Healing Our Relationships, Coming to Ourselves *Shadow Mountain*

Bonds that Make Us Free

Healing Our Relationships, Coming to Ourselves *Shadow Mountain* Self Help.

Leadership and Self-Deception

Getting Out of the Box *ReadHowYouWant.com*

This edition tackles the issue of self-deception and provides methodologies to help people overcome it.

Broken Bonds

After the death of my mother and her Bonded, I was relieved to find my own Bonds.I was sure everything would be okay if I had them.It wasn't.The fate of our people is in my hands and I know we're better off if I'm alone.After five years on the run, I'm caught and dragged back to face the men I ran away from.I thought I was doing the right thing.Now, I'm not so sure.North, Nox, Gryphon, Atlas, and Gabe may never forgive me but one thing is for sure.I won't ever forgive myself.*Broken Bonds is a full length reverse harem PNR novel with material that may be difficult for some readers. This book will end on a cliffhanger. It's recommended for 18+ due to language and sexual situations.

Bonds of Salvation

How Christianity Inspired and Limited American Abolitionism *LSU Press*

Ben Wright’s Bonds of Salvation demonstrates how religion structured the possibilities and limitations of American abolitionism during the early years of the republic. From the American Revolution through the eruption of schisms in the three largest Protestant denominations in the 1840s, this comprehensive work lays bare the social and religious divides that culminated in secession and civil war. Historians often emphasize status anxieties, market changes, biracial cooperation, and political maneuvering as primary forces in the evolution of slavery in the United States. Wright instead foregrounds the pivotal role religion played in shaping the ideological contours of the early abolitionist movement. Wright first examines the ideological distinctions between religious conversion and purification in the aftermath of the Revolution, when a small number of white Christians contended that the nation must purify itself from slavery before it could fulfill its religious destiny. Most white Christians disagreed, focusing on visions of spiritual salvation over the practical goal of emancipation. To expand salvation to all, they created new denominations equipped to carry the gospel across the American continent and eventually all over the globe. These denominations established numerous reform organizations, collectively known as the “benevolent empire,” to reckon with the problem of slavery. One affiliated group, the American Colonization Society (ACS), worked to end slavery and secure white supremacy by promising salvation for Africa and redemption for the United States. Yet the ACS and its efforts drew strong objections. Proslavery prophets transformed expectations of expanded salvation into a formidable antiabolitionist weapon, framing the ACS's proponents as enemies of national unity. Abolitionist assertions that enslavers could not serve as agents of salvation sapped the most potent force in American nationalism—Christianity—and led to schisms within the Presbyterian, Baptist, and Methodist churches. These divides exacerbated sectional hostilities and sent the nation farther down the path to secession and war. Wright’s provocative analysis reveals that visions of salvation both created and almost destroyed the American nation.

Dangerous Love

Transforming Fear and Conflict at Home, at Work, and in the World *Berrett-Koehler Publishers*

“Chad Ford reminds us that humanity lies within all of us, and although conflict is everywhere in today's world, we have the tools we need to overcome obstacles and to thrive. This is a fantastic, timely book that I highly recommend.” —Steve Kerr, Head Coach, Golden State Warriors Knowing how to transform conflict is critical in both our personal and professional lives. Yet, by and large, we are terrible at it. The reason, says longtime mediator Chad Ford, is fear. When conflict comes, our instincts are to run or fight. To transform conflict, Ford says we need to turn toward the people we are in conflict with, put down our physical and emotional weapons, and really love them with the kind of love that leads us to treat others as fellow human beings, not as objects in our way. We have to open ourselves up with no guarantee that anyone on the other side will do the same. While this can feel even more dangerous than conflict itself, it allows us to see the humanity of others so clearly that their needs and desires matter to us as much as our own. Ford shows dangerous love in action through examples ranging from his work in the Middle East to a deeply moving story about reconciling with his father. He explains why we disconnect from people at the very time we need to be most connected and the predictable patterns of justification and escalation that ensue. Most importantly, he gives us a path to practice dangerous love in the conflicts that matter most to us.

The Anatomy of Peace

Resolving the Heart of Conflict *ReadHowYouWant.com*

Written as an engaging story, this book shows how mistaken views can cause people to misread situations and exacerbate the issues they wish to improve. "The Anatomy of Peace" illustrates how to make inner peace a potent tool for achieving outer satisfaction.

