Thanks for choosing our system for your PDF downloads. We look forward to providing you with exceptional service and diverse alternatives for several years ahead.

David and Goliath

Underdogs, Misfits, and the Art of Battling Giants Back Bay Books

Malcolm Gladwell's provocative new #1 bestseller -- now in paperback. Three thousand years ago on a battlefield in ancient Palestine, a shepherd boy felled a mighty warrior with nothing more than a pebble and a sling-and ever since, the names of David and Goliath have stood for battles between underdogs and giants. David's victory was improbable and miraculous. He shouldn't have won. Or should he? In DAVID AND GOLIATH, Malcolm Gladwell challenges how we think about obstacles and disadvantages, offering a new interpretation of what it means to be discriminated against, suffer from a disability, lose a parent, attend a mediocre school, or endure any number of other apparent setbacks. In the tradition of Gladwell's previous bestsellers-The Tipping Point, Blink, Outliers and What the Dog Saw-DAVID AND GOLIATH draws upon history, psychology and powerful story-telling to reshape the way we think of the world around us.

David and Goliath

Underdogs, Misfits, and the Art of Battling Giants Little, Brown

Explore the power of the underdog in Malcolm Gladwell's dazzling examination of success, motivation, and the role of adversity in shaping our lives, from the bestselling author of The Bomber Mafia. Three thousand years ago on a battlefield in ancient Palestine, a shepherd boy felled a mighty warrior with nothing more than a stone and a sling, and ever since then the names of David and Goliath have stood for battles between underdogs and giants. David's victory was improbable and miraculous. He shouldn't have won. Or should he have? In David and Goliath, Malcolm Gladwellchallenges how we think about obstacles and disadvantages, offering a new interpretation of what it means to be discriminated against, or cope with a disability, or lose a parent, or attend a mediocre school, or suffer from any number of other apparent setbacks. Gladwell begins with the real story of what happened between the giant and the shepherd boy those many years ago. From there, David and Goliath examines Northern Ireland's Troubles, the minds of cancer researchers and civil rights leaders, murder and the high costs of revenge, and the dynamics of successful and unsuccessful classrooms—all to demonstrate how much of what is beautiful and important in the world arises from what looks like suffering and adversity. In the tradition of Gladwell's previous bestsellers—The Tipping Point, Blink, Outliers and What the Dog Saw—David and Goliath draws upon history, psychology, and powerful storytelling to reshape the way we think of the world around us.

David and Goliath

Underdogs, Misfits, and the Art of Battling Giants Little Brown & Company

Uncovers the hidden rules that shape the balance between the weak and the mighty and the powerful and the dispossessed.

David and Goliath

Underdogs, Misfits, and the Art of Battling Giants Allen Lane

'Gladwell's most enjoyable book so far. It is a feel-good extravaganza, nourishing both heart and mind' Financial Times'I devoured in a single reading' Richard E. Grant'When you read it, you feel like you can topple giants' Jon RonsonWhat if everything we thought about power was wrong? What if, in the ancient story of the shepherd boy who topples a giant, David actually had the advantage? This thought sets Malcolm Gladwell on an extraordinary journey that takes him from art to basketball, the brain to revolutions, along the way weaving unforgettable stories of misfits, outsiders, tricksters and underdogs who have faced outsized challenges and won. With his trademark warmth, humour and gift for showing us the world through new eyes, Gladwell lets us see why the powerful aren't always what we think they are - and that some of us have more strength and purpose than we could ever imagine.'Intoxicating, powerful and morally engaged' Guardian'Truly intriguing and inspiring' Los Angeles Times'Breath-taking and thought-provoking' The New York Times'An energetic, counterintuitive exploration of why (and how) underdogs succeed' Guardian, Books of the Year'Continuing to gently but persistently blow my mind' Lauren Laverne

Outliers

The Story of Success Penguin UK

From the bestselling author of Blink and The Tipping Point, Malcolm Gladwell's Outliers: The Story of Success overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. Outliers will change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times

