Sky Full of Stars

Learning to Surrender to God's Perfect Plans *Simon and Schuster*

Do you trust God? Meg Apperson grew up having a relationship with Jesus and would say she had trusted God her entire life. But when her daughter Avery—a miracle in so many ways—was born with a syndrome of severe birth defects, Meg began to fully understand what it really means to trust Jesus with everything. In this tender memoir, full of gut-wrenching emotion, you'll hear a mother's personal story of fighting for her child, her family, and even herself as she grapples with the weight of failure—of letting down everyone around her and feeling let down by God. But in the midst of the fight, through heavy grief, she not only discovers her own voice—she discovers that God is good and God is faithful. If you have ever experienced grief, suffering, or pain ... If God has ever asked you to surrender more than you thought possible ... If you've ever questioned how God is at work in the darkness ... A Sky Full of Stars is for you. This book will show you that when everything is dark around you, goodness can be found in the suffering. Reading it will help you discover new ways to rely on God's trustworthiness.

A National Book Award Finalist, this remarkable graphic novel is about growing up in a refugee camp, as told by a former Somali refugee to the Newbery Honor-winning creator of Roller Girl. Omar and his younger brother, Hassan, have spent most of their lives in Dadaab, a refugee camp in Kenya. Life is hard there: never enough food, achingly dull, and without access to the medical care Omar knows his nonverbal brother needs. So when Omar has the opportunity to go to school, he knows it might be a chance to change their future . . . but it would also mean leaving his brother, the only family member he has left, every day. Heartbreak, hope, and gentle humor exist together in this graphic novel about a childhood spent waiting, and a young man who is able to create a sense of family and home in the most difficult of settings. The Giver of Stars

A Novel *Penguin*
#1 NEW YORK TIMES BESTSELLER | A REESE WITHERSPOON X HELLO SUNSHINE BOOK CLUB PICK “A great narrative about personal strength and really captures how books bring communities together.” —Reese Witherspoon From the author of The Last Letter from Your Lover, now a major motion picture on Netflix, a breathtaking story of five extraordinary women and their remarkable journey through the mountains of Kentucky and beyond in Depression-era America Alice Wright marries handsome American Bennett Van Cleve, hoping to escape her stifling life in England. But small-town Kentucky quickly proves equally claustrophobic, especially living alongside her overbearing father-in-law. So when a call goes out for a team of women to deliver books as part of Eleanor Roosevelt’s new traveling library, Alice signs on enthusiastically. The leader, and soon Alice’s greatest ally, is Margery, a smart-talking, self-sufficient woman who’s never asked a man’s permission for anything. They will be joined by three other singular women who become known as the Packhorse Librarians of Kentucky. What happens to them--and to the men they love--becomes an unforgettable drama of loyalty, justice, humanity, and passion. These heroic women refuse to be cowed by men or by convention. And though they face all kinds of dangers in a landscape that is at times breathtakingly beautiful, at others brutal, they’re committed to their job: bringing books to people who have never had any, arming them with facts that will change their lives. Based on a true story rooted in America’s past, The Giver of Stars is unparalleled in its scope and epic in its storytelling. Funny, heartbreaking, enthralling, it is destined to become a modern classic--a richly rewarding novel of women’s friendship, of true love, and of what happens when we reach beyond our grasp for the great beyond.

Under a White Sky

The Nature of the Future *Crown*
NATIONAL BESTSELLER • The Pulitzer Prize–winning author of The Sixth Extinction returns to humanity’s transformative impact on the environment, now asking: After doing so much damage, can we change nature, this time to save it? RECOMMENDED BY PRESIDENT OBAMA AND BILL GATES • SHORTLISTED FOR THE WAINWRIGHT PRIZE FOR WRITING • ONE OF THE TEN BEST BOOKS OF THE YEAR: The Washington Post • ONE OF THE BEST BOOKS OF THE YEAR: Time, Esquire, Smithsonian Magazine, Vulture, Publishers Weekly, Kirkus Reviews, Library Journal • “Beautifully and insistently, Kolbert shows us that it is time to think radically about the ways we manage the environment.”—Helen Macdonald, The New York Times That man should have dominion “over all the earth, and over every creeping thing that creepeth upon the earth” is a prophecy that has hardened into fact. So pervasive are human impacts on the planet that it’s said we live in a new geological epoch: the Anthropocene. In Under a White Sky, Elizabeth Kolbert takes a hard look at the new world we are creating. Along the way, she meets biologists who are trying to preserve the world’s rarest fish, which lives in a single tiny pool in the middle of the Mojave; engineers who are turning carbon emissions to stone in Iceland; Australian researchers who are trying to develop a “super coral” that can survive on a hotter globe; and physicists who are contemplating shooting tiny diamonds into the stratosphere to cool the earth. One way to look at human civilization, says Kolbert, is as a ten-thousand-year exercise in defying nature. In The Sixth Extinction, she explored the ways in which our capacity for destruction has reshaped the natural world. Now she examines how the very sorts of interventions that have imperiled our planet are increasingly seen as the only hope for its salvation. By turns inspiring, terrifying, and darkly comic, Under a White Sky is an utterly original examination of the challenges we face.