The Nature of the Mechanical Bond

From Molecules to Machines *John Wiley & Sons*

An introduction to the mechanical bond -- The fundamentals of making mechanical bonds -- Making mechanical bonds under thermodynamic control -- Molecular topologies and architectures with mechanical bonds -- The stereochemistry of the mechanical bond -- Molecular switches and machines with mechanical bonds

Bonds of Empire

The English Origins of Slave Law in South Carolina and British Plantation America, 1660-1783 *Cambridge University Press*

Bonds of Empire reveals how English law facilitated the expansion of slavery in British America. Moving beyond an examination of criminal law, the book suggests that plantation slavery and the laws that governed it were not beyond the pale of English imperial legal history.

The Outward Mindset

Seeing Beyond Ourselves *Berrett-Koehler Publishers*

Unknowingly, too many of us operate from an inward mindset—a narrow-minded focus on self-centered goals and objectives. When faced with personal ineffectiveness or lagging organizational performance, most of us instinctively look for quick-fix behavioral band-aids, not recognizing the underlying mindset at the heart of our most persistent challenges. Through true stories and simple yet profound guidance and tools, The Outward Mindset enables individuals and organizations to make the one change that most dramatically improves performance, sparks collaboration, and accelerates innovation—a shift to an outward mindset.

Bonds of War

How Civil War Financial Agents Sold the World on the Union *UNC Press Books*

How does one package and sell confidence in the stability of a nation riven by civil strife? This was the question that loomed before the Philadelphia financial house of Jay Cooke & Company,&8239;entrusted&8239;by the US government with an unprecedented sale of bonds to finance the Union war effort in the early days of the American Civil War.&8239;How the government and its agents marketed these bonds revealed a version of the war the public was willing to buy and buy into, based not just in the full faith and credit of the United States but also in the success of its armies and its long-term vision for open markets. From Maine to California, and in foreign halls of power and economic influence,&8239;thousands of agents were deployed to&8239;sell&8239;a clear message: Union victory was unleashing the American economy itself. This fascinating work of&8239;financial and political history&8239;during&8239;the Civil War&8239;era&8239;shows&8239;how the marketing and sale of bonds crossed the Atlantic to Europe and beyond, helping ensure foreign countries' vested interest in the Union's success. Indeed, David K. Thomson demonstrates how Europe, and ultimately all corners of the globe, grew deeply interdependent on American finance during, and in the immediate aftermath of, the American Civil War.&8239;

Savage Bonds *Independently Published*

With my gift coursing through my veins, the tables have turned on the Draven Campus. I'm no longer the Giftless reject, no longer the girl who's fair game to the other students for daring to run away from my Bonds. But there are bigger problems heading my way. With destiny pushing me closer and closer to each of my Bonds, I'm fighting tooth and nail against nature to keep my distance. But they're fighting harder to keep me in their grasp.

When it becomes clear that the Resistance is closer than we ever thought, I don't know who I can trust. Can I finally take control of my gift, or will it take control of me? *Savage Bonds is a full length reverse harem PNR novel with material that may be difficult for some readers. This book will end on a cliffhanger. It's recommended for 18+ due to language and sexual situations.

Annotated Financial Institution Bond *American Bar Association*

Game of Shadows

Barry Bonds, BALCO, and the Steroids Scandal that Rocked Professional Sports *Penguin*

