Early Transcendentals *Brooks Cole*

In this version of his best-selling text, Stewart has reorganized the material so professors can teach transcendental functions (more than just trigonometric functions) early, before the definite integral. This variation introduces the derivative of the log and exponential functions at the same time as the polynomial functions and develops other transcendental functions prior to the introduction of the definite integral. In the new Third Edition, Stewart retains the focus on problem solving, the meticulous accuracy, the patient explanations, and the carefully graded problems that have made this text work so well for a wide range of students. In the new edition, Stewart has increased his emphasis on technology and innovation and has expanded his focus on problem-solving and applications. When writing his previous editions, Stewart set out to bring some of the spirit of Polya to his presentation. This resulted in the "strategy sections" in the First Edition and the "Problems Plus" and "Applications Plus" sections in the Second Edition. Now in the Third Edition, he extends the idea further with a new section on "Principles of Problem Solving" and new extended examples in the "Problems Plus" and "Applications Plus" sections. Stewart makes a serious attempt to help students reason mathematically.

Jimmy Stewart and His Poems *Random House Value Pub*

"I'm sure I never said to myself: 'Now, Jim--why don't you sit down and write a poem.' It's still a mystery to me, but I think probably it's something that happened by accident--like a lot of things have happened in my life." So begins this delightful collection of poetry by America's best-loved actor, Jimmy Stewart. Interspersed with vivid recollections and charming illustrations, the poems document a life that isn't too different from yours or mine. Jimmy Stewart won the hearts of generations of movie viewers with a confused innocence and stammering delivery that made his acting seem genuine and effortless. Somehow he managed to make the boy next door into a national hero. Now, in Jimmy Stewart and His Poems, the consummate Everyman shares tales from his everyday life. From fishing trips and dog stories to a hilarious account of a photo safari where the camera was lost to a hungry hyena, the poems are related in Jimmy Stewart's inimitable voice and are enlivened with charming illustrations. The book confirms what we all expected--that the real Jimmy Stewart is every bit as endearing as the film characters he's portrayed. Jimmy Stewart and His Poems is a perfect gift, one that fans will treasure as much as Jimmy Stewart's timeless performances.
