This comprehensive text by David Waugh provides invaluable support for the understanding of key concepts and theories for A Level and IB geography students. The book encourages discussion and debate, whilst supporting wider reading, individual enquiry, and research. Clear, in-depth material suitable for A Level geography specifications, the Scottish Higher/Advanced Higher, and international specifications, including the International Baccalaureate.

Geography: An Integrated Approach by David Waugh

Nowadays for an appropriate, way to deal with geographic space there is an axiomatic need to accept an integrated approach both in terms of the way we regard geographic space and how we investigate it. This leads to a two-prong position: First, that geographic space constitutes a dialectic entity and second that the spatial methodological approaches presently in use are now absolute.