The Digested Read RDR Books

Literary ombudsman John Crace never met an important book he didnt like to deconstruct.From Salman Rushdie to John Grisham, Crace retells the big books in just 500 bitingly satirical words, pointing his pen at the clunky plots, stylistic tics and pretensions to Big Ideas, as he turns publishers golden dream books into dross. In the grand tradition of Tom Lehrer and Stan Freberg, Crace takes the books that produce the most media hype and retells each story in its authors inimitable style. Philip Roth, Don DeLillo, Margaret Drabble, Paul Auster, Alice Sebold, John Updike, Tom Wolfe, Ruth Rendell, A.S. Byatt, John LeCarre, Michael Crichton and Ian McEwan all emerge delightfully scathed in this book that makes it easy to talk knowingly about books youve never bothered to read or, for that matter, should have.

Summary - David and Goliath

Book by Malcolm Gladwell - Underdogs, Misfits, and the Art of Battling Giants Createspace Independent Publishing Platform

Includes summary, analysis, and a short quiz about Malcolm Gladwell's book David and Goliath: underdogs, misfits, and the art of battling giants.

The Bomber Mafia

A Dream, a Temptation, and the Longest Night of the Second World War Little, Brown

This New York Times Book Review Editors' Choice explores how technology and best intentions collide in the heat of war. In The Bomber Mafia, Malcolm Gladwell weaves together the stories of a Dutch genius and his homemade computer, a band of brothers in central Alabama, a British psychopath, and pyromaniacal chemists at Harvard to examine one of the greatest moral challenges in modern American history. Most military thinkers in the years leading up to World War II saw the airplane as an afterthought. But a small band of idealistic strategists, the “Bomber Mafia,” asked: What if precision bombing could cripple the enemy and make war far less lethal? In contrast, the bombing of Tokyo on the deadliest night of the war was the brainchild of General Curtis LeMay, whose brutal pragmatism and scorched-earth tactics in Japan cost thousands of civilian lives, but may have spared even more by averting a planned US invasion. In The Bomber Mafia, Gladwell asks, “Was it worth it?” Things might have gone differently had LeMay’s predecessor, General Haywood Hansell, remained in charge. Hansell believed in precision bombing, but when he and Curtis LeMay squared off for a leadership handover in the jungles of Guam, LeMay emerged victorious, leading to the darkest night of World War II. The Bomber Mafia is a riveting tale of persistence, innovation, and the incalculable wages of war.

A Summary, Review & Analysis of Malcolm Gladwell's David and Goliath

Underdogs, Misfits, and the Art of Battling Giants CreateSpace

WARNING: This is not the actual book David and Goliath. Do not buy this unofficial Summary, Review & Analysis until you first have a copy of this great book. As you read David and Goliath, Save Time Summaries is the perfect companion to help you get the most out of the book.We have pulled out some of the key take-away points and insights to give you a comprehensive chapter-by-chapter summary, analysis and review as you read this fascinating book. In doing so, unfortunately we do not have the space to include all of the many important ideas and anecdotes found in the book. To

get it all, you should first order the full book. Packaged together in an engaging and easily digestible format, this concise summary, review & analysis works best as an unofficial guide or companion to read alongside the book. In David and Goliath: Underdogs, Misfits, and the Art of Battling Giants, author Malcolm Gladwell once again challenges conventional ways of thinking by providing paradigm-shifting examples of how things are not always what they seem. In Outliers, he challenged the notion of innate talent; in The Tipping Point, he showed that trends do not start by accident; and in Blink, he demonstrated why first impressions are often the most correct ones. Malcolm Gladwell's books all have an air of rebelliousness to them, a sense of sticking a thumb in the eye of widely accepted mainstream thought. David and Goliath is no exception. Again and again, Gladwell provides evidence that our assumptions about power, authority, strength, advantages, and disadvantages might be completely backwards. Here's your chapter-by-chapter guide that you can download and read alongside David and Goliath right now!

