People of the Sea *Macmillan*

The harsh post-glacier landscape provides the setting for this story of native American prehistory, in which the pregnant Kestrel flees westward from her vengeful husband after witnessing her lover's murder

Night of the Wolf *Ballantine Books*

The *Silver Wolf*, Alice Borchardt's acclaimed novel of a shapeshifter's struggle to survive as woman and wolf amid the Dark Ages, announced the arrival of a ferociously gifted writer. Now, with her masterful weaving of adventure, history, and magic, Borchardt delves deeper into the shape-shifter legend, and brings an earlier, more savage time brilliantly to life. The fearsome legions of Julius Caesar have

crushed resistance to Roman rule. The power of the druids is broken; the shattered tribes retreating to the dubious safety of the high mountains or fleeing north into lands as inhospitable as those left behind. Watching all the while through yellow eyes afire with curiosity and intelligence is Maeniel, a gray wolf . . . who is also a man. This is not the Maeniel of *The Silver Wolf*. Not the mature shapeshifter, secure in his dual nature, whose hard-won wisdom is the equal of his preternatural strength and passion. That Maeniel will not exist for another eight hundred years. Now he is a stranger to his human half, his reason chained to instinct. Yet as the ancient civilization of the Gallic tribes is systematically destroyed around him, a new Maeniel is about to be born from the ruins. It begins with a woman. She is Imona: young, proud, beautiful. The sight of her fills Maeniel with unfamiliar feelings and desires, triggering his transformation from wolf to man. In her arms he learns for the first time what it means to love. It is a knowledge that will change him forever. For when Imona vanishes following a Roman massacre, Maeniel begins to learn a very different lesson. Following Imona's trail as wolf and man, Maeniel is himself pursued by a warrior woman sworn to kill him. She is Dryas, a queen without a kingdom. But the two adversaries will prove to have much in common. And the hunt upon which they embark will lead them farther than they can imagine: to the gates of Rome itself. To the gates of their very souls . . . With *Night of the Wolf*, Alice Borchardt has given us another triumph of soaring imagination and adventure. By turns lyrical, sensuous, and violent, hers is a vision of the past that will stir both heart and mind. Her writing will possess you like a fever . . . and haunt

you like a voluptuous dream.

The Wolf Connection

What Wolves Can Teach Us about Being Human *Simon and Schuster*

Discover the transformative lessons from one of humanity's oldest teachers—the wolf—with this enthralling and accessible guidebook to help us restore our connection with nature, our communities, and our deepest selves. The wolf has enthralled humankind for millennia, as a creature to be both feared and admired. It is the focus of countless myths around the world, in cultures as varied as the Ainu people of Japan to the Apache First Nation elders who worshipped the wolf. Now in *The Wolf Connection*, Teo Alfero, shaman and wolf conservancy founder, shares the profound knowledge that can be gleaned from these majestic creatures to restore our bond with nature and our connection to humanity. Legends, behavioral science, and biological research all suggest that human beings picked up many of their key evolutionary

traits—such as cooperative hunting and raising of their young, and their high degree of emotional intelligence and deep bonding—from wolves. Teo and his team at Wolf Heart Ranch conservatory have seen first-hand how wolves and wolfdogs can shift people's outlooks, empowering at-risk youth and benefitting people from all walks of life through their wolf therapy program, the Wolf Connection. As we restore our ancestral bond with these inspiring, resourceful beings, we begin to reclaim the best of what it means to be human. Grounded in Teo's years of working with wolves, as well as the findings of wolf biologists and the wisdom of First Nation elders, *The Wolf Connection* offers a set of twelve Wolf Principles to awaken our intuition, live more authentically, and heal from past trauma. By integrating a myriad of sources—including inspiring stories from the Wolf Heart Ranch—Teo provides a complete understanding of wolves and the lessons they have to teach us, so you can harness their powerful and transformative insights in your own life.

