spend our energy and time in triviality, relegating God to the background. He seems distant to us, and we resist the

idea that God wants to give, say, and show us more; we dismiss it as rumor. But Jesus calls us to a better way. Another dream- an unimagined future. Close the gap between what you hear about and what you see. Rumors is filled with the same forward-thinking spirit that defines its authors, Jon Tyson and Darren Whitehead. ?Louie Giglio, pastor, Passion City Church Both challenging and encouraging, Rumors of God will reintroduce you to a God worth talking about. ?Gabe Lyons, author, The Next Christians, founder, Q, coauthor, UnChristian This book invites us to find the rumors of God all around us. Read it, but be ready to be changed. ?Scot McKnight, author, One.Life: Jesus Calls, We Follow and Jesus Creed for Students For those who are jaded by the church,

or have become cynical about the power of the Gospel in our time, Rumors of God is a great antidote. ?Alan Hirsch, author, dreamer, activist ([www.theforgottenways.org](http://www.theforgottenways.org)) Foreword by Bill Hybels, founding and senior pastor of Willow Creek Community Church in South Barrington, Ill., and chairman of the board for the Willow Creek Association. The irony: two upstart Aussies from tiny towns half a world away wind up leading high impact churches in two of the most significant cities in North America. Only God. Darren Whitehead and Jon Tyson are deep thinking Christ followers with a bias for action in the world. A rare combination these days. They are both leaders and communicators, visionaries and "get stuff done for God" guys.

Extremely rare. I have had the privilege of working closely with Darren at Willow Creek Community Church for over 7 years. He is thoughtful, relationally intelligent and one of the hardest working young leaders I know. In *Rumors of God*, Darren and Jon have somehow succeeded in slipping 3D glasses over our eyes. The results are that passages from scripture come alive in ways that will impact readers for a long time. I salute the efforts of these young mates and pray that readers will be as stretched in their minds and hearts as I have been.

**Secondhand Jesus** *David C Cook*

God has offered us firsthand knowledge of His love, His grace, and His power. Yet so often, we too easily settle for

someone else's descriptions, the Cliff notes from another's spiritual journey. We are content for "God-experts" to do the heavy lifting and then give us the bottom line. And like any secondhand information, after enough times through the grapevine, the truth about God deteriorates and crumbs of rumor are all that remain. But when life derails, and things don't go as we had planned, our thin view of God is challenged. In those critical moments, we can choose to walk away from God, or to let our questions lead us home. When we choose to wrestle with God, to engage Him for ourselves, we-like Jacob and Job and David-will see rumors die and revelation come alive. It's time to hear the magnificent, Divine Invitation. It's time to take God up on His offer and embrace

the mystery and majesty of knowing Him for ourselves.

## **On Rumors**

**How Falsehoods Spread, Why We Believe Them, and What Can Be Done** *Princeton University Press*

Many of us are being misled. Claiming to know dark secrets about public officials, hidden causes of the current economic situation, and nefarious plans and plots, those who spread rumors know precisely what they are doing. And in the era of social media and the Internet, they know a lot about how to manipulate the

mechanics of false rumors—social cascades, group polarization, and biased assimilation. They also know that the presumed correctives—publishing balanced information, issuing corrections, and trusting the marketplace of ideas—do not always work. All of us are vulnerable. In *On Rumors*, Cass Sunstein uses examples from the real world and from behavioral studies to explain why certain rumors spread like wildfire, what their consequences are, and what we can do to avoid being misled. In a new afterword, he revisits his arguments in light of his time working in the Obama administration.

### **Rumors of Savages** *Xlibris Corporation*

RUMORS of SAVAGES by Carrie Regan Six months ago, world-renowned anthropologist Lawrence Julian Thompson set off on an expedition into a remote African jungle with one goal: to locate the legendary "lost tribe" of the Bambada and bring back proof that they exist. He wasn't the first--countless Western explorers have attempted to track these mythical people over the centuries, and with good reason. According to legends, the Bambada guard a vast fortune and possess the improbably power to read minds and see the future. Yet they're also rumored to be fierce, bloodthirsty, and hell bent on

staying hidden from the world. the evidence speaks for itself: for centuries, nearly every adventurer who's chased the Bambada--and their treasure--has come to a grisly end in the process. When Thompson fails to return from his expedition, it appears that the same fate has befallen the esteemed anthropologist. Meanwhile, in the urban jungle of Manhattan, network executive Bill Warner faces a thorny challenge of his own: to resurrect his ailing television network, the Adventure Channel. It seems there are only so many programs viewers will watch about another Everest summit or expedition down the Amazon before interest starts to wane. Ratings are sagging, and Adventure's owner is threatening to transform the channel into a home shopping haven. Warner has