In the summer of 1998 two of baseball leading sluggers, Mark McGwire and Sammy Sosa, embarked on a race to break Babe Ruth’s single season home run record. The nation was transfixed as Sosa went on to hit 66 home runs, and McGwire 70. Three years later, San Francisco Giants All-Star Barry Bonds surpassed McGwire by 3 home runs in the midst of what was perhaps the greatest offensive display in baseball history. Over the next three seasons, as Bonds regularly launched mammoth shots into the San Francisco Bay, baseball players across the country were hitting home runs at unprecedented rates. For years there had been rumors that perhaps some of these players owed their success to steroids. But crowd pleasing homers were big business, and sportswriters, fans, and officials alike simply turned a blind eye. Then, in December of 2004, after more than a year of investigation, San Francisco Chronicle reporters Mark Fainaru-Wada and Lance Williams broke the story that in a federal investigation of a nutritional supplement company called BALCO, Yankees slugger Jason Giambi had admitted taking steroids. Barry Bonds was also implicated. Immediately the issue of steroids became front page news. The revelations led to Congressional hearings on baseball’s drug problems and continued to drive the effort to purge the U.S. Olympic movement of drug cheats. Now Fainaru-Wada and Williams expose for the first time the secrets of the BALCO investigation that has turned the sports world upside down. Game of Shadows: Barry Bonds, BALCO, and the Steroid Scandal That Rocked Professional by award-winning investigative journalists Mark Fainaru-Wada and Lance Williams, is a riveting narrative about the biggest doping scandal in the history of sports, and how baseball’s home run king, Barry Bonds of the San Francisco Giants, came to use steroids. Drawing on more than two years of reporting, including interviews with hundreds of people, and exclusive access to secret grand jury testimony, confidential documents, audio recordings, and more, the authors provide, for the first time, a definitive account of the shocking steroids scandal that made headlines across the country. The book traces the career of Victor Conte, founder of the BALCO laboratory, an egomaniacal former rock musician and self-proclaimed nutritionist, who set out to corrupt sports by providing athletes with “designer” steroids that would be undetectable on “state-of-the-art” doping tests. Conte gave the undetectable drugs to 28 of the world’s greatest athletes—Olympians, NFL players and baseball stars, Bonds chief among them. A separate narrative thread details the steroids use of Bonds, an immensely talented, moody player who turned to performance-enhancing drugs after Mark McGwire of the St. Louis Cardinals set a new home run record in 1998. Through his personal trainer, Bonds gained access to BALCO drugs. All of the great athletes who visited BALCO benefited tremendously—Bonds broke McGwire’s record—but many had their careers disrupted after federal investigators raided BALCO and indicted Conte. The authors trace the course of the probe, and the baffling decision of federal prosecutors to protect the elite athletes who were involved. Highlights of Game of Shadows include: Barry Bonds A look at how Bonds was driven to use performance-enhancing drugs in part by jealousy over Mark McGwire’s record-breaking 1998 season. It was shortly thereafter that Bonds—who had never used anything more performance enhancing than a protein shake from the health food store—first began using steroids. How Bonds’s weight trainer, steroid dealer Greg Anderson, arranged to meet Victor Conte before the 2001 baseball season with...

The Bonds of Love

Psychoanalysis, Feminism, and the Problem of Domincation *Pantheon*

Why do people submit to authority and derive pleasure even others have over them? What is the appeal of domination and submission, and why are they so prevalent in erotic life? Why is it so difficult for men and women to meet as equals? Why, indeed, do hey continue to recapitulate the positions of master and slave? In The Bonds of Love, noted feminist theorist and psychoanalyst Jessica Benjamin explains why we accept and perpetuate relationships of domination and submission. She reveals that domination is a complex psychological process which ensnares both parties in bonds of complicity, and shows how it underlies our family life, our social institutions, and especially our sexual relations, in spite of our conscious commitment to equality and freedom.

Blood Bond *Penguin*

As a vampire, Anna Strong has an immortal life...but now she's running out of time. Anna's relationship with shape-shifter Daniel Frey has given her hope for a future with him and his son?especially when Frey proposes? But just when Anna starts to think her life couldn't be better, she must fly to France to be at the side of her dying mother. There she learns that not every vampire accepts her Chosen One status. And one such vamp is about to go rogue?by leading his followers in a fight to usurp humanity?

Family Bonds

Free Blacks and Re-enslavement Law in Antebellum Virginia *UNC Press Books*

Between 1854 and 1864, more than a hundred free African Americans in Virginia proposed to enslave themselves and, in some cases, their children. Ted Maris-Wolf explains this phenomenon as a response to state legislation that forced free African Americans to make a terrible choice: leave enslaved loved ones behind for freedom elsewhere or seek a way to remain in their communities, even by renouncing legal freedom. Maris-Wolf

paints an intimate portrait of these people whose lives, liberty, and use of Virginia law offer new understandings of race and place in the upper South. Maris-Wolf shows how free African Americans quietly challenged prevailing notions of racial restriction and exclusion, weaving themselves into the social and economic fabric of their neighborhoods and claiming, through unconventional or counterintuitive means, certain basic rights of residency and family. Employing records from nearly every Virginia county, he pieces together the remarkable lives of Watkins Love, Jane Payne, and other African Americans who made themselves essential parts of their communities and, in some cases, gave up their legal freedom in order to maintain family and community ties.

