According to Yamaha, the 2002 SXViper ER models need to have a charged battery to operate properly. The electrical system on this particular model does not have the same smoothing capacitors as the non-ER models. As a result, operating the sled without a battery installed will cause a host of strange electrical problems; like you are experiencing.

Strange 2002 Viper Problems - Snowtechmagazine.com

The fact that the Viper combines strong power characteristics with solid fuel efficiency is an added plus for Yamaha customers. To further enhance the engine's sense of performance, Yamaha engineers designed a Viper-specific clutch weight that increases acceleration by generating 30% greater force during acceleration than the SX700.