one last hope. It's Max Carrington, a rugged old explorer and host of the Adventure Channel's flagship show, Adventure!. If anyone can brave the malaria-ridden jungles of Africa, rescue the missing anthropologist, and bring back a blockbuster that will save the network, it's Max. Yet with a bad back, demanding young second wife, and critics who think he's out of touch with today's younger audience, the fading star may end up sinking Adventure's ship instead. Accompanying Max on the adventure is his colorful crew: AJ, the womanizing cameraman; Liz, the overqualified, under-appreciated associate producer who's also AJ's spurned ex-lover; Buddy, the chubby soundman and AJ's sidekick; and Troy, the incompetent producer, recently-

minted film school graduate, and, coincidentally, nephew of Adventure's CEO. As the crew battles the disease-infested jungle in search of the missing anthropologist, Adventure's executive producer seizes the opportunity to spin their daily videophone dispatches into the media sensation of the moment. Instantly, ratings for the Adventure Channel skyrocket. But when members of Max Carrington's team start disappearing, and an ambitious young researcher uncovers evidence that the lives of the entire crew are at risk, the focus of the story shifts, and the media machine turns on itself...

## **People from My Neighborhood**

### **Stories** *Catapult*

From the author of the internationally bestselling *Strange Weather in Tokyo*, a collection of interlinking stories that masterfully blend the mundane and the mythical—"fairy tales in the best Brothers Grimm tradition: naïf, magical, and frequently veering into the macabre" (*Financial Times*). A bossy child who lives under a white cloth near a tree; a schoolgirl who keeps doll's brains in a desk drawer; an old man with two shadows, one docile and one

rebellious; a diplomat no one has ever seen who goes fishing at an artificial lake no one has ever heard of. These are some of the inhabitants of *People from My Neighborhood*. In their lives, details of the local and everyday—the lunch menu at a tiny drinking place called the Love, the color and shape of the roof of the tax office—slip into accounts of duels, prophetic dreams, revolutions, and visitations from ghosts and gods. In twenty-six "palm of the hand" stories—fictions small enough to fit in the palm of one's hand and brief enough to allow for dipping in and out—Hiromi Kawakami creates a universe ruled by mystery and transformation.

### **Don't Ever Punch a Rockstar**

**A Collection of Hate Mail and Other Crazy Rumors** *Createspace Independent Publishing Platform*  
Documenting Danny Marianino's days as a metalhead from childhood into adulthood, *Don't Ever Punch a Rockstar* somehow rationalizes playing in a few hardcore/punk bands, touring, fighting, drinking, internet bullying, celebrity encounters, satanic curses, house fires, harassment and collecting an immeasurable amount of hate mail from some of the most illiterate human beings the world has to offer. Though Oprah will never add this into her book club, it's still a good lesson in accepting the negative with a laugh and gaining a new sense of temperance and humility. At the very least I will entertain you with a campy memoir and a detailed eye-opening

account of the chaos that followed the infamous event that VH1 called one of the Most Shocking Moments in Rock and Roll. This is by no means the same old autobiography that you have read before. Don't Ever Punch a Rockstar combine elements of Get in The Van, Emails from and Asshole and Shit My Dad Says all in one hot mess of a story. Praise for the book - "Danny Marianino's Never Punch A Rockstar is a sock in the jaw to punk/metal scene conformity, and it hurts so good! Final score: North Side Kings 2, Danzig, 0." - STEVEN BLUSH, author/filmmaker, American Hardcore "As trenchant, sometimes funny, insightful and shocking as a punch in the face. WHICH is incidentally what started this whole ball rolling. A pretty potent look into the power of image and the

punching of the face of arguably a legend of, well, face punching, Glenn Danzig, and the ensuing firestorm that followed. I'd give it 5 black eyes." -- EUGENE S. ROBINSON, singer for Oxbow & author of FIGHT: Everything You Ever Wanted to Know About Ass Kicking But Were Afraid You'd Get Your Ass Kicked For Asking "With Don't Ever Punch a Rock Star author Danny Marianino has written an entertaining, humorous and humble autobiography. The often times laugh-out-loud recollections of Danny's life up to and following the infamous run-in with the drama-queen of dark metal is more than engaging and, with the inclusion of hate mail, zany rumors, message board threats and internet tough guys, you're sure to get a good giggle while learning what truly

transpired that fateful night in Tuba City." - DUSTIN LAVALLEY, author of Spinner "As we have always said on the streets of NY - don't start none -there wont be none - and if you do, at least keep your hands up and guard your grill. Way to K.O. rock star attitudes Danny Boy!" - John Joseph author of The Evolution of a Cro-Magnon and Meat is For Pussies

## **Orange World and Other Stories**

*Vintage*

This book presents eight of the author's short stories. In "Bog Girl: A Romance," a story about first love, a young man falls in love with a two thousand year old girl that he's extracted from a mass of peat in a Northern European bog. In "The Prospectors," two opportunistic young women fleeing the Depression strike out for new territory, and find themselves fighting for their lives. In the title story, a new mother desperate to ensure her infant's safety strikes a diabolical deal, agreeing to breastfeed the devil in exchange for his protection. The landscape in which these stories unfold is a feral, slippery, purgatorial space, bracketed by the void - yet within it, the author captures the tenderness of ordinary life.--adapted from book jacket.

