And if you ever before need assistance discovering the perfect book, our experienced team is right here to offer tailored suggestions.

Systematic Theology

Systematic Theology

Wm. B. Eerdmans Publishing

This new printing of Louis Berkhof's classic *Systematic Theology* represents a publishing landmark. For the first time in its long and acclaimed history, Berkhof's monumental treatment of the doctrines of the Reformed faith is now available together in one volume with *Introduction to the Study of Systematic Theology*, Berkhof's formal prolegomenon to his theology. Meant to be read together with *Systematic Theology*, the *Introduction* includes Berkhof's discussions of the nature and character of dogmatics, the methods and history of theological system, and the principia, or foundations, of

theology - Scripture and God. This edition also includes a new preface by Richard A. Muller that explains both the publishing history and the relation and importance of the Introduction to the rest of Berkhof's text. Written in a concise and compact style and organized in a manner ideal for detailed study, Systematic Theology covers the full range of theology in traditional systematic fashion - examining, in order, the doctrines of God, anthropology, Christology, soteriology, ecclesiology, and eschatology. The work also includes an extensive bibliography and full indexes to the authors, subjects, and Scriptures referenced in the text. Revised

and enlarged throughout his lifetime until it reached its present final form, Systematic Theology not only stands as Berkhof's magnum opus but also is widely considered to be the most important twentieth-century compendium of Reformed theology.

Systematic Theology

2020 Reprint of the 1941 Edition. Full facsimile of the original edition and not reproduced with Optical Recognition software. Considered one of the classics on Systematic Theology, the book covers all the basics on the reality of God, the atonement of Christ and the final state of man and the last things. Anyone who wishes to study theology would be wise

to read this book as many in the Reformed tradition hold that it is a landmark in its field. It is arguably the most important twentieth century compendium of Reformed Theology. 'The work seemed particularly important to me', writes the author, 'in view of the widespread doctrinal indifference of the present day, of the resulting superficiality and confusion in the minds of many professing Christians, of the insidious errors that are zealously propagated even from the pulpits, and of the alarming increase of all kinds of sects.'

Berkhof's Systematic Theology

Considered one of the best books on Systematic Theology ever written, it covers all the basics on the reality of God, the atonement of Christ and the final state of man and the last things. Anyone that wishes to study theology would be wise to read this book as many in the Reformed tradition hold that this book is a landmark book in its field. Now in larger print!

The History of Christian Doctrines

Createspace

Independent Pub

The Historical Volume of what was originally called Reformed Dogmatics now appears with a new title, namely, History of Christian Doctrines.

Works on the gradual development of theological truth in the Church of Jesus Christ usually appear alongside of those which deal with the systematic reproduction of it, and thus stand out as separate works. It was thought best to follow this practice, since this will stress the fact that, after all, the history of the development of Christian thought in the Church is a separate study.

Introduction to Systematic Theology
Baker Publishing Group (MI)

New Testament Introduction

(or Special Canonics) *CCEL*

The Assurance of

Faith

In this work Louis Berkhof explores the the history and theology of assurance of salvation through faith, showing how a Christian should be assured of their salvation through trusting Christ. This is a phenomenal book to read if you are doubting your faith.

A New Systematic Theology of the Christian Faith

2nd Edition - Revised and Updated *Thomas Nelson*

A contemporary, foundational statement of classic reformed faith, now revised and updated.

Comprehensive, coherent, contextual, and conversational Scripture-saturated,

with more exegesis and more Scripture quotations than other one-volume theologies Upholds classic Calvinist positions on baptism, the Trinity, church government, and much more Interacts with contemporary issues and the work of other theologians Reveals the author's warmth and sensitivity born of more than 25 years as a professor at leading Reformed seminaries Numerous appendices covering special topics; abundant resources for further study through footnotes, and a selective bibliography A textbook for theology students, a life-long reference for libraries, ministers, teachers, and professional theologians

An Introduction to

Prolegomena and the Doctrines of Revelation, Scripture, and God *P & R Publishing*

The Doctrine of God *Banner of Truth*

The doctrine of God is the foundation of Christian theology and the prerequisite of all true faith. This translation provides, in the words of Hendriksen, 'a spiritual treat' for the serious reader.

