Do Your Children Believe?

Becoming Intentional About Your Family's Faith and Spiritual Legacy
Thomas Nelson

Are your children ready to live out their faith in the real world? Most parents who value Christian faith want their children to enjoy a vibrant, growing relationship with God, both now and throughout their lives. But few of those parents ever attach this hope to an ongoing plan; therefore, they fail to lay a reliable

spiritual track in front of the fast-moving train of family life. This book is a junction point where deep parental desire meets workable design and where timid inadequacy meets Christ's sufficiency. It's where individual families become multiplication factories, exerting a lasting impact not only on their coming generations but even on the culture at large. The death of Joshua and his contemporaries was barely old news in Israel before the people of God experienced a Judges 2:10 moment: "There arose another generation after them who did not know the Lord or the work that he had done" (ESV). One generation is all it takes. One generation who stops remembering. One generation who stops creating. One generation blinded to God's real work in their lives

who then subtly quiets the expectation of His new work in succeeding generations. *Do Your Children Believe?* appears at a time in history when another Judges 2:10 moment doesn't sound so incredibly far-fetched—a day when many people's only real knowledge of God comes from what they've heard and read about, not what they've actually seen and experienced, and when His work is more about the dutiful following of rules than the daily adventure of walking with Him as Lord. Imagine, instead, a generation of your family who knows God with intimate familiarity. Who doesn't just pretend at faith but actually lives it. Kids who can tell you what they believe and why it matters. Teenagers who handle adversity with the resilient joy of godly

wisdom. A family who prays together and worships together, growing into young adults who are equipped and inspired to keep this torch ablaze from the moment their own new families begin. This book is here to make that reality happen, written by an author equipped with not only a passion for the concept but also a proven plan for success—a wealth of first-hand personal stories from his wife and kids for how they’ve put this plan into living action with remarkable blessings in tow. When God puts His power behind families who embrace this kingdom call, on-the-ground change will result in off-the-charts revival.

What You Do Is Who You Are

How to Create Your Business Culture *HarperCollins*

Ben Horowitz, a leading venture capitalist, modern management expert, and New York Times bestselling author, combines lessons both from history and from modern organizational practice with practical and often surprising advice to help executives build cultures that can weather both good and bad times. Ben Horowitz has long been fascinated

by history, and particularly by how people behave differently than you'd expect. The time and circumstances in which they were raised often shapes them—yet a few leaders have managed to shape their times. In *What You Do Is Who You Are*, he turns his attention to a question crucial to every organization: how do you create and sustain the culture you want? To Horowitz, culture is how a company makes decisions. It is the set of assumptions employees use to resolve everyday problems: should I stay at the Red Roof Inn, or the Four Seasons? Should we discuss the color of this product for five minutes or thirty hours? If culture is not purposeful, it will be an accident or a mistake. *What You Do Is Who You Are* explains how to make your culture purposeful by spotlighting

four models of leadership and culture-building—the leader of the only successful slave revolt, Haiti's Toussaint Louverture; the Samurai, who ruled Japan for seven hundred years and shaped modern Japanese culture; Genghis Khan, who built the world's largest empire; and Shaka Senghor, a man convicted of murder who ran the most formidable prison gang in the yard and ultimately transformed prison culture. Horowitz connects these leadership examples to modern case-studies, including how Louverture's cultural techniques were applied (or should have been) by Reed Hastings at Netflix, Travis Kalanick at Uber, and Hillary Clinton, and how Genghis Khan's vision of cultural inclusiveness has parallels in the work of Don Thompson,

the first African-American CEO of McDonalds, and of Maggie Wilderotter, the CEO who led Frontier Communications. Horowitz then offers guidance to help any company understand its own strategy and build a successful culture. *What You Do Is Who You Are* is a journey through culture, from ancient to modern. Along the way, it answers a question fundamental to any organization: who are we? How do people talk about us when we're not around? How do we treat our customers? Are we there for people in a pinch? Can we be trusted? Who you are is not the values you list on the wall. It's not what you say in company-wide meeting. It's not your marketing campaign. It's not even what you believe. Who you are is what you do. This book aims to help you

do the things you need to become the kind of leader you want to be—and others want to follow.

Why You Got All That Stuff: What You Can Do About Your Cluttered Lifestyle and Achieve Your Goals Anyway *Lulu.com*

Look around at the room you're sitting in. If a fire broke out and you only had time to save one thing what would it be? Why? What would you miss most from the stuff you couldn't save? Questions like this are important because we all have way too much stuff in our lives. There are movements called de-cluttering, and minimalism which deal with this a lot. Most people have a hard time with throwing out anything, or even giving it away. Ever wonder why?