The Last Great Road Bum

A Novel MCD

One of the Los Angeles Times Top 10 California Books of 2020. One of Publishers Weekly's Top 10 Fiction Books from 2020. Longlisted for the Carnegie Medal for Excellence and the Joyce Carol Oates prize. One of Exile in Bookville's Favorite Books of 2020. In The Last Great Road Bum, Héctor Tobar turns the peripatetic true story of a naive son of Urbana, Illinois, who died fighting with guerrillas in El Salvador into the great American novel for our times. Joe Sanderson died in pursuit of a life worth writing about. He was, in his words, a “road bum,” an adventurer and a storyteller, belonging to no place, people, or set of ideas. He was born into a childhood of middle-class contentment in Urbana, Illinois and died fighting with guerillas in Central America. With these facts, acclaimed novelist and journalist Héctor Tobar set out to write what would become The Last Great Road Bum. A decade ago, Tobar came into possession of the personal writings of the late Joe Sanderson, which chart Sanderson's freewheeling course across the known world, from Illinois to Jamaica, to Vietnam, to Nigeria, to El Salvador—a life determinedly an adventure, ending in unlikely, anonymous heroism. The Last Great Road Bum is the great American novel Joe Sanderson never could have written, but did truly live—a fascinating, timely hybrid of fiction and nonfiction that only a master of both like Héctor Tobar could pull off.

David & Goliath by Malcolm Gladwell, Summary

More Knowledge in Less Time

Summary: David & Goliath by Malcolm Gladwell Whether a conflict is between two nations, two businesses, or even a person battling physical dysfunction, we tend to assume that the bigger and better armed of the opponents will take the day. That's why stories like the battle between Goliath and David capture our imagination - they are so remarkable. But Malcolm Gladwell proposes that we are missing out on the bigger picture - we assume too much about outcomes and miss some realities which paint a different picture. Certainly, Goliath presents an imposing threat, but he is generally not as invulnerable as we initially expect, and David is not without resources and options. In making this point in "David and Goliath: Underdogs, Misfits, and the Art of Battling Giants ", Gladwell reviews a number of underdog stories which illustrate his core message - that David is much more likely to succeed against Goliath than is generally expected - while providing insights into how each of us can find the resources needed to overcome our own Goliaths. Benefits of Swiftread summaries: Readability: clear, concise and well-written for easy reading. Retention: structured into logical sections and enhanced with bullet points, lists and quotations to maximize retention of knowledge. Review: provides a fast knowledge refresher when you need it. Take action today and download this book for a limited time discount of only \$2.99!

The Tipping Point

How Little Things Can Make a Big Difference Little, Brown

From the bestselling author of The Bomber Mafia: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. “A wonderful page-turner about a fascinating idea that should affect the way every thinking person looks at the world.” —Michael Lewis

Blink

The Power of Thinking Without Thinking Back Bay Books

From the #1 bestselling author of The Bomber Mafia, the landmark book that has revolutionized the way we understand leadership and decision making. In his breakthrough bestseller The Tipping Point, Malcolm Gladwell redefined how we understand the world around us. Now, in Blink, he revolutionizes the way we understand the world within. Blink is a book about how we think without thinking, about choices that seem to be made in an instant--in the blink of an eye--that actually aren't as simple as they seem. Why are some people brilliant decision makers, while others are consistently inept? Why do some people follow their instincts and win, while others end up stumbling into error? How do our brains really work--in the office, in the classroom, in the kitchen, and in the bedroom? And why are the best decisions often those that are impossible to explain to others? In Blink we meet the psychologist who has learned to predict whether a marriage will last, based on a few minutes of observing a couple; the tennis coach who knows when a player will double-fault before the racket even makes contact with the ball; the antiquities experts who recognize a fake at a

glance. Here, too, are great failures of "blink": the election of Warren Harding; "New Coke"; and the shooting of Amadou Diallo by police. Blink reveals that great decision makers aren't those who process the most information or spend the most time deliberating, but those who have perfected the art of "thin-slicing"--filtering the very few factors that matter from an overwhelming number of variables.