The Christian Faith

A Systematic Theology for Pilgrims on the Way *Zondervan*

Michael Horton's highly anticipated The Christian Faith represents his magnum opus and will

be viewed as one of—if not the—most important systematic theologies since Louis Berkhof wrote his in 1932. A prolific, award-winning author and theologian, Professor Horton views this volume as “doctrine that can be preached, experienced, and lived, as well as understood, clarified, and articulated.” It is written for a growing cast of pilgrims making their way together and will be especially welcomed by professors, pastors, students, and armchair theologians. Features of this volume include: (1) a brief synopsis of biblical passages that inform a particular doctrine; (2) surveys of past and current theologies with contemporary emphasis on

exegetical, philosophical, practical, and theological questions; (3) substantial interaction with various Christian movements within the Protestant, Catholic and Orthodoxy traditions, as well as the hermeneutical issues raised by postmodernity; and (4) charts, sidebars, questions for discussion, and an extensive bibliography, divided into different entry levels and topics.

Systematic Theology

Reformed Systematic Theology, Volume 3

Spirit and Salvation *Crossway*

"Here is catechesis at its best, instructing the student of theology, providing pastors with a sermon-enriching manual, and giving growing Christians a resource book that will both inform and nourish them, as well

as provide endless theological enjoyment!" —Sinclair B. Ferguson, Chancellor's Professor of Systematic Theology, Reformed Theological Seminary; Teaching Fellow, Ligonier Ministries The aim of systematic theology is to engage not only the head but also the heart and hands. Only recently has the church compartmentalized these aspects of life—separating the academic discipline of theology from the spiritual disciplines of faith and obedience. This multivolume work brings together rigorous historical and theological scholarship with spiritual disciplines and practical insights—characterized by a simple,

accessible, comprehensive, Reformed, and experiential approach. In this volume, Joel R. Beeke and Paul M. Smalley unpack the work and role of the Holy Spirit (Pneumatology) and salvation (soteriology). The authors examine the Holy Spirit's role in the history of salvation, the order of salvation, and the believers' experience of salvation. As readers consider the interrelationship between the Spirit and salvation, they are invited to explore the direct activity of the Lord in their lives for their salvation.

**Reformed
Systematic
Theology, Volume 1**

Revelation and God

Crossway

The church needs good theology that engages the head, heart, and hands. This four-volume work combines rigorous historical and theological scholarship with application and practicality—characterized by an accessible, Reformed, and experiential approach. In this volume, Joel R. Beeke and Paul M. Smalley explore the first two of eight central themes of theology: revelation and God.

**Abstract of
Systematic
Theology: Christian
Theology and the
Spirituality of God
and His Son, Jesus
Christ (Hardcover)**

Lulu.com

This edition of Petigru Boyce's masterwork includes all forty-two

chapters, each of them bursting with spiritual wisdom from one of the most well-read and cogent Christian authors in 19th century America. James Petigru Boyce was a professional pastor who was also blessed with a gift for words and explanation. Putting the myriad experiences and readings of his life to good use, he authored his famous Abstract of Systematic Theology with a view to aiding Christians wishing to acquire deeper understanding of the various attributes of Christian virtue, the Lord God, the Holy Trinity, and Jesus Christ. This book offers readers a tour de force of the Christian canon, taking readers through both the Old and New Testaments of the

Bible and expounding upon the various tenets of Christianity. Early in the book, Boyce sequentially examines the traits of God and their purpose in the wider context of the faith, explaining the virtues and commands of the Lord with adept and lucid understanding.

SYSTEMATIC THEOLOGY.

In Defense of the Descent

A Response to Contemporary Critics

#####

###

Systematic Theology *Crossway*

This comprehensive systematic theology by respected theologian Robert Letham covers the whole field of Reformed Christian doctrine from biblical, historical, and theological angles. Letham begins with God's ultimate selfrevelation as the Father, the Son, and the Holy Spirit in indivisible union, continuing on with the works of God in creation, providence, and grace. He draws

deeply from Scripture and important voices from the church to provide a clear and concise articulation of the Reformed faith. He also addresses current issues such as feminism, charismatic gifts, sexual ethics, environmentalism, other religions, the nature of truth, and civil liberties. Each chapter is followed by discussion questions, with a glossary of terms included at the end. This work grounds theological understanding and practice in the life and ministry of the church, accessible to pastors, students, scholars, and anyone who desires to understand, believe, and live scriptural doctrine more fully.

