Description: This sixth edition of Macroeconomics reflects three concerns: First, we have maintained the middle-of-the-road approach. Students should learn foremost what is established and useful, not what is esoteric or at best speculative. There is plenty of room to bring in new ideas, but the emphasis must be on what can be asserted with great confidence as right and to the point. Second, we have tried to reflect the changing tone and emphasis that emerges from the past decade of ...

Dornbusch, Fischer and Startz has been a long-standing, leading intermediate macroeconomic theory text since its introduction in 1978. This revision retains most of the text's traditional features, including a middle-of-the-road approach and very current research, while updating and simplifying the exposition.
