- From the lead character's faithful best friend to the strange complete stranger the antagonist befriends, the sustaining actors helps to bring the world of the story to life.

On the whole, the character development in this book is among

its staminas. Each character is well-crafted and contributes to the total story, making for an absolutely pleasurable read.

FINAL DECISION

After reading and analyzing *Barbarians At The Gate* from cover to cover, we have come to our last judgment.

The Pros

Among the main highlights of this publication *Barbarians At The Gate* is its special storytelling style which keeps the viewers involved throughout guide. Moreover, the well-developed characters make guide much more relatable and pleasurable to read. Furthermore, the story spins keep the viewers on their toes, making guide unpredictable and interesting.

The Disadvantages

Nonetheless, there were some facets that we discovered lacking. The pacing of *Barbarians At The Gate* was slow sometimes, that made it really feel dragged out. Additionally, there were some loose ends that were not bound by the end of the book, which left us with unanswered concerns.

Last Ideas

Generally, we believe that *Barbarians At The Gate* is worth a read, despite some minor imperfections. The unique narration design, relatable characters, and plot spins make it a beneficial enhancement to your bookshelf. So, if you're seeking a captivating read, *Barbarians At The Gate* is certainly worth considering.

Barbarians at the Gate

The Fall of RJR Nabisco *Random House*

"*Barbarians at the Gate*" is the classic account of the defining takeover in Wall Street merger history. The authors' gripping record of the frenzy that overtook Wall Street, in fall of 1988, gives a richly textured social history of wealth at the twilight of the Reagan era.

Barbarians at the Gate

The Fall of RJR Nabisco *Harper Collins*

"One of the finest, most compelling accounts of what happened to corporate America and Wall Street in the 1980's." —New York Times Book Review A #1 New York Times bestseller and arguably the best business narrative ever written, *Barbarians at the Gate* is the classic account of the fall of RJR Nabisco. An enduring masterpiece of investigative journalism by Bryan Burrough and John Helyar, it includes a new afterword by the authors that brings this remarkable story of greed and double-dealings up to date twenty years after the famed deal. The Los Angeles Times calls *Barbarians at the Gate*, "Superlative." The Chicago Tribune raves, "It's hard to imagine a better story...and it's hard to imagine a better account." And in an era of spectacular business crashes and federal bailouts, it still stands as a valuable cautionary tale that must be heeded.

Barbarians at the Gate

The Fall of RJR Nabisco *Harper Collins*

A book that stormed both the bestseller list and the public imagination, a book that created a genre of its own, and a book that gets at the heart of Wall Street and the '80s culture it helped define, *Barbarians at the Gate* has emerged twenty years after the tumultuous deal it so brilliantly recounts as a modern classic—a masterpiece of investigatory journalism and a rollicking book of corporate derring-do and financial swordsmanship. The fight to control RJR Nabisco during October and November of 1988 was more than just the largest takeover in Wall Street history. Marked by brazen displays of ego not seen in American business for decades, it became the high point of a new gilded age and its repercussions are still being felt. The tale remains the ultimate story of greed and glory—a story and a cast of characters that determined the course of global business and redefined how deals would be done and fortunes made in the decades to come. *Barbarians at the Gate* is the gripping account of these two frenzied months, of deal makers and publicity flaks, of an old-line industrial powerhouse (home of such familiar products a Oreos and Camels) that became the victim of the ruthless and rapacious style of finance in the 1980s. As reporters for The Wall Street Journal, Burrough and Helyar had extensive access to all the characters in this drama. They take the reader behind the scenes at strategy meetings and society dinners, into boardrooms and bedrooms, providing an unprecedentedly detailed look at how financial operations at the highest levels are conducted but also a richly textured social history of wealth at the twilight of the Reagan era. At the center of the huge power struggle is RJR Nabisco's president, the high-living Ross Johnson. It's his secret plan to buy out the company that sets the frenzy in motion, attracting the country's leading takeover players: Henry Kravis, the legendary leveraged-buyout king whose entry into the fray sets off an acquisitive commotion; Peter Cohen, CEO of Shearson Lehman Hutton and Johnson's partner, who needs a victory to propel his company to an unchallenged leadership in the lucrative mergers and acquisitions field; the fiercely independent Ted Forstmann, motivated as much by honor as by his rage at the corruption he sees taking over the business he cherishes; Jim Maher and his ragtag team, struggling to regain credibility for the decimated ranks at First Boston; and an army of desperate bankers, lawyers, and accountants, all drawn inexorably to the greatest prize of their careers—and one of the greatest prizes in the history of American business. Written with the bravado of a novel and researched with the diligence of a sweeping cultural history, *Barbarians at the Gate* is present at the front line of every battle of the campaign. Here is the unforgettable story of that takeover in all its brutality. In a new afterword specially commissioned for the story's 20th anniversary, Burrough and Helyar return to visit the heroes and villains of this epic story, tracing the fallout of the deal, charting the subsequent success and failure of those involved, and addressing the incredible impact this story—and the book itself—made on the world.