Summary of David and Goliath

by Malcolm Gladwell - Underdogs, Misfits, and the Art of Battling Giants - A Comprehensive Summary BookSummaryGr

Summary of David and Goliath David and Goliath is another book written by renowned and famous writer, Malcolm Gladwell. The author is famous for his previous works: The Tipping Point, Blink, and Outliers. Just as his previous works, David and Goliath is another ‘in depth’ book in which Gladwell explains some truths and facts about ourselves and our minds that we did not know. Many of us know the story about the two biblical characters, David and Goliath. In his new book the author uses the example of David and Goliath in order to explain and describe to us that our achievements can be a lot better than they are now. There are many examples in our lives in which underdogs beat and win over those who seem better and stronger. The question is – how does that happen? What makes this happen? We will find the answer to that question (and many others) in the summary below. This summary consists of several parts. The second part (after the introduction) is the main part – the summary section where we will summarize the book. After the summary we will have the book analysis, short quiz with answers, and the conclusion of the book. I hope that our readers will enjoy reading this summary and decide to read the original book. Here is a Preview of What You Will Get: - A Full Book Summary - An Analysis - Fun quizzes - Quiz Answers - Etc Get a copy of this summary and learn about the book.

What the Dog Saw

And Other Adventures Penguin UK

Malcolm Gladwell asks the questions you never even thought to ask (and will change the way you think) about everything from criminal profiling to ketchup.

Summary: David and Goliath

Review and Analysis of Gladwell's Book Must Read Summaries

The must-read summary of Malcolm Gladwell's book: "David and Goliath: Underdogs, Misfits, and the Art of Battling Giants". This complete summary of the ideas from Malcolm Gladwell's book: "David and Goliath" explains that outsiders can win over obvious leaders. It shows that a perceived advantage can, in the end, turn out to be a disadvantage. Gladwell illustrates this theory with the story of David and Goliath. When confronting powerful opponents, instead of wondering if they have more power than you, the question you should be asking yourself is if there is a way that you can play by your own rules. For Gladwell, the key to defeating a powerful competitor is to avoid confronting them outright. Added-value of this summary: • Save time • Understand the key concepts • Turn your underdog status into a strength To learn more, read "David and Goliath" and find out how to play by your own rules.

Packed with practical tips and cutting-edge advice, Dress Your Best Life will teach you to harness the power of fashion for the life you want to live.

Talking to Strangers

What We Should Know about the People We Don't Know *Little, Brown*

Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller Outliers, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller David and Goliath, Malcolm Gladwell has written a gripping guidebook for troubled times.

Summary, Analysis & Review of Malcolm Gladwells David and Goliath *Createspace Independent Publishing Platform*

Summary, Analysis & Review of Malcolm Gladwell's David and Goliath by Instaread Preview: Malcolm Gladwell's David and Goliath: Underdogs, Misfits, and the Art of Battling Giants is a book about perceived disadvantage. People with few resources or certain disadvantages may seem weak and unlikely to win. However, in many cases, the same factors that make underdogs seem weak gives them built-in advantages. Underdogs are much more likely to win than people think. In the biblical battle between David and the giant Goliath, David won because he refused to play by the rules of the powerful. He used a deadly sling rather than engaging in honorable hand-to-hand combat. The weak often feel free to adopt scrappy, unexpected tactics that the powerful disdain. As a result, powerful nations are often defeated by insurgencies. A major problem for Goliath-like forces is that oppression and the application of violence can lead to greater and more effective resistance. Government rule always depends on some level of legitimacy and... PLEASE NOTE: This is a Summary, Analysis & Review of the book and NOT the original book. Redirect

Changing the Stories We Live By *Little, Brown*

"There are few academics who write with as much grace and wisdom as Timothy Wilson. REDIRECT is a masterpiece." -Malcolm Gladwell What if there were a magic pill that could make you happier, turn you into a better parent, solve a number of your teenager's behavior problems, reduce racial prejudice, and close the achievement gap in education? There is no such pill, but story editing - the scientifically based approach described in REDIRECT - can accomplish all of this. The world-renowned psychologist Timothy Wilson shows us how to redirect the stories we tell about ourselves and the world around us, with subtle prompts, in ways that lead to lasting change. Fascinating, groundbreaking, and practical, REDIRECT demonstrates the remarkable power small changes can have on the ways we see ourselves and our environment, and how we can use this in our everyday lives.

