The Secret Life of Secrets *Crown*
“If you’ve ever wondered why we keep secrets and what motivates us to spill them, look no further. Michael Slepian has spent the past decade studying the psychology of secrets, and is ready to reveal his findings to the world.”—Adam Grant, #1 New York Times bestselling author of Think Again “The Secret Life of Secrets gracefully blends engaging stories with compelling science.”—Sonja Lyubomirsky, University of California professor and author of The How of Happiness Think of a secret that you’re keeping from others. It shouldn’t take long; behavioral scientist Michael Slepian finds that, on average, we are keeping as many

as thirteen secrets at any given time. His research involving more than 50,000 participants from around the world shows that the most common secrets include lies we've told, ambitions, addictions, mental health challenges, hidden relationships, and financial struggles. Our secrets can weigh heavily upon us. Yet the burden of secrecy, Slepian argues, rarely stems from the work it takes to keep a secret hidden. Rather, the weight of our secrets comes from carrying them alone, without the support of others. Whether we are motivated to protect our reputation, a relationship, a loved one's feelings, or some personal or professional goal, one thing is clear: Holding back some part of our inner world is often lonely and isolating. But The Secret Life of Secrets shows you that it doesn't have to be. Filled with fresh insight into one of the most universal—yet least understood—aspects of human behavior, The Secret Life of Secrets sheds a fascinating new light on questions like: At what age do children develop the cognitive capacity for secrecy? Do all secrets come with the same mental load? How can we reconcile our secrets with our human desires to relate, connect, and be known? When should we confess our secrets? Who makes for the ideal confidant? And can keeping certain types of secrets actually enhance our well-being? Drawing on over a decade of original research, The Secret Life of Secrets reveals the surprising ways that secrets pervade our lives, and offers science-based strategies that make them easier to live with. The result is a rare window into the inner workings of our minds, our relationships, and our sense of who we are.

The Secret of Life *Balboa Press*

The Secret of Life reveals the lens through which all decisions can be made for the fullest life expression and experience! By combining ancient wisdom with modern science, we now can design a life which supports our design, our energy, our health and our life experience! Learn how to put on your "Secret Formula Glasses" to see the world in a whole new way and receive all the benefits that come with it! A life free of disease, full of energy and bursting with vibrance!

The Secret Life *Humanix Books*

In the tradition of The Four Agreements and lifelong rabbinical student and scholar Jeffrey Katz reveals the essential wisdom of unconditional love and charity to our fellow man. Based on the philosophy of the great Jewish teacher Maimonides, offers a powerful message for today's divisive society that can transform our lives of finger-pointing and blame to a new way of being based on self-respect and care for others.

The Secret Life of Books

We love books. We take them to bed with us. They weigh down our suitcases on holiday. We display them on our bookshelves, give them as gifts, write our names in them. We take them for granted. And all the time, our books are leading a double life. The Secret Life of Books is about everything that isn't just the words. It's about how books transform us as individuals, the stories they tell us about ourselves. It's about how books - and readers - have evolved over time. And it's about why, even with the arrival of other media, books still have the power to change our lives. In this stylish and thought-provoking meditation, Tom Mole looks at

everything from binding innovations to binding errors, to books defaced by lovers, to those imprisoning professors in their offices, to books in art, to burned books, to the books that create nations, to those we'll leave behind. A striking text in a stunning package, it will change how you think about books.

The Secret Life of the Lonely Doll *Macmillan*
The personal story of Dare Wright, the author of the children's classic The Lonely Doll, recounts her work in modeling and photography before she became a successful author, the tragic loss of her brother in childhood, her ill-fated marriage plans, and the debilitating influence of her controlling mother. Reprint. 35,000 first printing.

The Secret Life of Trees *Penguin UK*
�Everyone interested in the natural world will enjoy The Secret Life of Trees. I found myself reading out whole chunks to friends� The Times, Books of the Year What is a tree? As this celebration of the trees shows, they are our countryside; our ancestors descended from them; they gave us air to breathe. Yet while the stories of trees are as plentiful as leaves in a forest, they are rarely told. Here, Colin Tudge travels from his own back garden round the world to explore the beauty, variety and ingenuity of trees everywhere: from how they live so long to how they talk to each other and why they came to exist in the first place. Lyrical and evocative, this book will make everyone fall in love with the trees around them.

