My Favorite Thing is Monsters

Book 1 Fantagraphics Books

Set against the tumultuous political backdrop of late '60s Chicago, My Favorite Thing Is Monsters is the fictional graphic diary of 10-year-old Karen Reyes, filled with B-movie horror and pulp monster magazines iconography. Karen Reyes tries to solve the murder of her enigmatic upstairs neighbor, Anka Silverberg, a holocaust survivor, while the interconnected stories of those around her unfold. When Karen's investigation takes us back to Anka's life in Nazi Germany, the reader discovers how the personal, the political, the past, and the present converge.

My Favorite Thing is Monsters

In the conclusion of this two-part graphic novel, set in 1960s Chicago, dark mysteries past and present abound, and 10-year-old Karen tries to solve them.

Stone Fruit Fantagraphics Books

Bron and Ray are a queer couple who enjoy their role as the fun weirdo aunties to Ray's niece, six-year-old Nessie. Their playdates are little oases of wildness, joy, and ease in all three of their lives, which ping-pong between familial tensions and deep-seeded personal stumbling blocks. As their emotional intimacy erodes, Ray and Bron isolate from each other and attempt to repair their broken family ties — Ray with her overworked, resentful single-mother sister and Bron with her religious teenage sister who doesn't fully grasp the complexities of gender identity. Taking a leap of faith, each opens up and learns they have more in common with their siblings than they ever knew. At turns joyful and heartbreaking, Stone Fruit reveals through intimately naturalistic dialog and blue-hued watercolor how painful it can be to truly become vulnerable to your loved ones — and how fulfilling it is to be finally understood for who you are. Lee Lai is one of the most exciting new voices to break into the comics medium and she has created one of the truly sophisticated graphic novel debuts in recent memory.

Unflattening Harvard University Press

The primacy of words over images has deep roots in Western culture. But what if the two are inextricably linked in meaning-making? In this experiment in visual thinking, drawn in comics, Nick Sousanis defies conventional discourse to offer readers a stunning work of graphic art and a serious inquiry into the ways humans construct knowledge.

Temperance Fantagraphics Books

Do ideas of war and enemies hold a people together? Is a culture of conflict too seductive not to be irresistible? These are the questions Cathy Malkasian explores in her second graphic novel, Temperance. Malkasian creates, as she did in the critically acclaimed Percy Gloom, a fully realized, multi-layered world, inhabited by vividly realized characters. After a brutal injury in battle, Lester has no memory of his prior life. For the next thirty years his wife does everything to keep him

from remembering—and re-constructing—a society, Blessedbowl, that elevates him as a hero. Blessedbowl is a cultural convergence of lies, memories, stories, and beliefs. Its people thrive on ideas of persecution, exceptionality, and enemies, convinced that war lurks just outside their walls. They have come to depend on Lester, their greatest war hero, to lead the charge once the Final Battle begins. Malkasian creates a densely textured social context, masterfully conveying the idiosyncratic physical domain with its spiraling structures and quasi-medieval architecture along with intimate yet plastic portraits of her characters in a rich, tonal pencil line. Temperance is a galvanizing work of empathy and violence by one of today’s the most thoughtful and accomplished cartoonists.

Sabrina *Drawn and Quarterly*

"When Sabrina disappears, an airman in the U.S. Air Force is drawn into a web of suppositions, wild theories, and outright lies. Sabrina depicts a modern world devoid of personal interaction and responsibility, where relationships are stripped of intimacy through glowing computer screens. An indictment of our modern state, Drnaso contemplates the dangers of a fake news climate."--