Barbarians at the Gate

Barbarians at the Gate

Studies in Language Attitudes *Cambridge Scholars Publishing*

The study of language attitudes is the investigation of beliefs expressed about the nature of language and its diverse usages, how these attitudes came to exist and persist, and how these attitudes shape social action and policy. Language attitude studies have illuminated our understanding of racial issues, social and economic stratification, cultural stereotypes, educational issues, folk linguistics, and, more recently, popular culture. This volume is an examination of four intersections in language attitudes research: Authority, Affiliation, Authenticity, and Accommodation. In each section, the contributors introduce new dimensions to the study of language attitudes while providing examples of the ways in which the study of language attitudes can continue to inform and shape our understanding of language diversity.

Waiting for the Barbarians

A Novel *Penguin*

A modern classic by Nobel Laureate J.M. Coetzee. His latest novel, *The Schooldays of Jesus*, is now available from Viking. Late Essays: 2006-2016 will be available January 2018. For decades the Magistrate has been a loyal servant of the Empire, running the affairs of a tiny frontier settlement and ignoring the impending war with the barbarians. When interrogation experts arrive, however, he witnesses the Empire's cruel and unjust treatment of prisoners of war. Jolted into sympathy for their victims, he commits a quixotic act of rebellion that brands him an enemy of the state. J. M. Coetzee's prize-winning novel is a startling allegory of the war between oppressor and oppressed. The Magistrate is not simply a man living through a crisis of conscience in an obscure place in remote times; his situation is that of all men living in unbearable complicity with regimes that ignore justice and decency. Mark Rylance (*Wolf Hall*, *Bridge of Spies*), Ciro Guerra and producer Michael Fitzgerald are teaming up to bring J.M. Coetzee's *Waiting for the Barbarians* to the big screen.

The Lords of the Realm

The Real History of Baseball *Ballantine Books*

"The ultimate chronicle of the games behind the game."—*The New York Times Book Review* Baseball has always inspired rhapsodic elegies on the glory of man and golden memories of wonderful times. But what you see on the field is only half the game. In this fascinating, colorful chronicle—based on hundreds of interviews and years of research and digging—John Helyar brings to vivid life the extraordinary people and dramatic events that shaped America's favorite pastime, from the dead-ball days at the turn of the century through the great strike of 1994. Witness zealous Judge Landis banish eight players, including Shoeless Joe Jackson, after the infamous "Black Sox" scandal; the flamboyant A's owner Charlie Finley wheel and deal his star players, Vida Blue and Rollie Fingers, like a deck of cards; the hysterical bidding war of coveted free agent Catfish Hunter; the chain-smoking romantic, A. Bartlett Giamatti, locking horns with Pete Rose during his gambling days of summer; and much more. Praise for *The Lords of the Realm* "A must-read for baseball fans . . . reads like a suspense novel."—*Kirkus Reviews* "Refreshingly hard-headed . . . the only book you'll need to read on the subject."—*Newsday* "Lots of stories . . . well told, amusing . . . edifying."—*The Washington Post*

Controversial Essays *Hoover Press*

One of conservatism's most articulate voices dissects today's most important economic, racial, political, education, legal, and

social issues, sharing his entertaining and thought-provoking insights on a wide range of contentious subjects. --"This book contains an abundance of wisdom on a large number of economic issues." --*Mises Review*

Barbarians at the Gate *Hesperides Press*

Originally published in the 1930s. An examination of the political powers in Europe and beyond. "This book was written before the conclusion of the treaty between Soviet Russia and Nazi Germany and before the outbreak of the war. Its general argument and conclusions seem to me to be confirmed by these events and I have therefore left the text exactly as it was written, even though in some sentences present tenses have now become past, Presidents, ex-Presidents, and probabilities certainties." Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. *Hesperides Press* are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. Contents Include: *The World We Live In* - *Anatomy of Civilization* - *The Choice Before Us*

Barbarians at the Gates of the Public Library

How Postmodern Consumer Capitalism Threatens Democracy, Civil Education and the Public Good *Library Juice Press, LLC*

Barbarians at the Gates of the Public Library is a philosophical and historical analysis of how the rise of consumerism has led to the decline of the original mission of public libraries to sustain and promote democracy through civic education. Through a reading of historical figures such as Plato, Helvetius, Rousseau, and John Stuart Mill, the book shows how democracy and even capitalism were originally believed to depend upon the moral and political education that public libraries (and other institutions of rational public discourse) could provide. But as capitalism developed in the 20th century it evolved into a postmodern consumerism that replaced democracy with consumerism and education with entertainment. Public libraries have mistakenly tried to remain relevant by shadowing the rise of consumerism, but have instead contributed to the rise of a new barbarism and the decline of democracy.