A Secret Life *PublicAffairs*
In August 1972, Ryszard Kuklinski, a highly respected colonel in the Polish Army, embarked on what would become one of the most extraordinary human intelligence operations of the Cold War. Despite the extreme risk to himself and his family, he contacted the American Embassy in Bonn, and arranged a secret meeting. From the very start, he made clear that he deplored the Soviet domination of Poland, and believed his country was on the wrong side of the Cold War. Over the next nine years, Kuklinski—code name "Jack Strong"—rose quickly in the Polish defense ministry, acting as a liaison to Moscow, and helping to prepare for a "hot war" with the West. But he also lived a life of subterfuge--of dead drops, messages written in invisible ink, miniature cameras, and secret transmitters. In 1981, he gave the CIA the secret plans to crush Solidarity. Then, about to be discovered, he made a dangerous escape with his family to the West. He still lives in hiding in America. Kuklinski's story is a harrowing personal drama about one man's decision to betray the Communist leadership in order to save the country he loves, and the intense debate it spurred over whether he was a traitor or a patriot. Through extensive interviews and access to the CIA's secret archive on the case, Benjamin Weiser offers an unprecedented and richly detailed look at this secret history of the Cold War.

The Secret Diary of Ashley Juergens *Hyperion*
Ashley Juergens keeps a journal about how she is dealing with her parents' divorce and her fifteen-year-old sister Amy's pregnancy and secret wedding.

The Secret Life of Bees *Penguin Books*
After her mother's death, Lily Owens and her African-American maid seek refuge from the racism of their South Carolina hometown with eccentric beekeeping sisters in this coming of age story representing the letter “K” in a new series of twenty-six collectible editions.

The Secret Life of the Universe *Watkins Media Limited*
Blending Eastern and Western philosophies with insights into nature, ecology, and physiology, this exploration of the place of humankind within the universe —and our individual stations—is both intellectual and approachable. Thinkers, writers, scientists, and educators of all stripes come together to examine subjects ranging from the nature of reality to brain science to the impact of technology on our world views, and more. They reveal that "the universe" may actually be comprised of multiple "universes" that overlap like the skin of an onion; peel away one layer of reality, and there’s others waiting to be experienced, if not completely understood. The book presents intriguing ideas from visionaries ranging from Jesus to Galileo, Newton to Descartes, and Kant to Einstein, among many others.

The Secret Life of Groceries *Penguin*
In the tradition of Fast Food Nation and The Omnivore's Dilemma, an extraordinary investigation into the human lives at the heart of the American grocery store What does it take to run the American supermarket? How do products get to shelves? Who sets the price? And who suffers the consequences of increased convenience end efficiency? In this alarming exposé, author Benjamin Lorr pulls back the curtain on this highly secretive industry. Combining deep sourcing, immersive reporting, and compulsively readable prose, Lorr leads a wild investigation in which we learn: • The secrets of Trader Joe’s success from Trader Joe himself • Why truckers call their job “sharecropping on wheels” • What it takes for a product to earn certification labels like “organic” and “fair trade” • The struggles entrepreneurs face as they fight for shelf space, including essential tips, tricks, and traps for any new food business • The truth behind the alarming slave trade in the shrimp industry The result is a page-turning portrait of an industry in flux, filled with the passion, ingenuity, and exploitation required to make this everyday miracle continue to function. The product of five years of research and hundreds of interviews across every level of the industry, The Secret Life of Groceries delivers powerful social commentary on the inherently American quest for more and the social costs therein.