Data and Goliath: The Hidden Battles to Collect Your Data and Control Your World *W. W. Norton & Company*

“Bruce Schneier’s amazing book is the best overview of privacy and security ever written.”—Clay Shirky “Bruce Schneier’s amazing book is the best overview of privacy and security ever written.”—Clay Shirky Your cell phone provider tracks your location and knows who’s with you. Your online and in-store purchasing patterns are recorded, and reveal if you're unemployed, sick, or pregnant. Your e-mails and texts expose your intimate and casual friends. Google knows what you’re thinking because it saves your private searches. Facebook can determine your sexual orientation without you ever mentioning it. The powers that surveil us do more than simply store this information. Corporations use surveillance to manipulate not only the news articles and advertisements we each see, but also the prices we’re offered. Governments use surveillance to discriminate, censor, chill free speech, and put people in danger worldwide. And both sides share this information with each other or, even worse, lose it to cybercriminals in huge data breaches. Much of this is voluntary: we cooperate with corporate surveillance because it promises us convenience, and we submit to government surveillance because it promises us protection. The result is a mass surveillance society of our own making. But have we given up more than we’ve gained? In Data and Goliath, security expert Bruce Schneier offers another path, one that values both security and privacy. He brings his bestseller

up-to-date with a new preface covering the latest developments, and then shows us exactly what we can do to reform government surveillance programs, shake up surveillance-based business models, and protect our individual privacy. You'll never look at your phone, your computer, your credit cards, or even your car in the same way again.

David Vs Goliath

How to Compete, and Beat, the On-Line Giant. 100 Proven Promotions for Brick and Mortar Retailers *Bookbaby*

In this age of Amazon, Google, and online ordering, sometimes it's hard to remember the days of brick and mortar stores, when you could walk into a physical store, and touch, see, smell the food, clothes, books. Brick and mortar (or B&M, as we will refer to it in this book), are those retail businesses that are located in an actual building (as opposed to an online retailer, or e-tailer, who rarely has a physical location for shoppers to visit). Retailers today no longer have the biggest inventories, best selections or best prices. Brick & Mortar retailers don't have the best hours of operation and cannot compete with the giant on-line retailers or can they? Yes they can, but they need to change the game, and play to the advantages they have and there are many advantages and strengths that must be utilized to not just compete, but beat the on-line giant. In this book you will learn 100 proven promotions and lots of advise and wisdom to win.

Obsessives, Pioneers, and Other Varieties of Minor Genius

Part One from What the Dog Saw *Little, Brown*

!--StartFragment--What is the difference between choking and panicking? Why are there dozens of varieties of mustard-but only one variety of ketchup? What do football players teach us about how to hire teachers? What does hair dye tell us about the history of the 20th century? In the past decade, Malcolm Gladwell has written three books that have radically changed how we understand our world and ourselves: The Tipping Point; Blink; and Outliers. Now, in What the Dog Saw, he brings together, for the first time, the best of his writing from The New Yorker over the same period. Here is the bittersweet tale of the inventor of the birth control pill, and the dazzling inventions of the pasta sauce pioneer Howard Moscovitz. Gladwell sits with Ron Popeil, the king of the American kitchen, as he sells rotisserie ovens, and divines the secrets of Cesar Millan, the "dog whisperer" who can calm savage animals with the touch of his hand. He explores intelligence tests and ethnic profiling and "hindsight bias" and why it was that everyone in Silicon Valley once tripped over themselves to hire the same college graduate. "Good writing," Gladwell says in his preface, "does not succeed or fail on the strength of its ability to persuade. It succeeds or fails on the strength of its ability to engage you, to make you think, to give you a glimpse into someone else's head." What the Dog Saw is yet another example of the buoyant spirit and unflagging curiosity that have made Malcolm Gladwell our most brilliant investigator of the hidden extraordinary. !--EndFragment--

Cirque Du Freak *HarperCollins UK*

The chilling Saga of Darren Shan, the ordinary schoolboy plunged into the vampire world.

