Blue Latitudes

Boldly Going Where Captain Cook Has Gone Before *Henry Holt and Company*

In an exhilarating tale of historic adventure, the Pulitzer Prize-winning author of Confederates in the Attic retraces the voyages of Captain James Cook, the Yorkshire farm boy who drew the map of the modern world Captain James Cook's three epic journeys in the 18th century were the last great voyages of discovery. His ships sailed 150,000 miles, from the Artic to the Antarctic, from Tasmania to Oregon, from Easter Island to Siberia. When Cook set off for the Pacific in 1768, a third of the globe remained blank. By the time he died in Hawaii in 1779, the map of the world was substantially complete. Tony Horwitz vividly recounts Cook's voyages and the exotic scenes the captain encountered: tropical orgies, taboo rituals, cannibal feasts, human sacrifice. He also relives Cook's adventures by following in the captain's wake to places such as Tahiti, Savage Island, and the Great Barrier Reef to discover Cook's embattled legacy in the present day. Signing on as a working crewman aboard a replica of Cook's vessel, Horwitz experiences the thrill and terror of sailing a tall ship. He also explores Cook the man: an impoverished farmboy who broke through the barriers of his class and time to become the greatest navigator in British history. By turns harrowing and hilarious, insightful and entertaining, BLUE LATITUDES brings to life a man whose voyages helped create the 'global village' we know today.

Manifesta (20th Anniversary Edition, Revised and Updated with a New Preface)

Young Women, Feminism, and the Future *Farrar, Straus and Giroux*

The twentieth anniversary release of a groundbreaking feminist text: a powerful indictment of the current state of feminism, and a passionate call to arms Today, people of all genders strive to uphold the goals of feminism and proudly embrace the term, but the movement itself is often beset with confusion and questions. Does personal empowerment happen at the expense of politics? Is feminism for the few—or does it speak to the many as they bump up against daily injustices? What does it mean to say "the future is female"? In 2000, Jennifer Baumgardner and Amy Richards’s Manifesta set out to chronicle the feminism of their generation. They brilliantly revealed the snags in various hubs of the movement—from antipathy to the term itself to the hyped hatred of feminism’s imperfect spokespeople—and showed that these snags had not imperiled the feminist cause. The book went on to inspire a new generation of readers and has become a classic of contemporary feminist literature. In the decades since Manifesta was

published, the world has changed in ways both promising and terrifying. This twentieth anniversary edition of *Manifesta* features an updated bibliography, timeline, and resources, as well as a new introduction by the authors. Expertly unpacking both early women’s history and the Third Wave feminism that seeded the active righteous intersectionality we see today, *Manifesta* remains an urgent and necessary tool to make sense of our past, present, and future.

True Crime Addict

How I Lost Myself in the Mysterious Disappearance of Maura Murray *Macmillan*

As seen on the Oxygen mini-series *The Disappearance of Maura Murray* When an eleven year old James Renner fell in love with Amy Mihaljevic, the missing girl seen on posters all over his neighborhood, it was the beginning of a lifelong obsession with true crime. That obsession leads James to a successful career as an investigative journalist. It also gave him PTSD. In 2011, James began researching the strange disappearance of Maura Murray, a UMass student who went missing after wrecking her car in rural New Hampshire in 2004. Over the course of his investigation, he uncovers numerous important and shocking new clues about what may have happened to Maura, but also finds himself in increasingly dangerous situations with little regard for his own well-being. As his quest to find Maura deepens, the case starts taking a toll on his personal life, which begins to spiral out of control. The result is an absorbing dual investigation of the complicated story of the All-American girl who went missing and James's own equally complicated true crime addiction. James Renner's *True Crime Addict* is the story of his spellbinding investigation of the missing person's case of Maura Murray, which has taken on a life of its own for armchair sleuths across the web. In the spirit of David Fincher's *Zodiac*, it is a fascinating look at a case that has eluded authorities and one man's obsessive quest for the answers.

Family Properties

Race, Real Estate, and the Exploitation of Black Urban America *Metropolitan Books*

Part family story and part urban history, a landmark investigation of segregation and urban decay in Chicago -- and cities across the nation The "promised land" for thousands of Southern blacks, postwar Chicago quickly became the most segregated city in the North, the site of the nation's worst ghettos and the target of Martin Luther King Jr.'s first campaign beyond the South. In this powerful book, Beryl Satter identifies the true causes of the city's black slums and the ruin of urban neighborhoods throughout the country: not, as some have argued, black pathology, the culture of poverty, or white flight, but a widespread and institutionalized system of legal and financial exploitation. In Satter's riveting account of a city in crisis, unscrupulous lawyers, slumlords, and speculators are pitched against religious reformers, community organizers, and an impassioned attorney who launched a crusade against the profiteers—the author's father, Mark J. Satter. At the heart of the struggle stand the black migrants who, having left the South with its legacy of sharecropping, suddenly find themselves caught in a new kind of debt peonage. Satter shows the interlocking forces at work in their oppression: the discriminatory practices of the banking industry; the federal policies that created the country's shameful "dual housing

market"; the economic anxieties that fueled white violence; and the tempting profits to be made by preying on the city's most vulnerable population. *Family Properties: Race, Real Estate, and the Exploitation of Black Urban America* is a monumental work of history, this tale of racism and real estate, politics and finance, will forever change our understanding of the forces that transformed urban America. "Gripping . . . This painstaking portrayal of the human costs of financial racism is the most important book yet written on the black freedom struggle in the urban North."—David Garrow, *The Washington Post*