The Secret Life of Science *Princeton University Press*
A revealing and provocative look at the current state of global science We take the advance of science as given. But how does science really work? Is it truly as healthy as we tend to think? How does the system itself shape what scientists do? The Secret Life of Science takes a clear-eyed and provocative look at the current state of global science, shedding light on a cutthroat and tightly tensioned enterprise that even scientists themselves often don't fully understand. The Secret Life of Science is a dispatch from the front lines of modern science. It paints a startling picture of a complex scientific ecosystem that has become the most competitive free-market environment on the planet. It reveals

how big this ecosystem really is, what motivates its participants, and who reaps the rewards. Are there too few scientists in the world or too many? Are some fields expanding at the expense of others? What science is shared or published, and who determines what the public gets to hear about? What is the future of science? Answering these and other questions, this controversial book explains why globalization is not necessarily good for science, nor is the continued growth in the number of scientists. It portrays a scientific community engaged in a race for limited resources that determines whether careers are lost or won, whose research visions become the mainstream, and whose vested interests end up in control. The Secret Life of Science explains why this hypercompetitive environment is stifling the diversity of research and the resiliency of science itself, and why new ideas are needed to ensure that the scientific enterprise remains healthy and vibrant.

The Secret Life of Debbie G. *HarperCollins Children's Books*
It all started cos I wanted to mess with the Invincibles (the superbrats). #SorryNotSorry. But one thing led to another, and before I knew it, I was hitting out at everyone, even the Incredibles (the geeks) and the Invisibles (the losers). Seriously, my online persona is starting to mess with my head. The Secret Life of Debbie G. is the story of a sixteen-year-old who becomes an online sensation overnight. Except, it's her online persona that hits big time. Set in contemporary times, where the number of likes, comments, shares, DMs and followers determine a teenager's sense of self-worth, the story takes a close look at how social media influences their behaviour and affects their emotional health. Equal parts poignant and fun, this is a bittersweet coming-of-age story.

The Secret Life of the Seine *Da Capo Press*
Mort Rosenblum, a celebrated foreign correspondent, invites us aboard his fifty-four-foot launch tied up in the center of Paris and introduces us to the characters who share his life along the river, ranging from eccentric movie stars and reclusive novelists to barge families just scraping by. He then hauls in the bow line for an unforgettable tour of the river itself from its source to its mouth. The Secret Life of the Seine is a love story between man and boat and the river that they live on, a discourse on the sensual beauty of France and the art of living well. In the tradition of A Year in Provence, Under the Tuscan Sun, and Paris to the Moon, here is what Garry Trudeau called "a moveable feast [with] a top speed of five knots—fast enough for fun, languid enough for dreaming. Take a trip you'll never take: This is what books are for."

The Secret Life of the American Musical *Sarah Crichton Books*
A New York Times Bestseller For almost a century, Americans have been losing their hearts and losing their minds in an insatiable love affair with the American musical. It often begins in childhood in a darkened theater, grows into something more serious for high school actors, and reaches its passionate zenith when it comes time for love, marriage, and children, who will start the cycle all over again. Americans love musicals. Americans invented musicals. Americans perfected musicals. But

what, exactly, is a musical? In The Secret Life of the American Musical, Jack Viertel takes them apart, puts them back together, sings their praises, marvels at their unflagging inventiveness, and occasionally despairs over their more embarrassing shortcomings. In the process, he invites us to fall in love all over again by showing us how musicals happen, what makes them work, how they captivate audiences, and how one landmark show leads to the next—by design or by accident, by emulation or by rebellion—from Oklahoma! to Hamilton and onward. Structured like a musical, The Secret Life of the American Musical begins with an overture and concludes with a curtain call, with stops in between for “I Want” songs, “conditional” love songs, production numbers, star turns, and finales. The ultimate insider, Viertel has spent three decades on Broadway, working on dozens of shows old and new as a conceiver, producer, dramaturg, and general creative force; he has his own unique way of looking at the process and at the people who collaborate to make musicals a reality. He shows us patterns in the architecture of classic shows and charts the inevitable evolution that has taken place in musical theater as America itself has evolved socially and politically. The Secret Life of the American Musical makes you feel as though you’ve been there in the rehearsal room, in the front row of the theater, and in the working offices of theater owners and producers as they pursue their own love affair with that rare and elusive beast—the Broadway hit.

The Secret Life of Plants *HarperCollins*
Explore the inner world of plants and its fascinating relation to mankind, as uncovered by the latest discoveries of science. A perennial bestseller. In this truly revolutionary and beloved work, drawn from remarkable research, Peter Tompkins and Christopher Bird cast light on the rich psychic universe of plants. Now available in a new edition, The Secret Life of Plants explores plants' response to human care and nurturing, their ability to communicate with man, plants' surprising reaction to music, their lie-detection abilities, their creative powers, and much more. Tompkins and Bird's classic book affirms the depth of humanity's relationship with nature and adds special urgency to the cause of protecting the environment that nourishes us.

