The extent and the targets of racist attitudes in Great Britain have varied over the course of time. The history of racism in the United Kingdom is heavily linked to its relationship with its former colonies and citizens that comprised the British Empire, many of whom settled in Great Britain, particularly following World War II. Racism was mitigated by the attitudes and norms of the British class system, in which during the 19th century, race mattered far less than social distinction: a West Af

Racism is regarded by many in French society as a significant social problem. Racism against Jews and Muslims has a long history, and acts have been reported against members of resident groups including Algerian, Berbers and Arabs. In 2016, the French National Commission on Human Rights reported that 8% of French believe that some races are superior to others. It is believed that the 2015 terrorist attacks in France led to a greater presence of Islamophobia, while social backlash against Muslims
