Breaking Point

How the Primary Care Crisis
Endangers the Lives of Americans
John Geyman, M.D.

Our market-based, profit-driven health care system in the United States has put necessary care increasingly beyond the reach of ordinary Americans. Primary health care, the fundamental foundation of all high-performing health care systems in the world, is a critical but ignored casualty of the current system. Unfortunately, primary care is often poorly understood, even within the health professions. This book describes

what has become a crisis in primary care, defines its central role, analyzes the reasons for its decline, and assesses its impacts on patients and families. A constructive approach is presented to rebuild and transform U.S. primary care with the urgent goal to address the nation's problems of access, cost, quality and equity of health care for all Americans.

Crisis of Control

How Artificial SuperIntelligences May Destroy Or Save the Human Race

In Crisis of Control, Peter Scott lays out the stark choices and consequences facing the human race as we are caught in the crosshairs of twin threats stemming from exponential advances in technology: easy access to weapons of mass destruction by terrorists, and the development of artificial intelligences

that could take over our infrastructure.

11.11.11 After So Many Years of Tears

Letters to My Distant Soul-Mate *Createspace Independent Publishing Platform*

Every human being suffers pain in life. No one's life is devoid of suffering. Be it in the form of heartbreak, traumatic event or setbacks. From all these the soul requires healing. Lessons are to be drawn from them with a need to move on and evolve. But sometimes incidents damage us in ways which require rehabilitation. But few sources are there to address them and offer rehabilitation. This is a book that gives a message of consciousness and the realization of

one's talents and potentialities to fulfill them. It's a thrilling tale of a woman who quests to find inner satisfaction and in the process touches lives of many, a journey of love and self-discovery. Though a work of fiction, it is inspired by true events which offer healing to the soul. It is narrated with prose and poetry which will engage the readers and also satisfy literary readers. The book involves 3 main characters of different occupations and ethnic origins who go through different hardships suffering heartbreaks, abandonments, compromises, and breakthroughs during their quest for a deeper meaning of life. In the course of their adventures love, consciousness, happiness, healing, Africanism, masculinity, feminism, polygamy, religion, vulnerability, and

maturity are discussed. Ultimately, life lessons are learned from this entire phenomenon where love and self-actualization prevail. The author Benyf, a former Morris Brown College student, a graduate of Fisk University and of Georgia State University gives a heart-written narration with the purpose to heal others' hearts, a road map for the next generation. Psychological ideas such as self-actualization, identity crisis, consciousness, and change are explored. It's a reflection on feminism and evolution with important life lessons to be learnt. Furthermore, the book offers its services for everyone, male or female, universal or unique. Take a dive into this world of Benyf to enrich and revitalize soul.

An Aid to Studies of the Book Preparation for the Final Crisis

I, Church *Createspace Independent Pub*

"It was the best of church, it was the worst of church..." [not Charles Dickens]
In some ways, the church has a horrendous track record and is deserving of much of the hate, accusation and mistrust it has received. But, in many other ways, the church has also been monumental in affecting great systemic change, being first on the scene in crisis and on the forefront of reaching out to

and loving well those considered the least of these. To those of you who believe church is the worst thing ever: You're right! To those of you who believe church is the best thing ever: You're right! The church was God's idea and it is the plan He has chosen to bring transformation to a world desperately in need of a deeper experience of His love. He doesn't appear to have a plan B. We are it! I call this book, 'i, church' because more than a building or a meeting or a list of do's and don'ts, the church is about the people. It is about me. And it is about you. If you love Jesus and have chosen to follow Him, then you are the church. Let's figure out together how to be the best church we can be. "Brett Anderson weaves a picture of the church that is stark and real. He sees through

church politics and denominational blinkers and defines the core of what the church is and isn't and what God desires it to be." [Bruce Collins, legend and appreciator of good coffee]

Countdown to Zero Day

Stuxnet and the Launch of the World's First Digital Weapon *Crown*

Top cybersecurity journalist Kim Zetter tells the story behind the virus that sabotaged Iran's nuclear efforts and shows how its existence has ushered in a new age of warfare—one in which a digital attack can have the same destructive capability as a megaton bomb. In January 2010, inspectors with the International Atomic Energy Agency noticed that centrifuges at an Iranian

uranium enrichment plant were failing at an unprecedented rate. The cause was a complete mystery—apparently as much to the technicians replacing the centrifuges as to the inspectors observing them. Then, five months later, a seemingly unrelated event occurred: A computer security firm in Belarus was called in to troubleshoot some computers in Iran that were crashing and rebooting repeatedly. At first, the firm's programmers believed the malicious code on the machines was a simple, routine piece of malware. But as they and other experts around the world investigated, they discovered a mysterious virus of unparalleled complexity. They had, they soon learned, stumbled upon the world's first digital weapon. For Stuxnet, as it came

