The Lantis was on the CB, a minor update of the CA that underpinned the luxury Mazda Xedos 6 and Eunos 500. The European 323f was designated BA, but was actually almost identical to the CB, and had little to do with other B platforms. These models were

sold with the 1.5 L and 1.8 L engines seen in the rest of the 323 range, as well as a 2.0 L V6 shared with the Eunos 500.