The Gift of Giving Life

Rediscovering the Divine Nature of Pregnancy and Birth

Pregnancy and childbirth are not to be feared; they are divinely appointed processes that can be joyful, spiritual, and bring families closer to God. The Gift of Giving Life: Rediscovering the Divine Nature of Pregnancy and Birth offers something that no other pregnancy book has before—a spiritual look at pregnancy and birth by and for LDS women and other women of faith. Through moving stories women in the scriptures, women from early Latter-day Saint history, and dozens of modern mothers, The Gift of Giving Life assures readers that God cares deeply about the entire procreative process. The Gift of Giving Life does not advocate for any one type of birth or approach to prenatal care, rather it intends to unify our families and communities in regard to the sacredness of birth. We also aim to provide you with resources, information, and inspiration that you may not have had access to all in one place before. Topics covered include: constant nourishment, meditation, fear, pain, healing from loss, the physical and spiritual ties between the Atonement and childbirth, the role of the Relief Society in postpartum recovery and more. Birthing women, birth attendants, childbirth educators, and interested readers of all faiths are invited to rediscover within these pages the divinity and gift of giving life.

Breaking the Bonds of Evil

How to Set People Free from Demonic Oppression Baker Books

Deliverance is an immense need that even today is largely sidelined in the church. The body of Christ needs more people trained in deliverance to carry out this vital, life-changing ministry. Rebecca Greenwood offers a fresh look into deliverance, but she doesn't stop at explaining what it is; she examines the deliverance ministry of Jesus, emphasizes the importance of team ministry, and trains believers to confidently walk out their freedom. Full of inspiring stories of breakthrough, Breaking the Bonds of Evil will impart faith in the anointing that believers carry in deliverance ministry. Pastors, lay leaders, and deliverance ministers alike will find this powerful book invaluable in their ministries and in small group studies.

American Bonds

How Credit Markets Shaped a Nation Princeton University Press

How the American government has long used financial credit programs to create economic opportunities Federal housing finance policy and mortgage-backed securities have gained widespread attention in recent years because of the 2008 financial crisis, but issues of government credit have been part of American life since the nation's founding. From the 1780s, when a watershed national land credit policy was established, to the postwar foundations of our current housing finance system, American Bonds examines the evolution of securitization and federal credit programs. Sarah Quinn shows that since the Westward expansion, the U.S. government has used financial markets to manage America's complex social divides, and politicians and officials across the political spectrum have turned to land sales, home ownership, and credit to provide economic opportunity without the appearance of market intervention or direct wealth redistribution. Highly technical systems, securitization, and credit programs have been fundamental to how Americans determined what they could and should owe one another. Over time, government officials embraced credit as a political tool that allowed them to navigate an increasingly complex and fractured political system, affirming the government's role as a consequential and creative market participant. Neither intermittent nor marginal, credit programs supported the growth of powerful industries, from railroads and farms to housing and finance; have been used for disaster relief, foreign policy, and military efforts; and were promoters of amortized mortgages, lending abroad, venture capital investment, and mortgage securitization. Illuminating America's market-heavy social policies, American Bonds illustrates how political institutions became involved in the nation's lending practices.

Washington Black

A novel Vintage

ONE OF THE NEW YORK TIMES BOOK REVIEW'S TEN BEST BOOKS OF THE YEAR • MAN BOOKER PRIZE FINALIST • “A gripping historical narrative exploring both the bounds of slavery and what it means to be truly free.” —Vanity Fair Eleven-year-old George Washington Black—or Wash—a field slave on a Barbados sugar plantation, is initially terrified when he is chosen as the manservant of his master's brother. To his surprise, however, the eccentric Christopher Wilde turns out to be a naturalist, explorer, inventor, and abolitionist. Soon Wash is initiated into a world where a flying machine can carry a man across the sky, where even a boy born in chains may embrace a life of dignity and meaning, and where two people, separated by an impossible divide, can begin to see each other as human. But when a man is killed and a bounty is placed on Wash's head, they must abandon everything and flee together. Over the course of their travels, what brings Wash and Christopher together will tear them apart, propelling Wash ever farther across the globe in search of his true self. Spanning the Caribbean to the frozen Far North, London to Morocco, Washington Black is a story of self-invention and betrayal, of love and redemption, and of a world destroyed and made whole again.