Leonora in the Morning Light

A Novel *Simon and Schuster*

One of Oprah Daily’s Most Anticipated Historical Fiction Novels That Will Sweep You Away “Michaela Carter’s training as a poet and painter shines through from the first page of this vivid, gorgeous novel based on the lives of Leonora Carrington and Max Ernst. Told with all the wild magic and mystery of the Surrealists themselves, Leonora in the Morning Light fearlessly illuminates the life and work of a formidable female artist.” —Whitney Scharer, bestselling author of The Age of Light For fans of Amy Bloom’s White Houses and Colm Tóibín’s The Master, a “gorgeously written, meticulously researched” (Jillian Cantor, bestselling author of Half Life) novel about Surrealist artist Leonora Carrington and the art, drama, and romance that defined her coming-of-age during World War II. 1940. A train carrying exiled German prisoners from a labor camp arrives in southern France. Within moments, word spreads that Nazi capture is imminent, and the men flee for the woods, desperate to disappear across the Spanish border. One stays behind, determined to ride the train until he reaches home, to find a woman he refers to simply as “her.” 1937. Leonora Carrington is a twenty-year-old British socialite and painter when she meets Max Ernst, an older, married artist whose work has captivated Europe. She follows him to Paris, into the vibrant world of studios and cafes where rising visionaries of the Surrealist movement like Andre Breton, Pablo Picasso, Lee Miller, Man Ray, and Salvador Dali are challenging conventional approaches to art and life. Inspired by their freedom, Leonora begins to experiment with her own work, translating vivid stories of her youth onto canvas and gaining recognition under her own name. It is a bright and glorious age of enlightenment—until war looms over Europe and headlines emerge denouncing Max and his circle as “degenerates,” leading to his arrest and imprisonment. Left along as occupation spreads throughout the countryside, Leonora battles terrifying circumstances to survive, reawakening past demons that threaten to consume her. As Leonora and Max embark on remarkable journeys together and apart, the full story of their tumultuous and passionate love affair unfolds, spanning time and borders as they seek to reunite and reclaim their creative power in a world shattered by war. When their paths cross with Peggy Guggenheim, an art collector and socialite working to help artists escape to America, nothing will be the same. Based on true events and historical figures, Leonora in the Morning Light is “a deeply involving historical tale of tragic lost love, determined survival, the sanctuary of art, and the evolution of a muse into an artist of powerfully provocative feminist expression” (Booklist, starred review).

Black Hole *Pantheon*

Seattle teenagers of the 1970s are suddenly faced with a devastating, disfiguring, and incurable plague that spreads only through sexual contact.

Spinning *First Second*

Tillie Walden's Eisner Award winning graphic memoir Spinning captures what it's like to come of age, come out, and come to terms with leaving behind everything you used to know. It was the same every morning. Wake up, grab the ice skates, and head to the rink while the world was still dark. Weekends were spent in glitter and tights at competitions. Perform. Smile. And do it again. She was good. She won. And she hated it. For ten years, figure skating was Tillie Walden’s life. She woke before dawn for morning lessons, went straight to group practice after school, and spent weekends competing at ice rinks across the state. Skating was a central piece of her identity, her safe haven from the stress of school, bullies, and family. But as she switched schools, got into art, and fell in love with her first girlfriend, she began to question how the close-minded world of figure skating fit in with the rest of her life, and whether all the work was worth it given the reality: that she, and her friends on the team, were nowhere close to Olympic hopefuls. The more Tillie thought about it, the more Tillie realized she'd outgrown her passion—and she finally needed to find her own voice. This title has Common Core connections. Memorabilia *Fantagraphics Books*

This book collects five individual stories illuminating the art and lives of the all-time great comic book artists Steve Ditko, Jack Kirby, Wallace Wood, Will Eisner, and Richard Corben. Ponchione blends biographical details about each artist with the characters and worlds they created, mixing fact with fiction as a testament to the remarkable imaginations of these masterful comics-makers.

Hot Comb *Drawn & Quarterly*

AN AUSPICIOUS DEBUT EXAMINING THE CULTURE OF HAIR FROM THE RONA JAFFE FOUNDATION AWARD-WINNING CARTOONIST Hot Comb offers a poignant glimpse into Black women’s lives and coming of age stories as seen across a crowded, ammonia-scented hair salon while ladies gossip and bond over the burn. The titular story “Hot Comb” is about a young girl’s first perm—a doomed ploy to look cool and to stop seeming “too white” in the all-black neighborhood her family has just moved to. In “Virgin Hair” taunts of “tender-headed” sting as much as the perm itself. It’s a scenario that repeats fifteen years later as an adult when, tired of the maintenance, Flowers shaves her head only to be hurled new put-downs. The story “My Lil Sister Lena” traces the stress resulting from being the

only black player on a white softball team. Her hair is the team curio, an object to touched, a subject to be discussed and debated at the will of her teammates, leading Lena to develop an anxiety disorder of pulling her own hair out. Among the series of cultural touchpoints that make you both laugh and cry, Flowers recreates classic magazine ads idealizing women’s needs for hair relaxers and product. “Change your hair form to fit your life form” and “Kinks and Koils Forever” call customers from the page. Realizations about race, class, and the imperfections of identity swirl through Flowers’ stories and ads, which are by turns sweet, insightful, and heartbreaking. Flowers began drawing comics while earning her PhD, and her early mastery of sequential storytelling is nothing short of sublime. Hot Comb is a propitious display of talent from a new cartoonist who has already made her mark.

