Description. Like its popular predecessor, the second edition of The United States: A Brief History is a basic, readable, and affordable core text for the introductory survey of United States history. The book is not intended as the only resource for students in such courses: its length, approach, and price encourage the use of supplementary books, research projects, and primary documents (many of which are now available on the Internet).

Taking notes in genealogy is a must, not only for recording important information but also for

transcribing it onto a more permanent record repository, such as genealogy software. However, you can't just copy down any information you find in any old way. No matter how good you are at interpreting your own handwriting, shorthand, and scribbles in the margins, you need to take a more measured approach to notes in genealogy.
