The Hand That First Held Mine *Tinder Press*

Winner of the 2010 Costa Novel Award and a Sunday Times bestseller, THE HAND THAT FIRST HELD MINE by Maggie O'Farrell is a gorgeously written story of love and motherhood from the author of HAMNET and I AM, I AM, I AM. When the sophisticated Innes Kent turns up on her doorstep, Lexie Sinclair realises she cannot wait any longer for her life to begin, and leaves for London. There, at the heart of the 1950s Soho art scene, she carves out a new life. In the present day, Elina and Ted are reeling from the difficult birth of their first child. Elina struggles to reconcile the demands of motherhood with her sense of herself as an artist, and Ted is disturbed by memories of his own childhood that don't tally with his parents' version of events. As Ted begins to search for answers, an extraordinary portrait of two women is revealed, separated by fifty years, but connected in ways that neither could ever have expected.

The Hand That First Held Mine *HarperCollins*

Lexie Sinclair is plotting an extraordinary life for herself. Hedged in by her parents' genteel country life, she plans her escape to London. There, she takes up with Innes Kent, a magazine editor who wears duck-egg blue ties and introduces her to the thrilling, underground world of bohemian, post-war Soho. She learns to be a reporter, to know art and artists, to embrace her life fully and with a deep love at the center of it. She creates many lives--all of them unconventional. And when she finds herself pregnant, she doesn't hesitate to have the baby on her own. Later, in present-day London, a young painter named Elina dizzily navigates the first weeks of motherhood. She doesn't recognize herself: she finds herself walking outside with no shoes; she goes to the restaurant for lunch at nine in the morning; she can't recall the small matter of giving birth. But for her boyfriend, Ted, fatherhood is calling up lost memories, with images he cannot place. As Ted's memories become more disconcerting and more frequent, it seems that something might connect these two stories-- these two women-- something that becomes all the more heartbreaking and beautiful as they all hurtle toward its revelation. Here Maggie O'Farrell brings us a spellbinding novel of two women connected across fifty years by art, love, betrayals, secrets, and motherhood. Like her acclaimed The Vanishing Act of Esme Lennox, it is a "breathtaking, heart-breaking creation."* And it is a gorgeous inquiry into the ways we make and unmake our lives, who we know ourselves to be, and how even our most accidental legacies connect us. *The Washington Post Book World

After You'd Gone *Penguin*

NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NEW YORK TIMES BESTSELLER • “Of all the stories that argue and speculate about Shakespeare’s life ... here is a novel ... so gorgeously written that it transports you.” —The Boston Globe England, 1580: The Black Death creeps across the land, an ever-present threat, infecting the healthy, the sick, the old and the young alike. The end of days is near, but life always goes on. A young Latin tutor—penniless and bullied by a violent father—falls in love with an extraordinary, eccentric young woman. Agnes is a wild creature who walks her family's land with a falcon on her glove and is known throughout the countryside for her unusual gifts as a healer, understanding plants and potions better than she does people. The Road *Vintage*

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

This Must Be the Place *Hachette UK*

A top-ten bestseller, THIS MUST BE THE PLACE by Maggie O'Farrell crosses time zones and continents to reveal an extraordinary portrait of a marriage. 'A complex, riveting novel of love and hope that grips at the heart' The Sunday Times A reclusive ex-film star living in the wilds of Ireland, Claudette Wells is a woman whose first instinct, when a stranger approaches her home, is to reach for her shotgun. Why is she so fiercely protective of her family, and what made her walk out of her cinematic career when she had the whole world at her feet? Her husband Daniel, reeling from a discovery about a woman he last saw twenty years ago, is about to make an exit of his own. It is a journey that will send him off-course, far away from the life he and Claudette have made together. Will their love for one another be enough to bring Daniel back home?

The Line That Held Us *Penguin*

An accidental death, and the cover-up that follows, sparks a dark series of events that reverberates through the lives of four people who will never be the same again. When Darl Moody went hunting after a monster buck, a kill that could make the difference between meat for the winter and an empty freezer, he never expected he'd accidentally shoot a man digging ginseng. Worse yet, he's killed a Brewer, a family notorious for vengeance and violence. With nowhere to turn, Darl calls on the help of the only man he knows will answer, his best friend, Calvin Hooper. But when Dwayne Brewer comes looking for his missing brother and stumbles onto a blood trail leading straight back to Darl and Calvin--and to Calvin's girlfriend, Angie--a nightmare of revenge rips apart their world. A story of friendship and family, The Line That Held Us is a tale balanced between destruction and redemption, where the only hope is to hold on tight, clenching those you love. From a writer whose stories are "like a pull from a bottle of Appalachian moonshine: smooth and elegant with a punch in the gut that lingers a while after you're done" (Garden & Gun), Joy's book is another masterwork of Southern noir.

Where the Crawdads Sing *Penguin*

NOW A MAJOR MOTION PICTURE—The #1 New York Times bestselling worldwide sensation with more than 15 million copies sold, hailed by The New York Times Book Review as “a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature.” For years, rumors of the “Marsh Girl” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

In Cold Blood *Modern Library*

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are Breakfast at Tiffany's and Other Voices, Other Rooms (in one volume), Portraits and Observations, and The Complete Stories Truman Capote's masterpiece, In Cold Blood, created a sensation when it was first published, serially, in The New Yorker in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the “new journalism.” Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. “I thought he was a very nice gentleman,” he says of Herb Clutter. “Soft-spoken. I thought so right up to the moment I cut his throat.” Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers’ flight, Capote’s account is so detailed that the reader comes to feel almost like a participant in the events.

NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR • Bloomberg • Christian Science Monitor • New York Post • The New York Public Library • Fortune • Smithsonian Magazine • Marie Claire • Town & Country • Slate • Library Journal • Kirkus Reviews • LibraryReads • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, Caste: The Origins of Our Discontents is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

Fairy Tale *Hachette UK*

Legendary storyteller Stephen King goes into the deepest well of his imagination in this spellbinding novel about a seventeen-year-old boy who inherits the keys to a parallel world where good and evil are at war, and the stakes could not be higher - for their world or ours. Charlie Reade looks like a regular high school kid, great at baseball and football, a decent student. But he carries a heavy load. His mom was killed in a hit-and-run accident when he was ten, and grief drove his dad to drink. Charlie learned how to take care of himself - and his dad. Then, when Charlie is seventeen, he meets a dog named Radar and her aging master, Howard Bowditch, a recluse in a big house at the top of a big hill, with a locked shed in the backyard. Sometimes strange sounds emerge from it. Charlie starts doing jobs for Mr. Bowditch and loses his heart to Radar. Then, when Bowditch dies, he leaves Charlie a cassette tape telling a story no one would believe. What Bowditch knows, and has kept secret all his long life, is that inside the shed is a portal to another world. King's storytelling in Fairy Tale soars. This is a magnificent and terrifying tale about another world than ours, in which good is pitted against overwhelming evil, and a heroic boy - and his dog - must lead the battle.