Systematic Theology, Second

Edition

An Introduction to Biblical Doctrine

Zondervan Academic

This new edition of Systematic Theology by Wayne Grudem may be the most important resource you can own for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, Systematic Theology by Wayne Grudem has been thoroughly revised and expanded (all 57 chapters) for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. Praise for the

second edition: "After a quarter century of remarkable usefulness globally... it remains remarkable. I thank God for this precious gift to Christ's people worldwide." —John Piper "Stands out for its clarity and accessibility."

—Thomas R. Schreiner "One of those rare works that can challenge the scholar and instruct the beginner... It is simply indispensable." —Jack Deere With nearly 250 pages of new content and revisions that took several years, this new edition now includes the following distinctive features, making it even better: Updated, fuller analysis of several recent controversies within evangelicalism, including the eternal relationship between

the Father and the Son in the Trinity, the question of God's atemporal eternity, the role of women in the church, "seeker-sensitive" churches, miraculous gifts of the Holy Spirit, and contemporary worship music New, thoughtful critiques of open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming Completely revised, stronger chapter on the clarity of Scripture Completely revised, stronger chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth New discussion of how biblical inerrancy

applies to some specific "problem verses" in the Gospels. Additional material respectfully explaining evangelical Protestant differences with Roman Catholicism (with extensive interaction with the Catechism of the Roman Catholic Church), Protestant liberalism, and Mormonism. Completely updated bibliographies. All Scripture quotations updated from RSV to ESV. An explanation of why monogenes in John 3:16 and elsewhere should be translated as "only begotten" rather than merely "only" (this is a change from the first edition). A contemporary worship song added at the end of each chapter (while retaining the traditional hymns as well). New discussion on the impassibility of God. An extensive discussion on the eternal submission of the Son to the Father, taking into account controversies in recent years. Updated section on contemporary worship music. A discussion of recent criticisms of the penal substitutionary view of the atonement. Numerous other updates and corrections that have been prompted by letters and emails from people around the world and by interaction with the students. Wayne has taught over the last 26 years both at Trinity Evangelical Divinity School and at Phoenix Seminary. Part of the brilliance of Systematic Theology over the years has been its simplicity and ease of use. Each chapter

follows the same structure. First, there is discussion of the doctrine being considered, such as justification or the Trinity or the deity of Christ. An explanation of that doctrine's biblical support and possible objections follow. Personal application and key terms to know for personal growth are then provided. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you are someone who thinks theology is hard to understand or boring, then this new edition of *Systematic Theology* will likely change your mind.

The Doctrine of the

Atonement

As Taught by the Apostles...

Introduction to Systematic Theology

The Church of Christ

A Treatise on the Nature, Powers, Ordinances, Discipline, and Government of the Christian Church

The Atonement Controversy

In Welsh Theological Literature and Debate, 1707-1841

Banner of Truth

What Christian preachers believe about the atonement always affects their presentation of the gospel. Dr Martyn Lloyd-Jones used to insist that this classic

work, now translated from Welsh for the first time, gave significant help to preachers in this matter. His own gospel preaching was influenced by it. The Atonement Controversy will fascinate all who have wrestled with issues raised by the doctrine of a limited atonement, especially in relation to the preaching of the gospel. It will also be essential reading for all with an interest in Welsh history and theology, particularly those unable to read the work in the Welsh original. Christmas Evans, John Elias, Thomas Jones and Henry Rees are only a few of those who figure in the story told here.

Systematic Theology

Biblical and

Historical Christian Focus

Robert Culver wrote *Systematic Theology* with the goal of creating a treasure trove for the student of the Bible. No previous knowledge of theology demanded, this volume is written in an essentially readable way and is the perfect core to the library of anyone who loves to learn. Subjects include: the doctrine of God, the doctrine of man as created, the doctrine of man as fallen, the doctrine of salvation, the doctrine of last things, and the doctrine of Christ.

What is Reformed Theology?

Understanding the Basics *Baker Books*

What Do the Five Points of Calvinism

Really Mean? Many have heard of Reformed theology, but may not be certain what it is. Some references to it have been positive, some negative. It appears to be important, and they'd like to know more about it. But they want a full, understandable explanation, not a simplistic one. What Is Reformed Theology? is an accessible introduction to beliefs that have been immensely influential in the evangelical church. In this insightful book, R. C. Sproul walks readers through the foundations of the Reformed doctrine and explains how the Reformed belief is centered on God, based on God's Word, and committed to faith

in Jesus Christ. Sproul explains the five points of Reformed theology and makes plain the reality of God's amazing grace.

