A new collection of MacKinnon's speeches and writings, *Are Women Human? And Other International Dialogues* takes note of the political work she has done in Canada, the U.S., and abroad, and asserts her recent approach to accountability in the global human rights arena. Discussing ritualized forms of violence conducted by military forces in Bosnia-Herzegovina and other regions, she argues that international human rights measures can be applied to halt such forms of violence against women.

Are Women Human?: And Other International Dialogues ...

A woman is an adult female human. The term woman may also refer to a girl (a female child or adolescent). The plural women is sometimes used for female humans regardless of age, as in phrases such as "women's rights." Typically, a woman has two X chromosomes and is capable of pregnancy and giving birth from puberty until menopause.

Woman - Wikipedia

This is stoutly affirmed by those who hold to the philosophy of the enlightenment, of rationalism, of nominalism; women, to them, are merely the human beings arbitrarily designated by the word woman. Many American women particularly are prepared to think that there is no longer any place for woman as such; if a backward individual still takes herself for a woman, her friends

advise her to be psychoanalysed and thus get rid of this obsession.

Simone de Beauvoir The Second Sex, Woman as Other 1949

As the now-famous saying goes, “women’s rights are human rights.” That is to say, women are entitled to all of these rights. Yet almost everywhere around the world, women and girls are still denied them, often simply because of their gender. Winning rights for women is about more than giving opportunities to any individual woman or girl; it is also about changing how countries and communities work.