Barbarians inside the Gates and Other Controversial Essays *Hoover Press*

A collection of essays that discusses such issues as the media, immigration, the minimum wage and multiculturalism.

Den of Thieves *Simon and Schuster*

A #1 bestseller from coast to coast, *Den of Thieves* tells the full story of the insider-trading scandal that nearly destroyed Wall Street, the men who pulled it off, and the chase that finally brought them to justice. Pulitzer Prize-winner James B. Stewart shows for the first time how four of the eighties' biggest names on Wall Street—Michael Milken, Ivan Boesky, Martin Siegel, and Dennis Levine—created the greatest insider-trading ring in financial history and almost walked away with billions, until a team of downtrodden detectives triumphed over some of America's most expensive lawyers to bring this powerful quartet to justice. Based on secret grand jury transcripts, interviews, and actual trading records, and containing explosive new revelations about Michael Milken and Ivan Boesky written especially for this paperback edition, *Den of Thieves* weaves all the facts into an unforgettable narrative—a portrait of human nature, big business, and crime of unparalleled proportions.

King of Capital

The Remarkable Rise, Fall, and Rise Again of Steve Schwarzman and Blackstone *Currency*

Strippers and Flippers . . . or a New Positive Force Helping to Drive the Economy . . . The untold story of Steve Schwarzman and Blackstone, the financier and his financial powerhouse that avoided the self-destructive tendencies of Wall Street. David Carey and John Morris show how Blackstone (and other private equity firms) transformed themselves from gamblers, hostile-takeover artists, and 'barbarians at the gate' into disciplined, risk-conscious investors. The financial establishment—banks and investment bankers such as Citigroup, Bear Stearns, Lehman, UBS, Goldman Sachs, Merrill Lynch, Morgan Stanley—were the cowboys, recklessly assuming risks, leveraging up to astronomical levels and driving the economy to the brink of disaster. Blackstone is now ready to break out once again since it is sitting on billions of dollars that can be invested at a time when the market is starved for capital. The story of a financial revolution—the greatest untold success story on Wall Street: Not only have Blackstone and a small coterie of competitors wrested control of corporations around the globe, but they have emerged as a major force on Wall Street, challenging the likes of Goldman Sachs and Morgan Stanley for dominance. Great human interest story: How Blackstone went from two guys and a secretary to being one of Wall Street's most powerful institutions, far outgrowing its much older rival KKR; and how Steve Schwarzman, with a pay packet one year of \$398 million and \$684 million from the Blackstone IPO, came to epitomize the spectacular new financial fortunes amassed in the 2000s. Controversial: Analyzes the controversies surrounding Blackstone and whether it and other private equity firms suck the lifeblood out of companies to enrich themselves—or whether they are a force that helps make the companies they own stronger and thereby better competitors. The story by two insiders with access: Insightful and hard-hitting, filled with never-before-revealed details about the workings of a heretofore secretive company that was the personal fiefdom of Schwarzman and Peter Peterson. Forward-looking: How Blackstone and private equity will drive the economy and provide a model for how financing will work. From the Hardcover edition.

The New Financial Capitalists

Kohlberg Kravis Roberts and the Creation of Corporate Value *Cambridge University Press*

Kohlberg Kravis Roberts's approach to leveraged buyouts was an important aspect of the corporate restructuring and governance reforms in the American economy from the mid-1970s through 1990. During that period, KKR crafted a series of progressively more elaborate deals tailored to specific companies and market conditions. Through its creative debt financing and its relationships with an evolving cast of investors, companies, and managers, KKR drove the scale and scope of the buyout phenomenon to unprecedented highs. This book, first published in 1999, examines KKR's record in detail. Based upon interviews with partners of the firm and on unprecedented access to KKR's records, George Baker and George Smith have written a balanced and enlightening account of how KKR has approached LBOs. The book focuses on KKR's founding, evolution, and innovations as ways to understand issues in modern American business. In examining KKR as a unique form of enterprise, the book bridges the gap between public perception and academic knowledge of the leveraged buyout.