to be known, was unlike any other virus or worm built before: Rather than simply hijacking targeted computers or stealing information from them, it escaped the digital realm to wreak actual, physical destruction on a nuclear facility. In these pages, Wired journalist Kim Zetter draws on her extensive sources and expertise to tell the story behind Stuxnet's planning, execution, and discovery, covering its genesis in the corridors of Bush's White House and its unleashing on systems in Iran—and telling the spectacular, unlikely tale of the security geeks who managed to unravel a sabotage campaign years in the making. But Countdown to Zero Day ranges far beyond Stuxnet itself. Here, Zetter shows us how digital warfare developed in the US. She takes us inside today's

flourishing zero-day “grey markets,” in which intelligence agencies and militaries pay huge sums for the malicious code they need to carry out infiltrations and attacks. She reveals just how vulnerable many of our own critical systems are to Stuxnet-like strikes, from nation-state adversaries and anonymous hackers alike—and shows us just what might happen should our infrastructure be targeted by such an attack. Propelled by Zetter’s unique knowledge and access, and filled with eye-opening explanations of the technologies involved, Countdown to Zero Day is a comprehensive and prescient portrait of a world at the edge of a new kind of war.

Preparation for Death

This manual of devotion consists of a series of chapters or instructions upon important points of Christian teaching which Saint Alphonsus calls "Considerations". As the Saint describes, "These Considerations are written for the purpose of pricking or of wounding the conscience... that so it may be thoroughly aroused and awakened." The Considerations deal with such doctrines

and facts as have a universal application, which admit of no dispute, and which are always confirmed by some passage from Holy Scripture. Preparation for Death is essentially a guide to prayer. It represents, from its beginning to its end, the continual outpouring of heart before God, an outpouring that is at times expressed in the very same words which imply a new phase of thought. Regarded as a Manual of Mental Prayer, each of these "Considerations" has a technical and special signification. They treat of life and death, the value of time, the mercy of God, the habit of sin, the general and particular judgments, the love of God, Holy Communion, and other subjects equally important.

Invisible Man *Viking*

'I am invisible, understand, simply because people refuse to see me.' Defeated and embittered by a country which treats him as a non-being, the 'invisible man' retreats into an underground cell, where he smokes, drinks, listens to jazz and recounts his search for identity in white society: as an optimistic student in the Deep South, in the north with the black activist group the Brotherhood, and in the Harlem race riots. And explains how he came to be living underground . . . 'An American classic . . . one of the most original voices of Black America.' The Times

Batman

Time and the Batman *Titan Publishing*

Company

Crisis Intervention 101

De-escalation Steps for Law Enforcement, First Responders and Everyone Else *Createspace Independent Publishing Platform*

"Crisis Intervention 101 gives a simple overview of mental health and the calls first responders most often are called to; reasons why a crisis can happen, and offers basic understanding about how to

verbally de-escalate a crisis. These skills are taught in a common sense approach, and are appropriate for law enforcement, emergency responders, school personnel and advocates. They can also be learned by anyone" -- Amazon.com.

Guidance for Preparing Standard Operating Procedures (SOPs).

Cyber Crisis

It's Personal Now *Firstglobal Partners LLC*

CYBERCRISIS will arm you with crucial knowledge about being hacked, smartphone and internet addiction, fakers on social networks, content oversharing, the Dark Web and the personal impact of cybercrime. These

are things you must know for yourself and so you can teach others. When online, you, your friends, children, parents, co-workers and social acquaintances are always just one click away from a stalker, predator, thief, troll, catfish or another social media sewer dweller. Protecting you and yours is not someone else's problem--it is a matter of personal responsibility. Reading CYBERCRISIS will heighten your awareness of some of the factors and conditions that could, in the blink of any eye, suck you into a personal cybercrisis. It represents a warning shot for those of you predisposed to trust your fellow man in the real-world and, without thinking, carry that bias into cyberspace. For purposes of this book, I have assumed that you use a smartphone, email, apps,

messaging and social networks, but are not a technology expert. My perspective as the author comes from having been a part of computer technology and software businesses since shortly after the launch of the first Apple and IBM personal computers. In these public and private technology and related companies, I have served as CEO, board member, and strategic advisor. Through this work, I gained experience, understanding, and perspective, about digital age developments and their personal impacts, good and bad. I have also written two previous books whose driving themes involve greater self-reliance in personal and business life. The Web is us, and we as a collective are the Web. After reading CYBERCRISIS, my hope is that you will better understand

this dynamic relationship, and you will be motivated to accept a higher level of personal responsibility for your digital well-being.

