The Big Book of Concepts *MIT Press*
Concepts embody our knowledge of the kinds of things there are in the world.

Tying our past experiences to our present interactions with the environment, they enable us to recognize and understand new objects and events. Concepts are also relevant to understanding domains such as social situations, personality types, and even artistic styles. Yet like other phenomenologically simple cognitive processes such as walking or understanding speech, concept formation and use are maddeningly complex. Research since the 1970s and the decline of the "classical view" of concepts have greatly illuminated the psychology of concepts. But persistent theoretical disputes have sometimes obscured this progress. The Big Book of Concepts goes beyond those disputes to reveal the advances that have been

made, focusing on the major empirical discoveries. By reviewing and evaluating research on diverse topics such as category learning, word meaning, conceptual development in infants and children, and the basic level of categorization, the book develops a much broader range of criteria than is usual for evaluating theories of concepts.

A Cage Went in Search of a Bird
Groundwood Books Ltd

Two lonely souls find each other in this unusual tale of friendship and belonging from award-winning comic writer Cary Fagan featuring vibrant art by Banafsheh Erfanian. Is there someone out there for everyone? Two lonely souls find each other in this unusual tale of friendship and belonging from award-winning

comic writer Cary Fagan. In her North American debut, illustrator Banafsheh Erfanian brings ornate artistry to the cage and birds that inhabit this surprisingly human story. A long-empty birdcage takes a chance and leaves behind its attic home to find a bird to keep. Out in the world, the cage encounters many birds and offers shelter to each of them. One by one, they refuse, explaining why they belong elsewhere. The cage feels lonelier than ever – until the cage in search of a bird finds a bird in search of a cage. Based on an aphorism by Franz Kafka, Fagan’s original story will make readers laugh at its absurdity and ponder its meaning long after they finish reading. **The Big Book of Disney Word Search
Puzzles** *Theme Park Press*

Can You Find the Magic? It's right there in front of you! Well, sort of. Disney historian Bob Sangwell's clever word search puzzles conceal key names, places, and things from over sixty of Disney's animated and live-action films. Each puzzle comes with a short historical introduction and features a hidden message. Beginning at the beginning, with Walt Disney's Laugh-O-grams, and ending with the recent animated film *Coco*, you'll find a word search search for each of your favorite Disney classic

movies. Just like Walt Disney told his Imagineers to "plus" whatever they were working on, and make it even more magical, Bob plusses each humble word search with a hidden message, formed from the letters in the puzzle that are not used. The message relates to the topic of the puzzle and forms the basis for the short historical article that accompanies it. You'll not only find the magic...you'll learn about it, too!