Barbarians at the Gates

The Federation has endured for hundreds of years, but now it is dying, killed by the corruption and decadence of the Senate and the rising power of military warlords. The shipping lanes are coming apart, the colonists are revolting and outside forces are pressing against undefended borders. Now, as one warlord makes a bid for supreme power, the entire edifice is on the verge of falling apart. Two officers, bearers of a proud military tradition, may be all that stands between the Federation and total destruction. For Admiral Marius Drake, there is no greater cause than the survival of humanity's prized unity. For the young and ambitious Roman Garibaldi, the growing civil war offers a chance of promotion far beyond the usual boundaries. Together, they will save the Federation or die trying. But with the Senate suspicious of any competent commanding officers, their success may condemn them to an inglorious death.

The Big Rich

The Rise and Fall of the Greatest Texas Oil Fortunes *Penguin*

"Full of schadenfreude and speculation—and solid, timely history too." —Kirkus Reviews "This is a portrait of capitalism as white-knuckle risk taking, yielding fruitful discoveries for the fathers, but only sterile speculation for the sons—a story that resonates with today's economic upheaval." —Publishers Weekly "What's not to enjoy about a book full of monstrous egos, unimaginable sums of money, and the punishment of greed and shortsightedness?" —The Economist Phenomenal reviews and sales greeted the hardcover publication of *The Big Rich*, New York Times bestselling author Bryan Burrough's spellbinding chronicle of Texas oil. Weaving together the multigenerational sagas of the industry's four wealthiest families, Burrough brings to life the men known in their day as the Big Four: Roy Cullen, H. L. Hunt, Clint Murchison, and Sid Richardson, all swaggering Texas oil tycoons who owned sprawling ranches and mingled with presidents and Hollywood stars. Seamlessly charting their collective rise and fall, *The Big Rich* is a hugely entertaining account that only a writer with Burrough's abilities—and Texas upbringing—could have written.

Dialect and Nationalism in China, 1860-1960 *Cambridge University Press*

Analyzes how fangyan (local Chinese languages or dialects) were central to the creation of modern Chinese nationalism.

Liar's Poker *W. W. Norton & Company*

The time was the 1980s. The place was Wall Street. The game was called Liar's Poker. Michael Lewis was fresh out of Princeton and the London School of Economics when he landed a job at Salomon Brothers, one of Wall Street's premier investment firms. During the next three years, Lewis rose from callow trainee to bond salesman, raking in millions for the firm and cashing in on a modern-day gold rush. Liar's Poker is the culmination of those heady, frenzied years—a behind-the-scenes look at a unique and turbulent time in American business. From the frat-boy camaraderie of the forty-first-floor trading room to the killer instinct that made ambitious young men gamble everything on a high-stakes game of bluffing and deception, here is Michael Lewis's knowing and hilarious insider's account of an unprecedented era of greed, gluttony, and outrageous fortune.

Barbarian at the Gate

From the American Suburbs to the Taiwanese Army

Barbarian at the Gate: From the American Suburbs to the Taiwanese Army is the unique account of a white American doing military service in the ROC (Republic of China) army. Locke fell in love with Taiwan during a year of language study and decided to make the island his home. Acquiring Taiwanese citizenship as a way to make life easier proved anything but. The bureaucratic nightmare found him trapped and stateless in Hong Kong for six long months, and after settling into life in Taiwan he received a surprise call-up for military service. It was a daunting challenge for the perennial outsider, the softly-spoken introvert needing to conform to military life in a setting - where as the only westerner - he was the ultimate odd-man-out. After basic training at the country's toughest boot camp he served the rest of his two years' at a mountain base in Miaoli County. Barbarian at the Gate is a detailed and brutally honest insider's look at Taiwan's military, and also the personal story of the search for identity and the struggle to assimilate. Locke describes the nerve-wracking lottery system, the rigors of training, his assignments ranging from running a karaoke bar for officers to slaughtering diseased pigs, the camaraderie of the barracks, and how - unexpectedly - he developed a deeper sense of belonging and acceptance than he ever had before. The book is an intimate portrait of an important part of Taiwanese life that has never been written about in English before. Military service is for many Taiwanese males the most memorable experience of their lives, a difficult rite of passage into manhood that is remembered with dread and nostalgia, and so it proved for Locke.

