marks referenced in this product.

FOURTH EDITION Health Program Planning and Evaluation

Once the assessment and planning phases have been conducted, and interventions have been selected for implementation, the final stage of designing a workplace health program involves decisions concerning the monitoring and evaluation of program activities. Just as assessment data are critical for evidenced-based program planning and implementation, so too is evaluation to prove that workplace health interventions have been effective and build the business case for continuing them.

Evaluation | Model | Workplace Health Promotion | CDC

The program logic model is a generic one, which can be used to inform program planning. An evaluation framework which is built on a program logic model will start with those components of the logic model identified above, and then work through each step of the model to identify whether the assumptions on which the program were built were sound, whether the intended consequences of each logical step occurred and, if not, why not.

Department of Health | 3.5 Evaluation frameworks

Evaluation and Program Planning is based on the principle

that the techniques and methods of evaluation and planning transcend the boundaries of specific fields and that relevant contributions to these areas come from people representing many different positions, intellectual traditions, and interests. In order to further the development of evaluation and planning, we publish articles from the private and public sectors in a wide range of areas: organizational development and behavior ...

Evaluation and Program Planning - Journal - Elsevier

Public health program planning is rooted in social and behavioral approaches, and evaluation should be

done scientifically, which requires students to eliminate any biases they have about the subject or information under evaluation. If you choose to take program planning and evaluation elective courses, you can expect to discuss and research a range of public health issues, including disease prevention, women's reproductive health, domestic and child abuse, mental health awareness and more.