Bonds of Justice Penguin

A Psy-Changeling novel from the New York Times bestselling author of Shards of Hope, Shield of Winter, and Heart of Obsidian..."the alpha author of paranormal romance" (Booklist).Max Shannon is a good cop, one of the best in New York Enforcement. Born with a natural shield that protects him against Psy mental invasions, he knows he has little chance of advancement within the Psy- dominated power structure. The last case he expects to be assigned to is that of a murderer targeting a Psy Councilor's closest advisors. And the last woman he expects to compel him in the most sensual of ways is a Psy on the verge of catastrophic mental fracture...

Let Us Dream

The Path to a Better Future Simon and Schuster

In this uplifting and practical book, written in collaboration with his biographer, Austen Ivereigh, the preeminent spiritual leader explains why we must—and how we can—make the world safer, fairer, and healthier for all people now. In the COVID crisis, the beloved shepherd of over one billion Catholics saw the cruelty and inequity of our society exposed more vividly than ever before. He also saw, in the resilience, generosity, and creativity of so many people, the means to rescue our society, our economy, and our planet. In direct, powerful prose, Pope Francis urges us not to let the pain be in vain. He begins Let Us Dream by exploring what this crisis can teach us about how to handle upheaval of any kind in our own lives and the world at large. With unprecedented candor, he reveals how three crises in his own life changed him dramatically for the better. By its very nature, he shows, crisis presents us with a choice: we make a grievous error if we try to return to some pre-crisis state. But if we have the courage to change, we can emerge from the crisis better than before. Francis then offers a brilliant, scathing critique of the systems and ideologies that conspired to produce the current crisis, from a global economy obsessed with profit and heedless of the people and environment it harms, to politicians who foment their people's fear and use it to increase their own power at their people's expense. He reminds us that Christians' first duty is to serve others, especially the poor and the marginalized, just as Jesus did. Finally, the Pope offers an inspiring and actionable blueprint for building a better world for all humanity by putting the poor and the planet at the heart of new thinking. For this plan, he draws not only on sacred sources, but on the latest findings from renowned scientists, economists, activists, and other thinkers. Yet rather than simply offer prescriptions, he shows how ordinary people acting together despite their differences can discover unforeseen possibilities. Along the way, he offers dozens of wise and surprising observations on the value of unconventional thinking, on why we must dramatically increase women's leadership in the Church and throughout society, on what he learned while scouring the streets of Buenos Aires with garbage-pickers, and much more. Let Us Dream is an epiphany, a call to arms, and a pleasure to read. It is Pope Francis at his most personal, profound and passionate. With this book and with open hearts, we can change the world.

The Bonds of Debt

Borrowing Against the Common Good Verso Books

Indebtedness as the universal condition of modern life The credit crisis has pushed the whole world so far into the red that the gigantic sums involved defy understanding. On a human level, what does such an enormous degree of debt and insolvency mean? In this timely book, cultural critic Richard Dienst considers the financial crisis, global poverty, media politics and radical theory to parse the various implications of a world where man is born free but everywhere is in debt. Written with humor and verve, Bonds of Debt ranges across subjects—such as Obama's national security strategy, the architecture of Prada stores, press photos of Bono, and a fairy tale told by Karl Marx—to capture a modern condition founded on fiscal imprudence. Moving beyond the dominant pieties and widespread anxieties surrounding the topic, Dienst re-conceives the world's massive financial obligations as a social, economic, and political bond, where the crushing weight of objectified wealth comes face to face with new demands for equality and solidarity. For this inspired analysis, we are indebted to him.

The Ascent of Money

A Financial History of the World: 10th Anniversary Edition Penguin

The 10th anniversary edition, with new chapters on the crash, Chimerica, and cryptocurrency "[An] excellent, just in time guide to the history of finance and financial crisis." —The Washington Post "Fascinating." —Fareed Zakaria, Newsweek In this updated edition, Niall Ferguson brings his classic financial history of the world up to the present day, tackling the populist backlash that followed the 2008 crisis, the descent of "Chimerica" into a trade war, and the advent of cryptocurrencies, such as Bitcoin, with his signature clarity and expert lens. The Ascent of Money reveals finance as the backbone of history, casting a new light on familiar events: the Renaissance enabled by Italian foreign exchange dealers, the French Revolution traced back to a stock market bubble, the 2008 crisis traced from America's bankruptcy capital, Memphis, to China's boomtown, Chongqing. We may resent the plutocrats of Wall Street but, as Ferguson argues, the evolution of finance has rivaled the importance of any technological innovation in the rise of civilization. Indeed, to study the ascent and descent of money is to study the rise and fall of Western power itself.