Deeper than that, why did you ever get that stuff to begin with? The answers to this came from an unlikely area. It wasn't psychology or some self-help book. It came from a study of the best marketers and advertisers of all time. And crossed this with how legends, myths, and modern films all have the same basic plot. These two together explain why we want what we want. And with all that stuff we buy, why we never achieve, acquire, or attain what we really want. Know this and achieve your personal success goals. The Reflective Parent: How to Do Less and Relate More with Your Kids

W. W. Norton & Company

An innovative parenting approach

empowering parents to trust their instincts and embrace uncertainty. Figuring out how to raise happy, healthy, and successful kids can be overwhelming. Parents find themselves wading through tons of conflicting advice. Books that outline a “right way” of doing things can leave even the most dedicated caregiver feeling discouraged and inadequate when real life doesn’t measure up. An experienced psychiatrist and founder of the Center for Reflective Communities, Regina Pally serves up something totally different in her book. She argues that the key to successful parenting is learning to slow down, reflect, and recognize that there is no one key to doing it right. The Reflective Parent synthesizes the latest in neuroscience research to show that our

brain's natural tendencies to empathize, analyze, and connect with others are all we need to be good parents. Each chapter weaves together discussions of specific reflective parenting principles like "Tolerate Uncertainty" and "Repair Ruptures" with engaging explanations of the science that backs them up. Brief "Take Home Lessons" at the end of each chapter and vivid examples of parents and children putting the principles into action make this a highly readable, practical guide for anyone looking to build loving, lasting relationships with their kids.

Would You Do That to Your Mother?

**The "Make Mom Proud" Standard for
How to Treat Your Customers**
Penguin

Customer experience pioneer Jeanne Bliss shows why "Make Mom Proud" companies outperform their competition. Her 5-step guide to customer experience and culture transformation makes this achievement possible. Bliss urges companies to make business personal to earn ardent fans and admirers, by focusing on one deceptively simple question: "Would you do that to your mother?" "Make Mom Proud" companies give customers the treatment they desire, and employees the ability to deliver it. They turn "gotcha" moments into "we've got your back" moments by rethinking business practices, and they enable employees to be part of the

solution to fix customer frustrations. Bliss scoured the marketplace seeking companies who excel at living their core values, grounded in what we all learned as kids. She offers a five-step plan for evaluating your current behaviors and implementing actions at every level of the organization. Step 1. "Be the Person I Raised You to Be" Understand how you are hiring, developing and trusting employees to bring the best version of themselves to work. Vail resorts, for example, the world's largest ski resort operator, banned the three words "Our policy is..." from their vocabulary, freeing employees to take spirited actions to deliver "the experience of a lifetime." Step 2. "Don't Make Me Feed You Soap" Learn the eight key frustrations that bind us as customers

(waiting, fear, anxiety, the black hole of no communication, etc.) and how to apply actions from companies who are delivering a seamless, frictionless and easy experience. Step 3. “Put Others Before Yourself” Determine if your focus is on helping customers achieve their goals – and evaluate how that is fueling your growth. Canada's Mayfair Diagnostics, for example, spent over a year studying the emotions of patients entering an imaging clinic, so they could redesign their welcome to deliver warmth and caring over procedure and process. The newly designed clinic achieved profitability in record time. Step 4. “Take the High Road” Learn how companies who do the right thing rise above the competition. Virgin Hotels, for example, named #1 U.S. hotel by Conde

Nast Reader's Choice Awards, walked away from price gouging at the mini bar, so you'll never pay more for that Snickers bar than what you'd pay at the corner market. Step 5. “Stop the Shenanigans!” Evaluate your current company behaviors and identify the key actions that you can begin immediately. With 32 case studies and examples from more than 85 companies, this is a practical and easy to follow guide for your experience and culture transformation. Filled with comics to snapshot our experiences as customers, a “mom lens” to reflect continuously on your performance, and a “make-mom-proud-ometer” quiz – the book makes Bliss’s approach accessible and approachable. Join the movement to #MakeMomProud by applying this book

across your organization. Whether you're contemplating your company's returns policy, its social media presence, or its big-picture strategy, this approach will help your company anticipate both employee and customer needs, extend patience, and show respect at all times.

The Life You Can Save

Acting Now to End World Poverty *Random House*

For the first time in history, eradicating world poverty is within our reach. Yet around the world, a billion people struggle to live each day on less than many of us pay for bottled water. In *The Life You Can Save*, Peter Singer uses ethical arguments, illuminating examples, and case studies of charitable giving to show that our current response to world poverty is not only insufficient but morally indefensible. *The Life You Can Save* teaches us to be a part of the solution, helping others as we help

ourselves.