**The Lost Continent** *Standard Ebooks*

The Lost Continent, initially published as a serial in 1899, remains one of the enduring classics of the "lost race" genre. In it we follow Deucalion, a warrior-priest on the lost continent of Atlantis, as he tries to battle the influence of an egotistical upstart empress. Featuring magic, intrigue, mythical monsters, and fearsome combat on both land and sea, the story is nothing if not a swashbuckling adventure. The Lost Continent was very influential on pulp fiction of the

subsequent decades, and echoes of its style can be found in the work of Edgar Rice Burroughs, Robert E. Howard, and others. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

### **A Wrinkle in Time** *GENERAL PRESS*

*A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time.

To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

## **The Future of Reputation**

### **Gossip, Rumor, and Privacy on the Internet** *Yale University Press*

Teeming with chatrooms, online discussion groups, and blogs, the Internet offers previously unimagined opportunities for personal expression and communication. But there's a dark side to the story. A trail of information fragments about us is forever preserved on the Internet, instantly available in a Google search. A permanent chronicle of our private lives--often of dubious reliability and sometimes totally false--will follow us wherever we go, accessible to friends, strangers, dates, employers, neighbors, relatives, and anyone else

who cares to look. This engrossing book, brimming with amazing examples of gossip, slander, and rumor on the Internet, explores the profound implications of the online collision between free speech and privacy. Daniel Solove, an authority on information privacy law, offers a fascinating account of how the Internet is transforming gossip, the way we shame others, and our ability to protect our own reputations. Focusing on blogs, Internet communities, cybermobs, and other current trends, he shows that, ironically, the unconstrained flow of information on the Internet may impede opportunities for self-development and freedom. Long-standing notions of privacy need review, the author contends: unless we establish a balance between privacy and free

speech, we may discover that the freedom of the Internet makes us less free.

**Going There** *Little, Brown*

This heartbreaking, hilarious, and brutally honest memoir shares the deeply personal life story of a girl next door and her transformation into a household name. For more than forty years, Katie Couric has been an iconic presence in the media world. In her brutally honest, hilarious, heartbreaking memoir, she reveals what was going on behind the scenes of her sometimes tumultuous personal and professional life - a story she's never shared, until now. Of the medium she loves, the one that made her a household name, she says, "Television can put you in a box; the flat-screen can flatten. On TV, you are larger than life but smaller, too. It is not the whole story, and it is not the whole me. This book is." Beginning in

early childhood, Couric was inspired by her journalist father to pursue the career he loved but couldn't afford to stay in. Balancing her vivacious, outgoing personality with her desire to be taken seriously, she overcame every obstacle in her way: insecurity, an eating disorder, being typecast, sexism . . . challenges, and how she dealt with them, setting the tone for the rest of her career. Couric talks candidly about adjusting to sudden fame after her astonishing rise to co-anchor of the TODAY show, and guides us through the most momentous events and news stories of the era, to which she had a front-row seat: Rodney King, Anita Hill, Columbine, the death of Princess Diana, 9/11, the Iraq War . . . In every instance, she relentlessly pursued the facts,

ruffling more than a few feathers along the way. She also recalls in vivid and sometimes lurid detail the intense pressure on female anchors to snag the latest “get”—often sensational tabloid stories like Jon Benet Ramsey, Tonya Harding, and OJ Simpson. Couric’s position as one of the leading lights of her profession was shadowed by the shock and trauma of losing her husband to stage 4 colon cancer when he was just 42, leaving her a widow and single mom to two daughters, 6 and 2. The death of her sister Emily, just three years later, brought yet more trauma—and an unwavering commitment to cancer awareness and research, one of her proudest accomplishments. Couric is unsparing in the details of her historic move to the anchor chair at the CBS

Evening News—a world rife with sexism and misogyny. Her “welcome” was even more hostile at 60 Minutes, an unrepentant boys club that engaged in outright hazing of even the most established women. In the wake of the MeToo movement, Couric shares her clear-eyed reckoning with gender inequality and predatory behavior in the workplace, and downfall of Matt Lauer—a colleague she had trusted and respected for more than a decade. Couric also talks about the challenge of finding love again, with all the hilarity, false-starts, and drama that search entailed, before finding her midlife Mr. Right. Something she has never discussed publicly—why her second marriage almost didn’t happen. If you thought you knew Katie Couric, think

again. Going There is the fast-paced, emotional, riveting story of a thoroughly modern woman, whose journey took her from humble origins to superstardom. In these pages, you will find a friend, a confidante, a role model, a survivor whose lessons about life will enrich your own.

### **A Romantic Comedy**

"You will never mention me or my favors, nor will you disclose what favors we trade. I am a ghost to you." Or a genie. I think a genie is way less scary, don't you? Kristy Marie brings you a laugh out loud comedy about what happens when a hot mess of a girl takes down the resident bad boy. It's official. I,