The Secret Life of the Movies *Hachette UK*
Get ready to spot hundreds of things you've never seen before across a wide range of films, in this brand new book from the creator of Den Of Geek. From the small references and inspirations, through to clues, hidden meanings and moments in frame that you may have simply missed, this indispensable guide is both a love letter to cinema, and a jam-packed treasure trove that no film fan will want to miss!

The Secret Life of Literature *MIT Press*
An innovative account that brings together cognitive science, ethnography, and literary history to examine patterns of “mindreading” in a wide range of literary works. For over four thousand years, writers have been experimenting with what cognitive scientists call “mindreading”: constantly devising new social contexts for making their audiences imagine complex mental states of characters and narrators. In The Secret Life of Literature, Lisa Zunshine uncovers these mindreading patterns,

which have, until now, remained invisible to both readers and critics, in works ranging from The Epic of Gilgamesh to Invisible Man. Bringing together cognitive science, ethnography, and literary studies, this engaging book transforms our understanding of literary history. Central to Zunshine's argument is the exploration of mental states "embedded" within each other, as, for instance, when Ellison's Invisible Man is aware of how his white Communist Party comrades pretend not to understand what he means, when they want to reassert their position of power. Paying special attention to how race, class, and gender inform literary embedments, Zunshine contrasts this dynamic with real-life patterns studied by cognitive and social psychologists. She also considers community-specific mindreading values and looks at the rise and migration of embedment patterns across genres and national literary traditions, noting particularly the use of deception, eavesdropping, and shame as plot devices. Finally, she investigates mindreading in children's literature. Stories for children geared toward different stages of development, she shows, provide cultural scaffolding for initiating young readers into a long-term engagement with the secret life of literature.

The Secret Life of Sleep *Simon and Schuster*
Unlock the astonishing facts, myths, and benefits of one of the most endangered human resources—sleep. It has become increasingly clear that our sleep shapes who we are as much as, if not more than, we shape it. While most sleep research hasn't ventured far beyond research labs and treatment clinics, The Secret Life of Sleep taps into the enormous reservoir of human experiences to illuminate the complexities of a world where sleep has become a dwindling resource. With a sense of infectious curiosity, award winning author Kat Duff mixes cutting-edge research with insightful narratives, surprising insights, and timely questions to help us better understand what we're losing before it's too late. The Secret Life of Sleep tackles the full breadth of what sleep means to people the world over. Embark on an exploration of what lies behind and beyond our eyelids when we surrender to the secret life of sleep.

The Secret Life of Souls *Pegasus Books*
At the heart of this psychological suspense novel is the haunting depiction of a family's fall and the extraordinary gifted dog, Caity, who knows the truth. As the drama unfolds Caity evolves from protector to savior, from scapegoat to prop, and eventually, from avenger to survivor. She is an unselfish soul in a selfish world—and she is written with depth and grace by authors Ketchum and Mckee, who display a profound understanding of a dog's complex emotions. With her telling instincts and her capacity for joy and transformative love, Caity joins the pantheon of great dogs in contemporary literature.Eleven year old actress Delia Cross is beautiful, talented, charismatic. A true a star in the making. Her days are a blur of hard work on set, auditions and tutors. Her family—driven, pill-popping stage mother Pat, wastrel dad Bart, and introverted twin brother Robbie—depends on her for their upscale lifestyle. Delia in turn depends on Caity, her beloved ginger Queensland Heeler—and loyal friend—for the calming private space they share. Delia is on the verge of a professional break through. But just as the contracts are about to

be signed, there is a freak accident that puts Delia in the danger zone with only Caity to protect her.

The Secret Life of Salvador Dali

The Secret Life of Pronouns *Bloomsbury Publishing USA*
A surprising, and entertaining, explanation of how the words we use (even the ones we don't notice) reveal our personalities, emotions, and identities.

