Taking place in the same world and timeline, The Chronicles of Lumineia bridges the gap between epic and modern fantasy. I found Elseerian to be a very good book, though not great; hence, dropping one star. It is written in a bit of the grand style of Tolkien, although Hale's imagery does not quite rise to the level of the Trilogy, or even The Hobbit. Understand, though, that I am a hard grader. Few books earn 5 stars from me, just as very few earn 1 star from me.
