The EZ-Connect transfer switch (EZC-M-150) is a service entrance rated UL Listed transfer switch made to work in conjunction with a portable generator. The EZC-M-150 has a 150 Amp main disconnect for homes with a 150 Amp main service. The EZ-Connect transfer switch gives access to the entire panel without having to rewire the existing panel.

EZ-Connect Manual Transfer Switch, Service Entrance Rated ...

With a manual transfer switch in place, the homeowner would first have to make his way to the service entrance panel. Many times, this would be done in the dark with a flashlight in hand. Prior to switching over to standby power, the homeowner would have to shut off individual breakers for nonessential branch circuits so as to shed part of the load and size it down to match the capability of the standby power plant.