Theories, Predictions, and Diagnoses

Part Two from What the Dog Saw *Little, Brown*

Sundays at Tiffany's (Bonus Edition) *Little, Brown*

The successful but lonely daughter of a powerful New York theater icon falls for her childhood imaginary friend in this touching love story. As a little girl, Jane has no one. Her mother, a powerful Broadway producer, makes time for her only once a week, for their Sunday trip to admire jewelry at Tiffany's. Jane has only one friend: a handsome, comforting, funny man named Michael. He's perfect. But only she can see him. Years later, Jane is in her thirties and just as alone as ever. Then she meets Michael again-as handsome, smart and perfect as she remembers him to be. But not even Michael knows the reason they've really been reunited. Sunday at Tiffany's is a love story with an irresistible twist, a novel about the child inside all of us and the boundary-crossing power of love.

Brainstorm

The Power and Purpose of the Teenage Brain *Penguin*

In this New York Times–bestselling book, Dr. Daniel Siegel shows parents how to turn one of the most challenging developmental periods in their children’s lives into one of the most rewarding. Between the ages of twelve and twenty-four, the brain changes in important and, at times, challenging ways. In Brainstorm, Dr. Daniel Siegel busts a number of commonly held myths about adolescence—for example, that it is merely a stage of “immaturity” filled with often “crazy” behavior. According to Siegel, during adolescence we learn vital skills, such as how to leave home and enter the larger world, connect deeply with others, and safely experiment and take risks. Drawing on important new research in the field of interpersonal neurobiology, Siegel explores exciting ways in which understanding how the brain functions can improve the lives of adolescents, making their relationships more fulfilling and less lonely and distressing on both sides of the generational divide.

Summary, Analysis & Review of Malcolm Gladwell’s David and Goliath by Instaread *Instaread*

Summary, Analysis & Review of Malcolm Gladwell’s David and Goliath by Instaread Preview: Malcolm Gladwell’s David and Goliath: Underdogs, Misfits, and the Art of Battling Giants is a book about perceived disadvantage. People with few resources or certain disadvantages may seem weak and unlikely to win. However, in many cases, the same factors that make underdogs seem weak gives them built-in advantages. Underdogs are much more likely to win than people think. In the biblical battle between David and the giant Goliath, David won because he refused to play by the rules of the powerful. He used a deadly sling rather than engaging in honorable hand-to-hand combat. The weak often feel free to adopt scrappy, unexpected tactics that the powerful disdain. As a result, powerful nations are often defeated by insurgencies. A major problem for Goliath-like forces is that oppression and the application of violence can lead to greater and more effective resistance. Government rule always depends on some level of legitimacy and... PLEASE NOTE: This is a Summary, Analysis & Review of the book and NOT the original book. The Structure of Morale *Pickle Partners Publishing*

During World War I, when Captain J. T. MacCurdy, a Canadian psychiatrist and Cornell University lecturer, was despatched on a special mission to Britain, he undertook one of the earliest studies of war neuroses. The new factor was the availability of high explosives following Nobel’s discovery of dynamite in 1867 (nitroglycerin and diatomaceous earth) and developments thereof such as trinitrotoluene (TNT) and picric acid. High explosives were a boon to the mining and the civil engineer but inflicted terrible injuries on combatants. Shell shock—or, as we would now call it, post-traumatic stress disorder—resulted from extreme experiences on the battlefield, injury, concussion, being buried alive or simply the scale of the slaughter. This book, which was first published in 1943, contains the text of lectures delivered by Dr. J. T. MacCurdy to groups of officers from the army and the auxiliary women’s services early in WWII. MacCurdy, continuing on from his findings during WWI, discusses the nature of fear, the national factors at play in the creation and sustainability of morale with reference to the Allied and Axis powers, and the significance of psychological factors in practice

in an organized community. “This intelligent, objective analysis of the nature of the psychological factor in war was intended for the British soldier, but its interest and application are universal.”—Foreign Affairs