Monstrous Imaginaries

The Legacy of Romanticism in Comics *Univ. Press of Mississippi*

Monsters seem inevitably linked to humans and not always as mere opposites. Maaheen Ahmed examines good monsters in comics to show how Romantic themes from the eighteenth and the nineteenth centuries persist in today’s popular culture. Comics monsters, questioning the distinction between human and monster, self and other, are valuable conduits of Romantic inclinations. Engaging with Romanticism and the many monsters created by Romantic writers and artists such as Mary Shelley, Victor Hugo, and Goya, Ahmed maps the heritage, functions, and effects of monsters in contemporary comics and graphic novels. She highlights the persistence of recurrent Romantic features through monstrous protagonists in English- and French-language comics and draws out their implications. Aspects covered include the dark Romantic predilection for ruins and the sordid, the solitary protagonist and his quest, nostalgia, the prominence of the spectacle as well as excessive emotions, and above all, the monster’s ambiguity and rebelliousness. Ahmed highlights each Romantic theme through close readings of well-known but often overlooked comics, including Enki Bilal's Monstre tetralogy, Jim O'Barr's The Crow, and Emil Ferris's My Favorite Thing Is Monsters, as well as the iconic comics series Alan Moore's Swamp Thing and Mike Mignola's Hellboy. In blurring the otherness of the monster, these protagonists retain the exaggeration and uncontrollability of all monsters while incorporating Romantic characteristics.

Saint Cole *Fantagraphics Books*

This sophomore graphic novel from Noah Van Sciver may seem like a left turn from his critically acclaimed debut graphic novel biography of Abraham Lincoln (The Hypo), yet upon closer reflection, it showcases Van Sciver’s preoccupation with pathos and the human condition. Saint Cole depicts four days in the life of a twenty-eight-year-old suburbanite named Joe, who works at a pizzeria to support his girlfriend Nicole and their infant child—and then Nicole invites her troubled mother to move into their two-bedroom apartment until she lands on her feet again. Joe reacts by retreating into alcohol: he wants out, and he's angry. He's in a position to act rashly—and he does.

But for someone who should have been hailed as a pioneer in the genre, there was little information available. No one even knew if she was still alive. As a young woman working in the horror film industry, O’Meara set out to right the wrong, and in the process discovered the full, fascinating story of an ambitious, artistic woman ahead of her time. Patrick’s contribution to special effects proved to be just the latest chapter in a remarkable, unconventional life, from her youth growing up in the shadow of Hearst Castle, to her career as one of Disney’s first female animators. Monsters *Random House*

35 YEARS IN THE MAKING: THE MOST ANTICIPATED GRAPHIC NOVEL IN RECENT HISTORY *A GUARDIAN 'BOOKS OF 2021' PICK* The year is 1964. Bailey doesn't realize he is about to fulfil his tragic destiny when he walks into a US Army recruitment office. Secretive, damaged, innocent, trying to forget a past and looking for a future, Bobby is the perfect candidate for a secret US government experiment, an unholy continuation of a genetics program that was discovered in Nazi Germany nearly 20 years earlier in the waning days of World War II. Bailey's only ally and protector, Sergeant McFarland, intervenes, which sets off a chain of cascading events that spin out of everyone's control. As the monsters of the title multiply, becoming real and metaphorical, the story reaches a crescendo of moral reckoning. A 360-page tour de force of visual storytelling, Monsters' narrative canvas is copious: part familial drama, part thriller, part metaphysical journey, it is an intimate portrait of individuals struggling to reclaim their lives and an epic political odyssey that plays across two generations of American history. Monsters is rendered in Barry Windsor-Smith's impeccable pen-and-ink technique, the visual storytelling, with its sensitivity to gesture and composition, the most sophisticated of the artist's career. There are passages of heartbreaking tenderness, of excruciating pain, of redemption and sacrifice, and devastating violence. Monsters is surely one of the most intense graphic novels ever drawn.

