The Discovery Of France A

The Discovery of France: A Historical Geography, from the Revolution to the First World War is a book by Graham Robb. It was published in September 2007 in the United Kingdom by Picador and in October 2007 in the United States by W. W. Norton and Company. The book, a result of cycling 14,000 miles around France coupled with four years of research, is an in-depth examination of French national identity as seen through the diverse cultures and languages contained within the country.

The Discovery of France - Wikipedia

Illuminating, engrossing and full of surprises, *The Discovery of France* is a literary exploration of a country few will recognize; from maps and migration to magic, language and landscape, it's a book that reveals the 'real' past of France to tell the whole story - and history - of this remarkable nation.

The Discovery of France (Picador Classic): Amazon.co.uk

...

The Discovery of France gives the reader an account of the discovery and creation of the modern nation France from the multitude of different small communes with a strong tribe identity. Graham Robb, professor of French literature, researched this non-intellectual history for four years. These four years have proven to be productive, because there is a vast number of themes passing by.

The discovery of France (2007 edition) | Open Library

We learn how France was explored, charted, and colonized, and how the imperial influence of Paris was gradually extended throughout a kingdom of isolated towns and villages. The Discovery of France explains how the modern nation came to be

and how poorly understood that nation still is today. Above all, it shows how much of France - past and present - remains to be discovered.

The Discovery of France by Graham Robb | Audiobook ...

"This is a vivid and indispensable book, so full of unexpected and wittily related treasures..." Daily Telegraph It's easy to reduce France to the sum of its parts: weekend breaks amid the culture of Paris or summer holidays basking in the sunshine of the south; accounts of...

The Discovery of France on Apple Books

This isn't an armchair travel book, it's an armchair time travel book. The use of the singular in the title is potentially misleading. It is the result of the author's discovery of France on bicycle and in the archives (but not both at the same time I hasten to add to reassure any anxious library lovers).