You’re Not Broken

Break free from trauma and reclaim your life *Penguin Group Australia*

In one way or another, we all carry trauma. It can manifest as anxiety, shame, low self-esteem, over-eating, under-eating, addiction, depression, confusion, people-pleasing, under-earning, low mood, negative thinking, social anxiety, anger, brain fog and more. Traumas, big or ‘little’, leave us trapped in cycles of dysfunctional behaviours, negative thoughts and difficult feelings. Yet many people are unaware they’re stuck in old reactions and patterns that stem from their past traumas. Many of us are wary of the word and push it away instead of moving towards it and learning how to break free. Dr Sarah Woodhouse is a Research Psychologist who specialises in trauma and is passionate about helping people face this word and their past. In You’re Not Broken she teaches you what a trauma is (it’s probably not what you think), and how to recognise when, why and how your past is holding you back. She gently explains the pitfalls of ignoring awkward, upsetting episodes and how true freedom comes from looking back at your past with honesty. Then, sharing the latest research-based techniques and her own personal experience, she guides you towards breaking the trauma loop, reawakening your true self and reclaiming your future.

David and Goliath

Underdogs, Misfits, and the Art of Battling Giants

WARNING: This is not the actual book David and Goliath. Do not buy this unofficial Summary, Review & Analysis until you first have a copy of this great book. As you read David and Goliath, Save Time Summaries is the perfect companion to help you get the most out of the book.We have pulled out some of the key take-away points and insights to give you a comprehensive chapter-by-chapter summary, analysis and review as you read this fascinating book. In doing so, unfortunately we do not have the space to include all of the many important ideas and anecdotes found in the book. To get it all, you should first order the full book. Packaged together in an engaging and easily digestible format, this concise summary, review & analysis works best as an unofficial guide or companion to read alongside the book. In David and Goliath: Underdogs, Misfits, and the Art of Battling Giants, author Malcolm Gladwell once again challenges conventional ways of thinking by providing paradigm-shifting examples of how things are not always what they seem. In Outliers, he challenged the notion of innate talent; in The Tipping Point, he showed that trends do not start by accident; and in Blink, he demonstrated why first impressions are often the most correct ones.Malcolm Gladwell's books all have an air of rebelliousness to them, a sense of sticking a thumb in the eye of widely accepted mainstream thought. David and Goliath is no exception. Again and again, Gladwell provides evidence that our assumptions about power, authority, strength, advantages, and disadvantages might be completely backwards.Here’s your chapter-by-chapter guide that you can download and read alongside David and Goliath right now!

History of Economic Thought *Houghton Mifflin College Division*

An upper-level text, History of Economic Thought continues to offer a lively, accessible discussion of ideas that have shaped modern economics. The Fourth Edition has been thoroughly revised to reflect recent scholarship and research, as well as a more pointed focus on modern economic thought. The text remains a highly understandable and opinionated—but fair—presentation of the history of economic thought.

Summary of “No Excuses!” by Brian Tracy - Free book by QuickRead.com *QuickRead.com*

Do you want more free books like this? Download our app for free at https://www.QuickRead.com/App and get access to hundreds of free book and audiobook summaries. If you’ve ever taken a look at your life and wondered what’s holding you back, No Excuses is literally the answer. Brian Tracy’s explosive study on the power of self-discipline will show you how to break down the barriers between you and success by simply eliminating the excuses we tell ourselves every day. Exploring the power of self-discipline in practice, No Excuses (2010) takes a look at how we can improve three critical areas of our lives-- personal success, career success, and overall happiness-- through aggressive self-discipline. Arguing that excuses are the limitations we place on ourselves, Tracy challenges readers to relinquish the crutch of convenient excuses and embrace the life-changing power of self-discipline.

David and Goliath

Washington's War Against Nicaragua

Think Like A Freak *Harper Collins*

Steven Levitt and Stephen Dubner single-handedly showed the world that applying counter-intuitive approaches to everyday problems can bear surprising results. Think Like a Freak will take readers further inside this special thought process, revealing a new way of approaching the decisions we make, the plans we create and the morals we choose. It answers the question on the lips of everyone who’s read the previous books: How can I apply these ideas to my life? How do I make smarter, harder and better decisions? How can I truly think like a freak? With short, highly entertaining insights running the gamut from “The Upside of Quitting” to “How to Succeed with No Talent,” Think Like a Freak is poised to radically alter the way we think about all aspects of life on this planet.
