Mastery learning aims to change that, primarily by letting go of the concept that everyone is on the same time schedule. It requires more differentiated learning, giving students more time to go over the learning material, giving them extra explanation and support. What would happen then?

What is Mastery learning? A different approach to learning ...

Mastery learning is an instructional strategy and educational philosophy, first formally proposed by Benjamin Bloom in 1968. Mastery learning maintains that students must achieve a level of mastery in prerequisite knowledge before moving forward to learn subsequent information. If a student does not achieve mastery on the test, they are given additional support in learning

and reviewing the information and then tested again. This cycle continues until the learner accomplishes mastery, and they m
