A Personal Statement of the subject of Chemical Engineering

Personal statement - Chemical Engineering is becoming ever more vital to the safeguarding of our future society in the wake of concerns regarding the finite nature of natural gas and the need to find, and make viable, renewable energy resources. As a keen Chemistry student, it was through discussing these issues with a family friend who currently works within the oil and gas industry, that I realised Chemical Engineering offered the most obvious platform through which I could combine my ...

Chemical Engineering Personal Statement

The personal statement is more like a genre than a rubric; there are set of constraints, but no formulas. This means that we need to triangulate our understanding of what it will be with more than one piece of advice rather than a single definition.
