German Grammar Summary

There are 6 basic verb tenses in
German. There are two simple verb
tenses, which are formed using only the
verb or its root or a derivative: the
present tense and the simple past tense.
The other four verb tenses -- the future
tense, the present perfect tense , the
past perfect tense, and the future
perfect tense , are compound tenses,
meaning that they are formed using a
helping verb + the verb's infinitive or
past participle.

Although some features of German
grammar, such as the formation of some
of the verb forms, resemble those of
English, German grammar differs from
that of English in that it has, among
other things, cases and gender in nouns
and a strict verb-second word order in
main clauses. German has retained
many of the grammatical distinctions
that other Germanic languages have lost
in whole or in part.