The Wolf and the Watchman

A Novel *Washington Square Press*

“The *Alienist* set in eighteenth-century Stockholm: Brawny, bloody, intricate, enthralling—and the best historical thriller I’ve read in twenty years.” —A.J. Finn, #1 bestselling author of *The Woman in the Window* “Thrilling, unnerving, clever, and beautiful.” —Fredrik Backman, #1 bestselling author of *A Man Called Ove* “Chilling and thought-provoking. Relentless, well-written, and nearly impossible to put down.” —Kirkus Reviews (starred review) One morning in the autumn of 1793, watchman Mikel Cardell is awakened from his drunken slumber with reports of a body seen floating in the Larder, once

a pristine lake on Stockholm’s Southern Isle, now a rancid bog. Efforts to identify the bizarrely mutilated corpse are entrusted to incorruptible lawyer Cecil Winge, who enlists Cardell’s help to solve the case. But time is short: Winge’s health is failing, the monarchy is in shambles, and whispered conspiracies and paranoia abound. Winge and Cardell become immersed in a brutal world of guttersnipes and thieves, mercenaries and madams. From a farmer’s son who is lead down a treacherous path when he seeks his fortune in the capital to an orphan girl consigned to the workhouse by a pitiless parish priest, their investigation peels back layer upon layer of the city’s labyrinthine society. The rich and the poor, the pious and the fallen, the living and the dead—all collide and interconnect with the body pulled from the lake. Breathtakingly bold and intricately constructed, *The Wolf and the Watchman* brings to life the crowded streets, gilded palaces, and dark corners of late-eighteenth-century Stockholm, offering a startling vision of the crimes we commit in the name of justice, and the sacrifices we make in order to survive.

When the armies of the south flood across the Black river, the fragile peace between the two races is shattered. On a lightning-struck battlefield, the two sides will fight - for their people, for their land, for their very survival. Under the Northern Sky

What unfurls here is a riveting multi-generational saga, at the centre of which is O-Six, a charismatic alpha female beloved by park rangers and amateur spotters alike. As elk numbers decline and the wolf population rises, those committed to restoring an iconic landscape clash with those fighting for a vanishing way of life,

hunters stalk the park fringes and O-Six's rivals seek to bring an end to her dominance of the stunningly beautiful Lamar Valley.

The People of the Wolf *AuthorHouse*

Ace Roberts was, in his own words, "The Best Damn Fighter Pilot Ever Born!" This Clark-Gable look-alike got his nickname by shooting down ten Jap Zeros in a P-40 Tomahawk in 1942 as an American mercenary for Chinese Generalissimo Chiang Kai Shek. He reinforced this reputation in the Korean War by shooting down ten Russian-built MiG-15's in his F-86 Sabrejet. He was, in fact, a double ace, two times over. Ace was also very, very lucky! He survived three years of inhuman torture in Japanese prisoner-of-war camps in World War II; being shot down behind enemy lines in Korea and a year of aerial combat in "MiG-Alley," high above the Manchurian skies. Women were irresistibly attracted by his devilish good looks and magnetic charm. These included Suzy, a pretty MASH nurse; An Liu, exotic confidant to Madame Chiang Kai Slick; and, if truth be known, Madame Chiang herself! But Ace had a penchant for taking chances. He chased two Chinese pilots across the Yalu River into Manchuria, shooting them down in violation of Air Force Regulations and getting cashiered from the service for this infraction. A year later, he vanished while flying an X-99 experimental jet over California's High Sierras, resulting in Madame Chiang's dispatching An Liu to assist in the search for her favorite American. Read LUCKYACE to find out if this intrepid airman can escape his latest rendezvous with death.

Michael Gear and Kathleen O'Neal Gear continue the story of North America's Forgotten Past in *People of the Nightland*, a sweeping saga of a visionary boy who led his people out of the path of one of the worst catastrophes in the history of the world, and the brave little girl who loved him enough to believe in his dream. It has been a thousand years since Wolf Dreamer lead his people up through the dark hole in the ice to a rich, untouched continent bursting with game. But the world has changed. Most of the magnificent animals are gone, and the last of the great glaciers is melting, forming a huge freshwater lake in the middle of the world. Over the centuries the People of the Wolf have split into two clans. The People of the Nightland live in the honeycomb of ice caves that skirt the glacier. The People of the Sunpath live in hide lodges to the south, hunting the few remaining mammoths, bison, giant sloth, and short-faced bear. When a young orphaned boy named Silvertip receives a vision from Wolf Dreamer that their world is about to end, no one believes him--no one except a jaded war chief and a little girl. Led by Silvertip's dream, the three of them must convince both people to leave the land of their ancestors and flee eastward as fast as they can before the Ice Giants destroy the world.