Dark Age Ahead *Vintage Canada*

Visionary thinker Jane Jacobs uses her authoritative work on urban life and economies to show us how we can protect and strengthen our culture and communities. In *Dark Age Ahead*, Jane Jacobs identifies five pillars of our culture that we depend on but which are in serious decline: community and family; higher education; the effective practice of science; taxation and government; and self-policing by learned professions. The decay of these pillars, Jacobs contends, is behind such ills as environmental crisis, racism and the growing gulf between rich and poor; their continued degradation could lead us into a new Dark Age, a period of cultural collapse in which all that keeps a society alive and vibrant is forgotten. But this is a hopeful book as well as a warning. Jacobs draws on her vast frame of reference -- from fifteenth-century Chinese shipbuilding to zoning regulations in Brampton, Ontario -- and in highly readable, invigorating prose offers proposals that could arrest the cycles of decay and turn them into beneficent ones. Wise, worldly, full of real-life examples and accessible concepts, this book is an essential read for perilous times.

Barbarians at the Gates of Hollywood

Sword and Sorcery Movies of the 1980s

Journey into the realm of VHS tapes and midnight showings where brawny barbarians rescue nubile virgins from evil wizards, giant snakes, and armies of the undead! Although originating in the era of the pulp magazines, sword and sorcery fiction enjoyed a cinematic boom in the 1980s; a decade that gave us Conan the Barbarian and The Beastmaster as well as more low-budget offerings like the Roger Corman-produced *Deathstalker* series and the Italian entries like *Conquest* and the *Ator* saga. Some of these movies are fondly remembered as cult classics today but many were released directly to VHS and lurked on the shelves of video rental stores before vanishing into obscurity. While some have long since lost their lustre, there are plenty of diamonds in the rough to be found. This book takes a comprehensive look at

over 40 sword and sorcery movies from the 1980s, from the towering titans to the bargain basement sleaze-fests, unearthing them from their tombs and dusting them off so that they may shine once more.

The Tragedy of Empire

From Constantine to the Destruction of Roman Italy *Harvard University Press*

Michael Kulikowski traces two hundred years of Roman history during which the Empire became ungovernable and succumbed to turbulence and change. A sweeping political narrative, *The Tragedy of Empire* tells the story of the Western Roman Empire's downfall, even as the Eastern Empire remained politically strong and culturally vibrant.

Colonel Sanders and the American Dream *University of Texas Press*

Attempts to biographize corporate mascot and real human being Harland Sanders better known as Colonel Sanders, the man who started what would become the restaurant chain Kentucky Fried Chicken.

Barbarian Days

A Surfing Life *Penguin*

****Winner of the 2016 Pulitzer Prize for Autobiography**** Included in President Obama's 2016 Summer Reading List "Without a doubt, the finest surf book I've ever read . . ." —The New York Times Magazine *Barbarian Days* is William Finnegan's memoir of an obsession, a complex enchantment. Surfing only looks like a sport. To initiate, it is something else: a beautiful addiction, a demanding course of study, a morally dangerous pastime, a way of life. Raised in California and Hawaii, Finnegan started surfing as a child. He has chased waves all over the world, wandering for years through the South Pacific, Australia, Asia, Africa. A bookish boy, and then an excessively adventurous young man, he went on to become a distinguished writer and war reporter. *Barbarian Days* takes us deep into unfamiliar worlds, some of them right under our noses—off the coasts of New York and San Francisco. It immerses the reader in the edgy camaraderie of close male friendships forged in challenging waves. Finnegan shares stories of life in a whites-only gang in a tough school in Honolulu. He shows us a world turned upside down for kids and adults alike by the social upheavals of the 1960s. He details the intricacies of famous waves and his own apprenticeships to them. Youthful folly—he drops LSD while riding huge Honolua Bay, on Maui—is served up with rueful humor. As Finnegan's travels take him ever farther afield, he discovers the picturesque simplicity of a Samoan fishing village, dissects the sexual politics of Tongan interactions with Americans and Japanese, and navigates the Indonesian black market while nearly succumbing to malaria. Throughout, he surfs, carrying readers with him on rides of harrowing, unprecedented lucidity. *Barbarian Days* is an old-school adventure story, an intellectual autobiography, a social history, a literary road movie, and an extraordinary exploration of the gradual mastering of an exacting, little-understood art.

Barbarism Revisited

New Perspectives on an Old Concept *Brill | Rodopi*

Barbarism revisited revisits well-known and obscure chapters in the genealogy of barbarism from Greek antiquity to the present. Through contemporary interdisciplinary perspectives, it recasts the conceptual history of barbarism as a task for literary scholars,

art historians, and cultural analysts.

