The Startup Gold Mine

How to Tap the Hidden Innovation Agendas of Large Companies to Fund and Grow Your Business *AMACOM*

The startup playbook for partnering with big business Corporations are desperate to overhaul their culture and the perception that they are giant, bureaucratic dinosaurs too slow to react in a rapidly changing business landscape. Many are trying to be more innovative and agile, like a startup. One easy way to achieve this goal is through partnering with or acquiring a startup. Corporate venture capital (CVC) now makes up 25 percent (~\$18 billion) of all venture capital dollars in North America. The Startup Gold Mine reveals how the world's largest and most prestigious brands make innovation decisions, including new product launches, vendor-startup partnerships, and even billion-dollar acquisitions. The book also details the ways startups can leverage corporate strengths and weaknesses for mutual benefit. Readers will learn Why the "innovator's dilemma" is

leading large companies to seek out partnerships with startups How to close a deal with a large company, from first connection to getting paid Strategies to troubleshoot common land mines that startups encounter when working with large companies Ways to navigate the convoluted corporate landscape without spending a fortune on conferences and consultants. Author Neil Soni draws on his experience as an entrepreneur and as an external innovator with premier brands like Estée Lauder, MAC, and Smashbox to reveal large companies' inner workings, as well as how startup founders and employees can use this knowledge to close the biggest deals of their lives. PRAISE FOR THE STARTUP GOLD MINE "A really useful guide for startup founders and big company executives alike. Packed with practical steps and common mistakes, this book is one to read attentively and keep handy for future referencing." --Maria Thomas, former Etsy CEO, SmartThings CMO "The Startup Gold Mine is THE playbook for getting your startup-corporate deals across the finish line. Every founder needs to read this!" --Justin Mares, founder of Kettle & Fire, coauthor of Traction "Over the last decade, big companies have completely changed their approach to innovation, with startups at the center of those efforts. The Fortune 500 are turning to startups for innovation across every facet of their business, ranging from marketing and sales to customer service and logistics. Gone are the days when 'no one ever got fired for buying IBM.'" --Dave Knox, author of Predicting the Turn, cofounder of The Brandery, CMO of Rockfish "A productive relationship with the right corporate partner can unlock years of growth for a startup. On the other hand, there are numerous pitfalls along the way that can have you running in circles. The principles in The Startup Gold Mine give founders the proper framework to navigate the startup-corporate intersection to get their deal done." --Sean Ammirati, partner at Birchmere Ventures, author of The Science of Growth "Giftology will get you in the door. The Startup Gold Mine will help you close the deal. This is a must-read book for anyone selling into large organizations!" --John Ruhlin, author of Giftology, founder and CEO of the Ruhlin Group "I've been working with startups in rapidly growing and evolving industries for over a decade. The principles Neil outlines in The Startup Gold Mine are spot on and essential reading for any founder looking to grow his or her business." --Chris Chaney, founder, president, and owner, Infinite Esports & Entertainment

Summary of The E-Myth Revisited

by Michael E. Gerber - Why Most Small Businesses Don't Work and What to Do About It - A Comprehensive Summary *BookSummaryGr*

Summary of The E-Myth Revisited - Why Most Small Businesses Don't Work and What to Do About It - A Comprehensive Summary PART 1: HOW PEOPLE APPROACH BUSINESS Gerber explains his key principles in the first chapter. He says there are many new businesses started by technicians, people skilled at what they know and love doing. Many new business owners think that because they know how the technical parts of the business work, they will also understand how a technical business works. In reality, these two are completely different issues. After this, the author explains what it takes to build a business. Gerber says that to build a business, we need an entrepreneur, manager and technician. Each of these roles is important to the development and success of a business. After this, the author explains three phases of business growth. The first phase is infancy, the second

is expansion, and the third is maturity. To be continued... Here is a Preview of What You Will Get: - A Full Book Summary - An Analysis - Fun quizzes - Quiz Answers - Etc. Get a copy of this summary and learn about the book.

The E-Myth Contractor

Why Most Contractors' Businesses Don't Work and What to Do About It *HarperBusiness*

With The E-Myth Contractor, Michael E. Gerber launches a series of books that apply the E-Myth to specific types of small businesses. The first is aimed at contractors. This book reveals a radical new mind-set that will free contractors from the tyranny of an unprofitable, unproductive routine. With specific tips on topics as crucial as planning, money and personnel management, The E-Myth Contractor teaches readers how to: Implement the ingenious turnkey system of management—a means of creating a business prototype that reflects the business owner's unique set of talents and replicating and distributing them among employees and customers. Recognise and manage the four forms of money—income, profit, flow and equity. Harness the power of change to expand the company. The book also provides help on a larger level, leading readers towards becoming business visionaries by relinquishing tactical work and embracing strategic work, by letting go to gain control. Once put into action, Gerber's revolutionary ideas promise not only to help contractors build successful businesses, but successful lives as well.

Giants of Enterprise

Seven Business Innovators and the Empires They Built *Harper Collins*

Seven business innovators and the empires they built. The pre-eminent business historian of our time, Richard S. Tedlow, examines seven great CEOs who successfully managed cutting-edge technology and formed enduring corporate empires. With the depth and clarity of a master, Tedlow illuminates the minds, lives and strategies behind the legendary successes of our times: . George Eastman and his invention of the Kodak camera; . Thomas Watson of IBM; . Henry Ford and his automobile; . Charles Revson and his use of television advertising to drive massive sales for Revlon; . Robert N. Noyce, co-inventor of the integrated circuit and founder of Intel; . Andrew Carnegie and his steel empire; . Sam Walton and his unprecedented retail machine, Wal-Mart.

SOMETHING HAPPENED

A Novel *Dell*

Bob Slocum was living the American dream. He had a beautiful wife, three lovely children, a nice house...and all the mistresses he desired. He had it all -- all, that is, but happiness. Slocum was discontent. Inevitably, inexorably, his discontent deteriorated into desolation until...something happened. Something Happened is Joseph Heller's wonderfully inventive and controversial second novel satirizing business life and American culture. The story is told as if the reader was overhearing the patter of Bob Slocum's brain -- recording what is going on at the office, as well as his fantasies and memories that complete the story of his life. The result is a novel as original and memorable as his Catch-22.