Bonds

The Unbeaten Path to Secure Investment Growth John Wiley & Sons

In Bonds: The Unbeaten Path to Secure Investment Growth, Hildy and Stan Richelson expose the myth of stocks' superior investment returns and propose an all-bond portfolio as a sure-footed strategy that can ensure results. The book is designed to educate novice and sophisticated investors alike and serve as a tool for financial advisers as well. It explains why bonds can be the right choice and how to use them to achieve financial goals. It

presents a broad spectrum of bond-investment options, describes how to purchase bonds at the best prices, and most important, shows how to make money with bonds. The bond strategies presented in this book are used by the wealthiest investors and financial advisers to maximize the return on their portfolios while providing security of principal. These strategies can help you determine how to use bonds in your portfolio and take control of your financial destiny. You'll be playing it smart while playing it safe. With fascinating and helpful advice drawn from real-life case studies and personal experience, this expert team discusses: ? The difference between healthy love and obsessive love. ? The psychological and societal causes of obsessive love. ? Obsessive love from both the obsessor's and the obsessee's points of view. ? Proven techniques to avoid falling into the obsessive love cycle. ? Concrete steps to break the cycle.

Shattered Bonds

The Color Of Child Welfare Civitas Books

Shattered Bonds is a stirring account of a worsening American social crisis--the disproportionate representation of black children in the U.S. foster care system and its effects on black communities and the country as a whole. Tying the origins and impact of this disparity to racial injustice, Dorothy Roberts contends that child-welfare policy reflects a political choice to address startling rates of black child poverty by punishing parents instead of tackling poverty's societal roots. Using conversations with mothers battling the Chicago child-welfare system for custody of their children, along with national data, Roberts levels a powerful indictment of racial disparities in foster care and tells a moving story of the women and children who earn our respect in their fight to keep their families intact.

These Twisted Bonds Hachette UK

In this thrilling conclusion to These Hollow Vows - the sexy, action-packed fantasy by New York Times best-selling author Lexi Ryan that started it all - Brie finds herself caught between two princes and two destinies while the future of the fae realm hangs in the balance. After Abriella's sister was sold to the fae, she thought life couldn't get any worse. But when she suddenly finds herself caught in a web of lies of her own making - loving two princes and trusting neither - things are not quite as clear as she once thought. As civil war wages in the Court of Darkness, Brie finds herself unable to choose a side. How can she know where she stands when she doesn't even know herself anymore? In this darkly romantic thrill ride, the more Faerie is torn apart from the inside, the clearer it becomes that prophecies don't lie and Brie has a role to play in the fate of this magical realm - whether she likes it or not.

U.S. Savings Bonds for Education

The Bonds of Inequality

Debt and the Making of the American City University of Chicago Press

Indebtedness, like inequality, has become a ubiquitous condition in the United States. Yet few have probed American cities’ dependence on municipal debt or how the terms of municipal finance structure racial privileges, entrench spatial neglect, elide democratic input, and distribute wealth and power. In this passionate and deeply researched book, Destin Jenkins shows in vivid detail how, beyond the borrowing decisions of American cities and beneath their quotidian infrastructure, there lurks a world of politics and finance that is rarely seen, let alone understood. Focusing on San Francisco, The Bonds of Inequality offers a singular view of the postwar city, one where the dynamics that drove its creation encompassed not only local politicians but also banks, credit rating firms, insurance companies, and the national municipal bond market. Moving between the local and the national, The Bonds of Inequality uncovers how racial inequalities in San Francisco were intrinsically tied to municipal finance arrangements and how these arrangements were central in determining the distribution of resources in the city. By homing in on financing and its imperatives, Jenkins boldly rewrites the history of modern American cities, revealing the hidden strings that bind debt and power, race and inequity, democracy and capitalism.