Monster Portraits *Rose Metal Press*

Fiction. Art. Hybrid Genre. Relentlessly original and brilliantly hybrid, MONSTER PORTRAITS investigates the concept of the monstrous through a mesmerizing combination of words and images. An uncanny and imaginative autobiography of otherness, it offers the fictional record of a writer in the realms of the fantastic shot through with the memories of a pair of Somali-American children

growing up in the 1980s. Operating under the sign of two--texts and drawings, brother and sister, black and white, extraordinary and everyday--MONSTER PORTRAITS multiplies, disintegrates, and blends, inviting the reader to find the danger in the banal, the beautiful in the grotesque. Accumulating into a breathless journey and groundbreaking study, these brief fictions and sketches claim the monster as a fragmentary vastness: not the sum but the derangement of its parts. Del Samatar's drawings conjure beings who drag worlds in their wake. World Fantasy Award-winning author Sofia Samatar responds with allusive, critical, and ecstatic meditations. Together they have created a secret history of the mixed-race child, a guide to the beasts of an unknown mythos, and a dreamer's iconography. The monstrous never looked so simultaneously haunting and familiar.

Big Questions *Drawn and Quarterly*

A New York Times Notable Book of 2011, included on Amazon.com, Publishers Weekly, and NPR'S Best Comics lists A haunting postmodern fable, Big Questions is the magnum opus of Anders Nilsen, one of the brightest and most talented young cartoonists working today. This beautiful minimalist story, collected here for the first time, is the culmination of ten years and more than six hundred pages of work that details the metaphysical quandaries of the occupants of an endless plain, existing somewhere between a dream and a Russian steppe. A downed plane is thought to be a bird and the unexploded bomb that came from it is mistaken for a giant egg by the group of birds whose lives the story follows. The indifferent, stranded pilot is of great interest to the birds--some doggedly seek his approval, while others do quite the opposite, leading to tensions in the group. Nilsen seamlessly moves from humor to heartbreak. His distinctive, detailed line work is paired with plentiful white space and large, often frameless panels, conveying an ineffable sense of vulnerability and openness. Big Questions has roots in classic fables--the birds and snakes have more to say than their human counterparts, and there are hints of the hero's journey, but here the easy moral that closes most fables is left open and ambiguous. Rather than lending its world meaning, Nilsen's parable lets the questions wander where they will.

Rolling Blackouts

Dispatches from Turkey, Syria, and Iraq *Drawn and Quarterly*

A cartoonist follows reporters across the Middle East, learning about journalism and how stories are told Cartoonist Sarah Glidden follows up her acclaimed debut, How to Understand Israel in 60 Days or Less, with Rolling Blackouts, which details her two-month long journey through Turkey, Iraq, and Syria. Glidden accompanies her two friends--reporters and founders of the journalistic non-profit The Seattle Globalist--as they research stories on the Iraq War's effect on the Middle East and, specifically, the war's refugees. Joining them is a former Marine and childhood friend of one of the journalists whose deployment to Iraq in 2007 adds an unexpected and sometimes unwelcome viewpoint, both to the people they come across and perhaps even themselves. The crew works their way through the region with the goal of asking civilians, refugees, and officials: "who are you?" Everyone has a story to tell: the Iranian blogger, the United Nations Refugee administrator, a taxi driver, the Iraqi refugee deported from the US, the Iraqis seeking refuge in Syria, and even the American Marine. The journalists struggle equally with how to tell these stories and with how to market them into articles people will want to read. Glidden records all that she encounters with a sympathetic and searching eye--What is journalism? What is its purpose? What is honesty? Painted in her trademark soft muted watercolors and written with a self-effacing humor, Rolling Blackouts cements Glidden's place as one of comics's most original nonfiction voices.

Bezimena *Fantagraphics Books*

The author's jumping-off point is the myth of Artemis and Siproites, in which a young man is turned into a woman as a punishment for the attempted rape of one of Artemis’s virgin cohorts. Bunjevac’s retelling follows Benny, a sexually deviant man who, coming across an alluring former classmate, concocts an elaborate, disturbing rape fantasy. Inked in her lush, stippled, illustrative style, Bunjevac crafts a gripping, noirish, Nabokovian tale, by turns surreal and harrowing, that turns the male gaze inside-out. Bezimena is both a radical examination of the misconceptions surrounding rape culture and an artistic and psychological tour de force.

NOW A #1 NEW YORK TIMES BESTSELLER! An unflinching, darkly funny, and deeply moving story of a boy, his seriously ill mother, and an unexpected monstrous visitor. The monster in his backyard is different. It's ancient. And wild. And it wants something from Conor. Something terrible and dangerous. It wants the truth. From the final idea of award-winning author Siobhan Dowd-- whose premature death from cancer prevented her from writing it herself-- Patrick Ness has spun a haunting and darkly funny novel of mischief, loss, and monsters both real and imagined.

Reduced energy stores means humans can no longer rely on the support of their technological counterparts.