The Lessons of Terror

A History of Warfare Against Civilians *Random House Trade Paperbacks*

Military historian Caleb Carr's groundbreaking work anticipated America's current debates on preemptive military action against terrorist sponsor states, reorganization of the American intelligence system, and the treatment of terrorists as soldiers in supranational armies rather than as criminals. Carr's authoritative exploration demonstrates that the practice of terrorism, employed by national armies as well as extremists since the days of ancient Rome, is ultimately self-defeating. Far from prompting submission, it stiffens enemy resolve and never leads to long-lasting success. Controversial on its initial publication in 2002, *The Lessons of Terror* has been repeatedly validated by subsequent events. Carr's analysis of individual terrorist acts, and particularly of the history of the Middle East conflict, is fundamental to a deep understanding of the roots of terrorism as well as the steps and reforms that must be taken if the continuing threat of terrorist behavior is to be met effectively today and, finally, eradicated tomorrow.

China in the 21st Century

What Everyone Needs to Know *Oxford University Press*

The need to understand this global giant has never been more pressing: China is constantly in the news, yet conflicting impressions abound. Within one generation, China has transformed from an impoverished, repressive state into an economic and political powerhouse. In the fully revised and updated second edition of *China in the 21st Century: What Everyone Needs to Know*, China expert Jeffrey Wasserstrom provides cogent answers to the most urgent questions regarding the newest superpower, and offers a framework for understanding its meteoric rise. Focusing his answers through the historical legacies--Western and Japanese imperialism, the Mao era, and the massacre near Tiananmen Square--that largely define China's present-day trajectory, Wasserstrom introduces readers to the Chinese Communist Party, the building boom in Shanghai, and the environmental fall-out of rapid Chinese industrialization. He also explains unique aspects of Chinese culture such as the one-child policy, and provides insight into how Chinese view Americans. Wasserstrom reveals that China today shares many traits with other industrialized nations during their periods of development, in particular the United States during its rapid industrialization in the 19th century. He provides guidance on the ways we can expect China to act in the future vis-à-vis the United States, Russia, India, and its East Asian neighbors. The second edition has also been updated to take into account changes China has seen in just the past two years, from the global economic shifts to the recent removal of Chongqing Party Secretary Bo Xilai from power. Concise and insightful, *China in the 21st Century* provides an excellent introduction to this significant global power.

Little Soldiers

An American Boy, a Chinese School, and the Global Race to Achieve *HarperCollins*

New York Times Book Review Editor's Choice; Real Simple Best of the Month; Library Journal Editors' Pick In the spirit of *Battle Hymn of the Tiger Mother*, *Bringing up Bébé*, and *The Smartest Kids in the World*, a hard-hitting exploration of China's widely

acclaimed yet insular education system—held up as a model of academic and behavioral excellence—that raises important questions for the future of American parenting and education. When students in Shanghai rose to the top of international rankings in 2009, Americans feared that they were being "out-educated" by the rising super power. An American journalist of Chinese descent raising a young family in Shanghai, Lenora Chu noticed how well-behaved Chinese children were compared to her boisterous toddler. How did the Chinese create their academic super-achievers? Would their little boy benefit from Chinese school? Chu and her husband decided to enroll three-year-old Rainer in China's state-run public school system. The results were positive—her son quickly settled down, became fluent in Mandarin, and enjoyed his friends—but she also began to notice troubling new behaviors. Wondering what was happening behind closed classroom doors, she embarked on an exploratory journey, interviewing Chinese parents, teachers and education professors, and following students at all stages of their education. What she discovered is a military-like education system driven by high-stakes testing, with teachers posting rankings in public, using bribes to reward students who comply, and shaming to isolate those who do not. At the same time, she uncovered a years-long desire by government to alleviate its students' crushing academic burden and make education friendlier for all. The more she learns, the more she wonders: Are Chinese children—and her son—paying too high a price for their obedience and the promise of future academic prowess? Is there a way to appropriate the excellence of the system but dispense with the bad? What, if anything, could Westerners learn from China's education journey? Chu's eye-opening investigation challenges our assumptions and asks us to consider the true value and purpose of education.

Play Nice But Win

A CEO's Journey from Founder to Leader *Penguin*

WALL STREET JOURNAL BESTSELLER From Michael Dell, renowned founder and chief executive of one of America's largest technology companies, the inside story of the battles that defined him as a leader In 1984, soon-to-be college dropout Michael Dell hid signs of his fledgling PC business in the bathroom of his University of Texas dorm room. Almost 30 years later, at the pinnacle of his success as founder and leader of Dell Technologies, he found himself embroiled in a battle for his company's survival. What he'd do next could ensure its legacy—or destroy it completely. *Play Nice But Win* is a riveting account of the three battles waged for Dell Technologies: one to launch it, one to keep it, and one to transform it. For the first time, Dell reveals the highs and lows of the company's evolution amidst a rapidly changing industry—and his own, as he matured into the CEO it needed. With humor and humility, he recalls the mentors who showed him how to turn his passion into a business; the competitors who became friends, foes, or both; and the sharks that circled, looking for weakness. What emerges is the long-term vision underpinning his success: that technology is ultimately about people and their potential. More than an honest portrait of a leader at a crossroads, *Play Nice But Win* is a survival story proving that while anyone with technological insight and entrepreneurial zeal might build something great—it takes a leader to build something that lasts.

