Hartmann & Kester's Plant Propagation: Principles and ...

The horticultural plants are propagated both by sexual and asexual methods. Most of the horticultural plants are now propagated through grafting and budding, few through cuttings, layering, seeds and micro-propagation. The propagation methods are broadly classified as sexual, asexual and micro-propagation.
CHAPTER 4.

Principles of Plant Propagation, Methods of Propagation ...

Pairs principles with practice throughout, alternating between the scientific principles of plant propagation and the practical technical skills used in the field, such as

hands-on lab practice. Organizes content into four sections, starting with propagation basics and progressing to more complex scientific concepts and practical applications.