ANTHEM BEYOND BOOKS HUB

Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. Anthem anticipates the themes Ayn Rand explored in her later masterpieces, The Fountainhead and Atlas Shrugged. Publisher's Weekly acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and

powerful." Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

Bonds of the Dead

Temples, Burial, and the Transformation of Contemporary Japanese Buddhism University of Chicago Press

Despite popular images of priests seeking enlightenment in snow-covered mountain temples, the central concern of Japanese Buddhism is death. For that reason, Japanese Buddhism’s social and economic base has long been in mortuary services—a base now threatened by public debate over the status, treatment, and location of the dead. Bonds of the Dead explores the crisis brought on by this debate and investigates what changing burial forms reveal about the ways temple Buddhism is perceived and propagated in contemporary Japan. Mark Rowe offers a crucial account of how religious, political, social, and economic forces in the twentieth century led to the emergence of new funerary practices in Japan and how, as a result, the care of the dead has become the most fundamental challenge to the continued existence of Japanese temple Buddhism. Far from marking the death of Buddhism in Japan, Rowe argues, funerary Buddhism reveals the tradition at its most vibrant. Combining ethnographic research with doctrinal considerations, this is a fascinating book for anyone interested in Japanese society and religion.

The Joy of the Gospel

Evangelii Gaudium Image

The perfect gift! A specially priced, beautifully designed hardcover edition of The Joy of the Gospel with a foreword by Robert Barron and an afterword by James Martin, SJ. “The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church’s journey in years to come.” – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for “the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned,” the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, “to recognize the traces of God’s Spirit in events great and small.” Profound in its insight, yet warm and accessible in its tone, The Joy of the Gospel is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of Catholicism: A Journey to the Heart of the Faith and James Martin, SJ, author of Jesus: A Pilgrimage

Unbreakable

How I Turned My Depression and Anxiety into Motivation and You Can Too HarperCollins

Jay Glazer—a top NFL insider on Fox NFL Sunday, an MMA coach, actor, and a veteran advocate and founder of MVP (Merging Vets and Players)—offers honest, in your face advice and insights gleaned from his fight through depression and anxiety, his successful careers in NFL journalism and business, as well as his work with military vets struggling with PTSD; the result is a relentless, unapologetic, and no-nonsense approach to overcoming your self-doubts, fears, and excuses... with the goal of becoming Unbreakable. In Unbreakable, Jay Glazer talks directly to you, his teammates, and shares his truth. All the success from his screeching-and-swerving joy ride through professional football, the media, the MMA fighting world, Hollywood, the military-warrior community, comes with a side of relentless depression and anxiety. Living in the gray, as Jay calls it, is just a constant for him. And, in order to work through and work better, Jay knows he has to keep going, to be of service, to believe in himself when no one else will, and be stronger, tougher, and more dedicated than anyone. Unbreakable is his story of how he has done this in all of his many endeavors—a relentless insider who won’t quit talking or take his foot off the gas, whether detailing how he got his big break inside the NFL (it involves a friendship with Michael Strahan that seems too unlikely even for Hollywood) or helping veterans fight for their lives in gyms around the country or playing himself on the hit show Ballers, Jay’s ability to laugh at himself and take on his mental struggles has given him a clarity, toughness, and openness that few people can rival. Throughout Unbreakable, Jay will use his stories—featuring some of the biggest, baddest, and most fascinating characters in the public eye today—to tackle the toughest subjects by making you laugh. He will also use them as motivation to outline a prescriptive plan for you to get to the top of your game, whatever your game is, and to stop making excuses. He will show you how to use your insecurities, your own battles with mental health, to get where you need to go, scars and all. Especially scars and all.

Bonds of Brass

Book One of The Bloodright Trilogy Del Rey

A young pilot risks everything to save his best friend—the man he trusts most and might even love—only to learn that his friend is secretly the heir to a brutal galactic empire. “An exciting space opera full of action and adventure that explores the bonds of loyalty and love, and what happens when they are stretched to their limits.”—Rebecca Roanhorse, Nebula and Hugo award-winning author of Trail of Lightning Ettian's life was shattered when the merciless Umber Empire invaded his world. He’s spent seven years putting himself back together under its rule, joining an Umber military

