Differentiating Assessment in the Writing Workshop eBook ...

Differentiated instruction, also called differentiation, is a process through which teachers enhance learning by matching student characteristics to instruction and assessment. Writing instruction can be differentiated to allow students varying amounts of time to complete assignments, to give students different writing product options, and to teach skills related to the writing process.

Differentiated Instruction for Writing | Reading Rockets

Differentiated assessment is the way by which teachers modify and match assessment with the varied characteristics/profiles of students in order to meet the students' individual needs, thereby enhancing their learning and boosting their ability to show what they have learned. Students differ in their previous learning experiences, readiness, learning styles, preferences, academic standing, abilities, strengths and weaknesses, culture, race, and backgrounds.

Differentiated Assessment - Principles and Methods of ...

This is where differentiated instruction and assessment comes in. Teachers need to create a variety of entry points to ensure that student differing abilities, strengths, and needs are all taken into consideration. Students then need varying opportunities to demonstrate their knowledge based on the teaching, hence differentiated assessment.