Disease Control Priorities, Third Edition (Volume 9)

Improving Health and Reducing Poverty *World Bank Publications*

As the culminating volume in the DCP3 series, volume 9 will provide an overview of DCP3 findings and methods, a summary of messages and substantive lessons to be taken from DCP3, and a further discussion of cross-cutting and synthesizing topics across the first eight volumes. The introductory chapters (1-3) in this volume take as their starting point the elements of the Essential Packages

presented in the overview chapters of each volume. First, the chapter on intersectoral policy priorities for health includes fiscal and intersectoral policies and assembles a subset of the population policies and applies strict criteria for a low-income setting in order to propose a "highest-priority" essential package. Second, the chapter on packages of care and delivery platforms for universal health coverage (UHC) includes health sector interventions, primarily clinical and public health services, and uses the same approach to propose a highest priority package of interventions and policies that meet similar criteria, provides cost estimates, and describes a pathway to UHC.

Beyond Foundations

Developing as a Master Academic Advisor *John Wiley & Sons*

Sharpen advising expertise by exploring critical issues affecting the field *Beyond Foundations*, a core resource for experienced academic advisors, gives practitioners insight into important issues affecting academic advising. In addition to gaining understanding of foundational concepts and pressing concerns, master advisors engage with case studies to clarify their roles as educators of students, as thought leaders in institutions, and as advocates for the profession. Pillar documents—the NACADA Core Values, NACADA Concept of Academic Advising, and CAS Standards—serve as sources of both information and inspiration for those seeking to improve advising. New

strategies inform advisors helping a diverse student population delineate meaningful educational goals. Each chapter prompts productive discussions with fellow advisors interested in cultivating advising excellence. To promote advisor influence in higher education, experienced contributors explain new trends—including the impact of external forces and legal issues on postsecondary institutions—and the evolution of advising as a profession and a field of inquiry. Expert insight and practical focus contribute to the development of experienced advisors. Use existing resources in new ways to master advising roles and encourage student success Apply theory to advance advising practice Create and optimize

professional development opportunities Establish recognition for the contributions of academic advisors to the institution and higher education Face challenges created by the changing higher education landscape Advisors must meet the expectations of students, parents, faculty members, administrators, and outside agencies, all while navigating an increasingly complex range of issues presented by a student population unlike any that has come before. Beyond Foundations provides the insight and clarity advisors need to help students achieve their educational goals and to advance the field.

A Streetcar Named Desire

Educating the Student Body

Taking Physical Activity and Physical Education to School *National Academies Press*

Physical inactivity is a key determinant of health across the lifespan. A lack of activity increases the risk of heart disease, colon and breast cancer, diabetes mellitus, hypertension, osteoporosis, anxiety and depression and others diseases. Emerging literature has suggested that in terms of mortality, the global population health burden of physical inactivity approaches that of cigarette smoking. The prevalence and substantial disease risk associated with physical inactivity has been described as a pandemic. The prevalence, health impact, and evidence of changeability all have resulted in calls for action to increase physical activity across the

lifespan. In response to the need to find ways to make physical activity a health priority for youth, the Institute of Medicine's Committee on Physical Activity and Physical Education in the School Environment was formed. Its purpose was to review the current status of physical activity and physical education in the school environment, including before, during, and after school, and examine the influences of physical activity and physical education on the short and long term physical, cognitive and brain, and psychosocial health and development of children and adolescents. Educating the Student Body makes recommendations about approaches for strengthening and improving programs and policies for physical activity and physical education

in the school environment. This report lays out a set of guiding principles to guide its work on these tasks. These included: recognizing the benefits of instilling life-long physical activity habits in children; the value of using systems thinking in improving physical activity and physical education in the school environment; the recognition of current disparities in opportunities and the need to achieve equity in physical activity and physical education; the importance of considering all types of school environments; the need to take into consideration the diversity of students as recommendations are developed. This report will be of interest to local and national policymakers, school officials, teachers, and the education community, researchers, professional organizations,

and parents interested in physical activity, physical education, and health for school-aged children and adolescents.

Soeharto's New Order and Its Legacy

Essays in Honour of Harold Crouch *ANU E Press*

Indonesia's President Soeharto led one of the most durable and effective authoritarian regimes of the second half of the twentieth century. Yet his rule ended in ignominy, and much of the turbulence and corruption of the subsequent years was blamed on his legacy. More than a decade after Soeharto's resignation, Indonesia is a

consolidating democracy and the time has come to reconsider the place of his regime in modern Indonesian history, and its lasting impact. This book begins this task by bringing together a collection of leading experts on Indonesia to examine Soeharto and his

legacy from diverse perspectives. In presenting their analyses, these authors pay tribute to Harold Crouch, an Australian political scientist who remains one of the greatest chroniclers of the Soeharto regime and its aftermath.