Enemy at the Gates

The Battle for Stalingrad *Open Road Media*

A New York Times bestseller that brings to life one of the

bloodiest battles of World War II—and the beginning of the end of the Third Reich. On August 5, 1942, giant pillars of dust rose over the Russian steppe, marking the advance of the 6th Army, an elite German combat unit dispatched by Hitler to capture the industrial city of Stalingrad and press on to the oil fields of Azerbaijan. The Germans were supremely confident; in three years, they had not suffered a single defeat. The Luftwaffe had already bombed the city into ruins. German soldiers hoped to complete their mission and be home in time for Christmas. The siege of Stalingrad lasted five months, one week, and three days. Nearly two million men and women died, and the 6th Army was completely destroyed. Considered by many historians to be the turning point of World War II in Europe, the Soviet Army's victory foreshadowed Hitler's downfall and the rise of a communist superpower. Bestselling author William Craig spent five years researching this epic clash of military titans, traveling to three continents in order to review documents and interview hundreds of survivors. *Enemy at the Gates* is the enthralling result: the definitive account of one of the most important battles in world history. It became a New York Times bestseller and was also the inspiration for the 2001 film of the same name, starring Joseph Fiennes and Jude Law.

Ancient Roman History, Barbarians at the Gate: Ghost Warrior

Ancient Rome Vs Germanic Barbarian: the Fall of an Empire, the Rise of a Nation

It has been 210 years since Rome's greatest general, Scipio Africanus, triumphantly won what is arguably Rome's greatest victory at the Battle of Zama against the great Hannibal of Carthage. For over two centuries Rome has continued its empirical march, leveling all opposition and conquering new lands and people. The world has never seen a force like that of the Roman Empire. Roman life is at its zenith as it witnesses the continual rise of an empire. At her northern borders Rome is knocking on the door of Ancient Germania. It is a densely forested land inhabited by a highly fractured society. The people of Ancient Germany are a fiercely independent people yet they lack any cohesion or structure. From the outside looking in Rome expects a quick and simple victory. However, while Rome organizes her strategy to kick down the door she has overlooked the barbarians at the gate. Amongst those barbarians sits an elite class of Germanic warriors. They are a ruthless, efficient, and highly skilled elite force. They attack in the pitch of darkness and they are the first warriors to ever don camouflage. They fight in silence with spears, slings, javelins, and blunt battle-clubs. They are the warriors that legends and nightmares are made of and they are remembered by history as Germania's Ghost Warriors. This is the true story of history's greatest victory. Never before in history has an army overcome such amazing odds and done so with such definiteness. It will mark the beginning of the end of the mighty Roman Empire and give birth to one of history's greatest military leaders, Arminius. He will single handedly spark the rise of a nation by uniting a fractured and unorganized group of communities that will one day become Germany. As one ancient civilization stumbles the other finds firm footing for centuries to come.

Interdisciplinary Perspectives on Torture *BRILL*

This volume offers diverse insights on the practice of torture. Spanning history, law, literature, philosophy, psychology, and theology, the book explores how torture has been and continues to be woven into the fabric of modern society.

Outsider in the Promised Land

An Iraqi Jew in Israel *University of Texas Press*

In 1951, Israel was a young nation surrounded by hostile neighbors. Its tenuous grip on nationhood was made slipperier still by internal tensions among the various communities that had immigrated to the new Jewish state, particularly those between the politically and socially dominant Jewish leadership hailing from Eastern Europe and the more numerous Oriental Jews from the Middle East and North Africa. Into this volatile mix came Nissim Rejwan, a young Iraqi Jewish intellectual who was to become one of the country's leading public intellectuals and authors. Beginning with Rejwan's arrival in 1951 and climaxing with the tensions preceding Israel's victory in the Six-Day War of 1967, this book colorfully chronicles Israel's internal and external struggles to become a nation, as well as the author's integration into a complex culture. Rejwan documents how the powerful East European leadership, acting as advocates of Western norms and ideals, failed to integrate Israel into the region and let the country take its place as a part of the Middle East. Rejwan's essays and occasional articles are an illuminating example of how minority groups use journalism to gain influence in a society. Finally, the letters and diary entries reproduced in *Outsider in the Promised Land* are full of lively, witty meditations on history, literature, philosophy, education, and art, as well as one man's personal struggle to find his place in a new nation.