The Secret Life of Stuff *Random House*
Wouldn't you like: - Products that don't damage the environment? - A better way of life without agonising about your 'footprint'? - To really know your stuff? Climate change? Biofuels? Nuclear power? Landfills? Recycling? Renewable energy? Environmental issues can feel overwhelming. But, in fact, it is simple; it all comes down to one thing - stuff. Our use of the Earth's resources - whether a crisp packet or a cargo ship, a T-shirt or a wind turbine - has an inescapable impact on our future. In The Secret Life of Stuff, Julie Hill uncovers the origins and the true cost of what we use. Her inventory of over-consumption may shock but it is the first step towards overcoming waste. The misuse of stuff is not your fault, it's a product of history. But it is only by understanding what has gone wrong, that everyone - politicians, business people and us as consumers - can create a new and better material world.

Secret Life *Drawn & Quarterly*
An uncanny and eye-opening journey into a mysterious building, adapted from a short story by Jeff VanderMeer To the west: trees. To the east: a mall. North: fast food. South: darkness. And at the centre is The Building, an office building wherein several factions vie for dominance. Inside, the walls are infiltrated with vines, a mischief of mice learn to speak English, and something eerie happens once a month on the fifth floor. In Secret Life, Theo Ellsworth uses a deep-layered style to interpret Nebula award-winning author Jeff VanderMeer’s short story. What emerges is a mind-bending narrative that defamiliarizes the mundanity of office work and makes the arcane rituals of The Building home. When his manager borrows his pen for a presentation, a man is driven to unspeakable acts as he questions the role the pen has played in his workplace success. The despised denizens of the second floor develop their own tongue, incomprehensible to everyone else in The Building. A woman plants a seed of insurgency that quickly permeates every corner of the building with its sweet, nostalgic perfume. With deft insight, Secret Life observes the sinister individualism of bureaucratic settings in contrast with an unconcerned natural world. As the narrative progresses you may begin to suspect that the world Ellsworth has brought to life with hypnotic visuals is not so secret after all; in fact, it’s uncannily similar to our own.

The Secret Life of the Savoy *Hachette UK*
THE STORY OF THE SAVOY HOTEL'S FOUNDERS, THROUGH A CENTURY OF LUXURY. "For The Gondoliers-themed birthday dinner, the hotel obligingly flooded the courtyard to conjure the Grand Canal of Venice. Dinner was served on a silk-lined floating gondola, real swans were swimming in the water, and as a final flourish, a baby elephant borrowed from London Zoo pulled a

five-foot high birthday cake." In three generations, the D'Oyly Carte family pioneered the luxury hotel and the modern theatre, propelled Gilbert and Sullivan to lasting stardom, made Oscar Wilde a transatlantic celebrity, inspired a P. G. Wodehouse series, and popularised early jazz, electric lights and Art Deco. Following the history of the iconic Savoy Hotel through three generations of the D'Oyly Carte family, The Secret Life of the Savoy revives an extroardinary cultural legacy. 'A real triumph, beautifully written, with many wonderful stories of the Savoy.' - Lady Anne Glenconner, author of Lady in Waiting 'An elegantly crafted, yet spritely and sparkling book, perfectly befitting its subject. Williams uses group biography to beautifully illuminate some of London's greatest hotel and theatre landmarks.' Ophelia Field, author of The Favourite 'A thoroughly entertaining account of some of London's most treasured history, with its beloved The Savoy at the heart of a fascinating and delightful plot. Bravo to Olivia Williams and her fantastically colourful cast of characters.' - Lady Kinvara Balfour, director and producer 'A cracking good read and a fascinating story that - amazingly - has not been told before.' Fiona Duncan, the Telegraph 'This is a fascinating story, and it could not be better told. Elegant, great fun, and with a finely-judged personal touch: much like the Savoy hotel itself.' - Laura Thompson, bestselling author of Agatha Christie and The Mitford Sisters

A Secret Life *Skyhorse Publishing Inc.*
Examines the life and presidency of the only man to serve two non-consecutive terms, reveals what really happened on the night President Grover Cleveland's illegitimate son was conceived, and explores the scandal surrounding the child.