academy and becoming the best pilot in his class. Even better, he’s met Gal—his exasperating and infuriatingly enticing roommate who’s made the academy feel like a new home. But when dozens of classmates spring an assassination plot on Gal, a devastating secret comes to light: Gal is the heir to the Umber Empire. Ettian barely manages to save his best friend and flee the compromised academy unscathed, rattled that Gal stands to inherit the empire that broke him, and that there are still people willing to fight back against Umber rule. As they piece together a way to deliver Gal safely to his throne, Ettian finds himself torn in half by an impossible choice. Does he save the man who’s won his heart and trust that Gal’s goodness could transform the empire? Or does he throw his lot in with the brewing rebellion and fight to take back what’s rightfully theirs? Praise for Bonds of Brass “Skrutskie’s Bonds of Brass is a high-octane galactic adventure replete with heart, drama, and a keen edge of pain.”—Caitlin Starling, author of The Luminous Dead “Full of breathless action and dazzling characters, Bonds of Brass is space opera at its most exciting.”—Adam Christopher, author of Stranger Things: Darkness on the Edge of Town

The Bond That Ties Us *Elloras Cave Pub Incorporated*

First in the Eternal Bond series Haylie knows her life is about to change the moment she sets foot on the Eurus colony. What she didn't count on was her instant, overwhelming sexual desire for the seven-foot-tall, sexy as hell alien ambassador. He's in her every thought and dream, teasing and taunting her body into a sexual frenzy. Kamran has waited his whole life to find his bonded mate. When she arrives in the form of a slender human with brilliant eyes, he can't stop his all-consuming need to possess her. If their bond is discovered, they will be forced by Briel law to leave the colony, giving up the lives they've worked so hard to build. While Haylie and Kamran fight their growing desire, their colony is threatened by an unseen enemy. When the colony comes under attack by a brutal alien force, can Haylie and Kamran keep their bond a secret and stop the invasion in time to save everyone?

Why Does He Do That?

Inside the Minds of Angry and Controlling Men *Penguin*

A leading authority on abusive relationships offers women detailed guidelines on how to improve and survive an abusive relationship, discussing various types of abusive men, analyzing societal myths surrounding abuse, and answers questions about the warning signs of abuse, how to identify abusive behavior, how to know if one is in danger, and more. Reprint.

A Place to Belong

Celebrating Diversity and Kinship in the Home and Beyond *Penguin*

A guide for families of all backgrounds to celebrate cultural heritage and embrace inclusivity in the home and beyond. Gone are the days when socially conscious parents felt comfortable teaching their children to merely tolerate others. Instead, they are looking for a way to authentically embrace the fullness of their diverse communities. A Place to Belong offers a path forward for families to honor their cultural heritage and champion diversity in the context of daily family life by: • Fostering open dialogue around discrimination, race, gender, disability, and class • Teaching “hard history” in an age-appropriate way • Curating a diverse selection of books and media choices in which children see themselves and people who are different • Celebrating cultural heritage through art, music, and poetry • Modeling activism and engaging in community service projects as a family Amber O’Neal Johnston, a homeschooling mother of four, shows parents of all backgrounds how to create a home environment where children feel secure in their own personhood and culture, enabling them to better understand and appreciate people who are racially and culturally different. A Place to Belong gives parents the tools to empower children to embrace their unique identities while feeling beautifully tethered to their global community.

Who Fears Death *Penguin*

Now optioned as a TV series for HBO, with executive producer George R. R. Martin! An award-winning literary author enters the world of magical realism with her World Fantasy Award-winning novel of a remarkable woman in post-apocalyptic Africa. In a post-apocalyptic Africa, the world has changed in many ways; yet in one region genocide between tribes still bloodies the land. A woman who has survived the annihilation of her village and a terrible rape by an enemy general wanders into the desert, hoping to die. Instead, she gives birth to an angry baby girl with hair and skin the color of sand. Gripped by the certainty that her daughter is different—special—she names her Onyesonwu, which means "Who fears death?" in an ancient language. It doesn't take long for Onye to understand that she is physically and socially marked by the circumstances of her conception. She is Ewu—a child of rape who is expected to live a life of violence, a half-breed rejected by her community. But Onye is not the average Ewu. Even as a child, she manifests the beginnings of a remarkable and unique magic. As she grows, so do her abilities, and during an inadvertent visit to the spirit realm, she learns something terrifying: someone powerful is trying to kill her. Desperate to elude her would-be murderer and to understand her own nature, she embarks on a journey in which she grapples with nature, tradition, history, true love, and the spiritual mysteries of her culture, and ultimately learns why she was given the name she bears: Who Fears Death.
