Lingua Latina per se illustrata - Latinisator.ch

Lingua Latina per se Illustrata provides a Latin text that students can read and understand immediately without any need for translation. In this text every sentence is intelligible per se because the meaning or function of all new words and forms is made clear by the context or by illustrations or marginal notes. This demands a carefully graded text, but to promote learning the content must stimulate interest and make it easy for the reader to visualize the scenes described.