The Secret Life of the Forest *New Word City*
In any given year, millions of people visit one or more of the 154 national forests in the United States, not to mention the hundreds of thousands who spend some time in the private forests of the nation. All of them - hikers, hunters, fishermen, campers, and canoeists - are drawn to the woods for some special reason. Yet few of them see the forest as a whole, as the web of life it truly is. Here, from New York Times bestselling author Richard M. Ketchum, is the extraordinary story of forests and the trees that comprise them.

The Secret Life of the Mind *William Collins*

The Secret Life of Bryan *Kensington Publishing Corp.*
Bryan Kelly has a few rules. Rule #1: Women are for fun, not commitment. Rule #2: He’ll do anything for his twin brother, even switch places with him to find out who’s sabotaging his charity. But playing a really good guy isn’t easy around Shay Sommers. Which brings him to . . . Rule #3: If you can’t avoid temptation, succumb with abandon. Shay Sommers has always been a rule breaker. She may be a society page icon, but she’ll go to any length to help the street girls served by her favorite charity. Even if it means impersonating one of them herself. The only problem is the gorgeous man who runs the safe house. “Preacher,” as he insists she call him, seems less like a shepherd and much more like a wolf . . . one with a hungry look that’s making Shay feel she might be his next dinner . . .

The Secret Life of the Soul *B & H Publishing Group*
Within each of us is a place where we rarely take others and seldom even go ourselves. In this place dwells the true self, concealed behind various masks. Keith Miller provides the map for entering this secret place and finding authentic freedom.

The Secret Life of Spies *Wide Eyed Editions*
Uncover the lives of 20 real-life spies who made it their mission to uncover the truth and collect secret information from their enemies... This book presents personal accounts and testimonies from spies all over the world and throughout history and brings key moments in history to life for young readers. This book journeys around the world and delves back and forth in time to introduce readers to a host of incredible spies who dedicated their lives to world of espionage. Meet Alan Turing whose work cracking the Enigma code helped shorten World War II by a number of years and save countless lives and let Hedy Lamarr prove to you that looks can be deceiving as she put her Hollywood glamour on hold to help advance radio technology. With accounts told through first person narrative, readers will feel like they're meeting some of the most infamous spies of all time. From those involved in reconnaissance, planning and logistics, espionage and development of new technology, this authentic retelling uncovers the secret life of spies in a unique and engaging way. With stylish illustrations from the wonderfully talented Alexander Mostov and informative and compelling text from Michale Noble, this is the secret life of spies.

The Secret Life of Cows *Penguin*
"Within a day of receiving this book, I had consumed it... Absorbing, moving, and compulsively readable."—Lydia Davis In this affectionate, heart-warming chronicle, Rosamund Young distills a lifetime of organic farming wisdom, describing the surprising personalities of her cows and other animals At her famous Kite's Nest Farm in Worcestershire, England, the cows (as well as sheep, hens, and pigs) all roam free. They make their own choices about rearing, grazing, and housing. Left to be themselves, the cows exhibit temperaments and interests as diverse as our own. "Fat Hat" prefers men to women; "Chippy Minton" refuses to sleep with muddy legs and always reports to the barn for grooming before bed; "Jake" has a thing for sniffing the carbon monoxide fumes of the Land Rover exhaust pipe; and "Gemima" greets all humans with an angry shake of the head and is fiercely independent. An organic farmer for decades, Young has an unaffected and homely voice. Her prose brims with genuine devotion to the wellbeing of animals. Most of us never apprehend the various inner lives animals possess, least of all those that we might eat. But Young has spent countless hours observing how these creatures love, play games, and form life-long friendships. She imparts hard-won wisdom about the both moral and real-world benefits of organic farming. (If preserving the dignity of animals isn't a good enough reason for you, consider how badly factory farming stunts the growth of animals, producing unhealthy and tasteless food.) This gorgeously-illustrated book, which includes an original introduction by the legendary British playwright Alan Bennett, is the summation of a life's work, and a delightful and moving tribute to the deep richness of animal sentience.