Systematic Theology

Church/Last Things

Bethany House

This culminating volume of Systematic Theology begins with ecclesiology, the study of the miracle of Christ's church (local and universal, visible and invisible), examining its origin, nature, government, ordinances, ministry, and relation to the state. The next section, Last Things (eschatology), is an indepth study that includes resurrection, final status of the saved and the lost, theories of purgatory and annihilationism,

interpretation of prophecy, the millennium, the tribulation, Christ's return, and the kingdom of God.

In this book: *Systematic Theology (Volume 1 of 3)* *Systematic Theology (Volume 2 of 3)*

*Systematic Theology
(Volume 3 of 3)*

**The Covenant of
Redemption**

Puritan Publications

The unparalleled and incomprehensible love of God to sinful man, displayed in the wonderful affair of his redemption and salvation, is the great thing celebrated throughout the Scriptures. This work is found in the covenant between the Father and the Son, called in theology, "The Covenant of Redemption." Willard clearly and biblically explains the Covenant of Redemption dividing the entire treatise into two general heads in order to explain the glorious mystery of this covenant. 1) The provision which God

made for our deliverance before time in eternity, and 2) The things which are done in time for its actual

accomplishment. From these two main points he covers a right understanding of what a covenant is, how the covenant is found clearly in Scripture, how this covenant was necessary in relationship to man's salvation, and lastly, what the influence is which the covenant of redemption has to the covenant of grace, which is made with us. His final two chapters cover application by way of exhortation and consolation. This work is not a scan or facsimile, has been carefully transcribed by hand being made easy to read in modern English, and has an

active table of contents for electronic versions.

The Gospel according to God

Rediscovering the Most Remarkable Chapter in the Old Testament *Crossway*

"He was pierced for our transgressions; he was crushed for our iniquities; upon him was the chastisement that brought us peace, and with his wounds we are healed." Isaiah 53:5 Often hailed as one of the greatest chapters in the Bible, the prophecy of the suffering servant in Isaiah 53 foretells the crucifixion of Jesus, the central event in God's ultimate plan to redeem the world. This book explains the prophetic words of Isaiah 53 verse by verse, highlighting

important connections to the history of Israel and to the New Testament—ultimately showing us how this ancient prophecy illuminates essential truths that undergird our lives today.

Systematic Theology

An Introduction to Biblical Doctrine

Zondervan Academic

The Christian church has a long tradition of systematic theology, that is, of studying biblical teaching on centrally important doctrines such as the Word of God, redemption, and Jesus Christ. Wayne Grudem's bestselling *Systematic Theology* has several distinctive features: A strong emphasis on the scriptural basis for each doctrine Clear

writing, with technical terms kept to a minimum A contemporary approach, treating subjects of special interest to the church today A friendly tone, appealing to the emotions and the spirit as well as the intellect Frequent application to life Resources for worship within each chapter Bibliographies in each chapter that cross-reference subjects to a wide range of other systematic theologies.

Manual of Christian Doctrine

Wm. B. Eerdmans Publishing

Basing this work on his own full-scale *Systematic Theology*, Berkhof summarizes the body of church doctrine, beginning with the doctrines of Scripture and God and

proceeding through statements on anthropology, Christology, soteriology, and more.

Systematic Theology

A Body of Doctrinal Divinity

This is Louis Berkhof's Systematic Theology. We start the study of theology with two presuppositions, namely (1) that God exists, and (2) that He has revealed Himself in His divine Word. And for that reason it is not impossible for us to start with the study of God. We can turn to His revelation, in order to learn what He has revealed concerning Himself and concerning His relation to His creatures. Attempts have been made in the course of time to distribute the material

of Dogmatics in such a way as to exhibit clearly that it is, not merely in one locus, but in its entirety, a study of God. This was done by the application of the trinitarian method, which arranges the subject-matter of Dogmatics under the three headings of (1) the Father (2) the Son, and (3) the Holy Spirit. That method was applied in some of the earlier systematic works, was restored to favor by Hegel, and can still be seen in Martensen's Christian Dogmatics. A similar attempt was made by Breckenridge, when he divided the subject-matter of Dogmatics into (1) The Knowledge of God Objectively Considered, and (2) The Knowledge of God Subjectively

Considered. Neither one of these can be called very
