JOHNSON EVINRUDE - Service Manual Download

The history of the creation of Johnson motors - this, one can say, is the history of outboard engines in general. The youth of the beginning of the century simply "hurt" universal motorization, and the Johnson brothers from the American state of Indiana were no exception. Their first outboard appeared in

1908. Having gained credibility with the production of stationary power plants for ...

Yamaha Outboards

If all else fails a quick internet search of your outboard make, model and age will quickly reveal the required ratio. If you're absolutely stuck we recommend a mix of

50:1 for outboards older than 1980 and 100:1 for outboards manufactured since 1980. That is 50 parts fuel to 1 part oil and 100 parts fuel to 1 part oil respectively.