The Secret Life of Albert Entwistle *A John Scognamiglio Book*
“This rollicking romance entrapped me! True in its detail and its scope, it is amusing yet heart-breaking.” —Ian McKellen Perfect for fans of Fredrik Backman and TJ Klune, this humorous, life-affirming, and charmingly wise novel tells the story of how the forced retirement of a shy, closeted postman in northern England creates a second chance with his lost love, as he learns to embrace his true self, connect with his community, and finally experience his life’s great adventure... Indie Next List Selection | Library Reads Selection Every day, Albert Entwistle makes his way through the streets of his small English town, delivering letters and parcels and returning greetings with a quick wave and a “how do?” Everyone on his route knows Albert, or thinks they do—a man of quiet routines, content to live alone with his cat, Gracie. Three months before his sixty-fifth birthday, Albert receives a letter from the Royal Mail thanking him for decades of service and stating that he is being forced into retirement. At once, Albert’s simple life unravels. Without the work that fills his days, what will he do? He has no friends, family, or hobbies—just a past he never speaks of, and a lost love that fills him with regret. And so, rather than continue his lonely existence, Albert forms a brave plan to start truly living, to be honest about who he is . . . and to find George, the man with whom he spent one perfect spring and summer long ago. One painful yet exhilarating step at a time, Albert begins searching for George and revealing his story to those around him. As he does, something extraordinary happens. Albert finds unlikely allies, new friends, and the courage to help others—even as he seeks the happiness he’s always denied himself. Beautifully written, funny, and wise, The Secret Life of Albert Entwistle is a book to fall in love with and to be inspired by, one that proves it is never too late to live, to hope, and to love. A Note from Matt Cain, the author of The Secret Life of Albert Entwistle: “One of the things that inspired me to write this novel was all the joy I felt at seeing gay men like myself being embraced by British society. I think you'd be hard-pushed to find any other minority community in the UK that was as hated, feared and vilified as gay men were fifty years ago and is now as widely celebrated and loved. Acceptance of gay men has become a touchstone of British values within less than a decade, something that even the most optimistic commentators couldn’t have predicted. I wanted to write a book that would celebrate this. And I sincerely hope The Secret Life of Albert Entwistle makes its readers feel good about themselves and the part they’ve played in bringing about this extraordinary social shift.” —Matt Cain

The Secret Life of Farts *Pushkin Children's Books*

The Secret Life of Mac *Kensington Books*
MacGuyver the cat is back at his mischievous matchmaking ways in this romance inspired by the true story by the author of Talk to the Paw. MacGyver the tabby is feeling very pleased with himself after helping his human, Jamie Snyder, find the perfect packmate. By stealing personal items from the home of Jamie’s handsome neighbor, MacGuyver brought these two LA singles together. Now, while the newlyweds are off on their honeymoon, MacGyver is ready for his next matchmaking challenge—his cat sitter Briony. After making the tough decision to leave her fiancé at the altar, Briony jumps at the chance to cat sit for her cousin Jamie’s cat. But MacGyver has more than just cuddles and reality TV in mind. He lures Briony to a local retirement community—and to the charming young man in charge. Briony and Nate hit it off instantly. But Briony feels skittish about starting another relationship. And with someone sabotaging his community, Nate has problems of his own. Crazy humans. Why can’t they follow their instincts and go after the love they deserve? MacGyver is on the case. And this time, he’s not pussyfooting around . . . Crazy humans. Why can’t they follow their instincts and go after the love they deserve? MacGyver is on the case. And this time, he’s not pussyfooting around . . . RAVES FOR TALK TO THE PAW “Filled with romance and adorable kitty antics . . . a light and cozy read!” —Modern Cat “Surpassingly cute story of a matchmaking cat determined to pair off his human with a neighbor through the

power of stinky laundry.” —Kirkus Reviews “Whimsical . . . fans of cozy romances will root for these . . . appealing characters.” —

The Secret Lives of Bats *Houghton Mifflin Harcourt*
Enamored of bats ever since discovering a colony in a cave as a boy, Tuttle realized how sophisticated and intelligent bats are. He shares research showing that frog-eating bats can identify frogs by their calls, that vampire bats have a social order similar to that of primates, and that bats have remarkable memories. Bats also provide enormous benefits by eating crop pests, pollinating plants, and carrying seeds needed for reforestation; they are essential to a healthy planet.