Warfare in China to 1600 *Routledge*

Chinese military history has emerged as one of the most promising and radical fields of Chinese studies. China's rapidly increasing military power make understanding the place of war in Chinese culture, as well as the role of the military, and Chinese strategic thought, vital to dealing with this possible threat. The recent flourishing of scholarship in this area has begun to allow an equivalent comparison with western and world military history, leading to a new understanding of war as a historical and cultural phenomenon, as well as revising earlier analyses of the significance of war in Chinese history. Assembled in this volume is a selection of articles that present earlier approaches to Chinese military history as well as the most recent trends in research. The introductory essay provides an overview of the field of Chinese military history and its significance in the study of China, as well as pointing out encouraging new developments in recent scholarship.

Forget the Alamo

The Rise and Fall of an American Myth *Penguin*

A New York Times bestseller! "Lively and absorbing. . ." — The New York Times Book Review "Engrossing." —Wall Street Journal

"Entertaining and well-researched . . . " —Houston Chronicle
 Three noted Texan writers combine forces to tell the real story of the Alamo, dispelling the myths, exploring why they had their day for so long, and explaining why the ugly fight about its meaning is now coming to a head. Every nation needs its creation myth, and since Texas was a nation before it was a state, it's no surprise that its myths bite deep. There's no piece of history more important to Texans than the Battle of the Alamo, when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from Mexico, losing the battle but setting Texas up to win the war. However, that version of events, as *Forget the Alamo* definitively shows, owes more to fantasy than reality. Just as the site of the Alamo was left in ruins for decades, its story was forgotten and twisted over time, with the contributions of Tejanos--Texans of Mexican origin, who fought alongside the Anglo rebels--scrubbed from the record, and the origin of the conflict over Mexico's push to abolish slavery papered over. *Forget the Alamo* provocatively explains the true story of the battle against the backdrop of Texas's struggle for independence, then shows how the sausage of myth got made in the Jim Crow South of the late nineteenth and early twentieth century. As uncomfortable as it may be to hear for some, celebrating the Alamo has long had an echo of celebrating whiteness. In the past forty-some years, waves of revisionists have come at this topic, and at times have made real progress toward a more nuanced and inclusive story that doesn't alienate anyone. But we are not living in one of those times; the fight over the Alamo's meaning has become more pitched than ever in the past few years, even violent, as Texas's future begins to look more and more different from its past. It's the perfect time for a wise and generous-spirited book that shines the bright light of the truth into a place that's gotten awfully dark.

China's New Youth

How the Young Generation Is Shaping China's Future

Simon and Schuster

"Paints a telling portrait of this most restless generation raised in a system that has provided them with unprecedented personal opportunities while denying them political ones. . . . A gifted observer."—Washington Post "Informative and often humorous . . . Presents a refreshing range of perspectives about being twenty-something in China."—Forbes "Masterfully crafted."—Los Angeles Review of Books "A perceptive and quietly profound book."—Booklist, starred review "Compelling and beautifully written."—Prospect China's new youth are the generation that will change China. Offspring of the one-child policy, with no memory of Tiananmen, they are destined to transform both their nation and the world. Understanding their motivations, dreams, and attitudes is possibly the most important gauge of China's future direction as it plays an increasingly important role in shaping this century. China's New Youth follows the lives of six young Chinese as they navigate their aspirations, discontents, politics, and love lives. Their stories include a netizen nationalist, a country migrant, the daughter of a Party member, a rising pop star, and a feminist entrepreneur. With intimate access to this diverse generation, Alec Ash—a young writer based in China since 2012—gives a vivid, immersive, fascinating account of young China as it comes of age. China's New Youth was originally published in hardcover until the title *Wish Lanterns: Young Lives in New China*. The new paperback edition has been updated with a new preface and afterword by the author and a new foreword by Karoline Kan.

Barbarians Within the Gates of Rome

A Study of Roman Military Policy and the Barbarians, Ca. 375-425 A.D. *Indiana University Press*

Barbarians serving in the Roman army, like all other Roman soldiers, faced difficult choices as political events buffeted their leaders and threatened their livelihoods. Honorius, Stilicho, Alaric, Galla Placidia, Constantius III and usurpers like Constantine III and Attalus left their imprints upon these years - coloring the fabric of political and spiritual life as much as they affected military affairs.
