programming procedures for the laser
machine. To increase the cutting
efficiency of the laser machine, read the
manual carefully before creating

programs.

CNC LASER MACHINE - Used AMADA

The QUATTRO is one of the most flexible, efficient and compact lasers on the market. Many metal working companies have a large number of components to manufacture but only need to produce one or two at a time. Ease of use, plus low operating costs make the QUATTRO the ideal solution for low volumes, without forgoing precision and quality.
