with the latest book releases. With this info, you prepare to embark on interesting literary experiences via the straightforward act of downloading and install If The Allies Had Fallen. Pleased analysis!

If the Allies Had Fallen

Sixty Alternate Scenarios of World War II Skyhorse Publishing Inc. Alternative military strategies of the Second World War.

If the Allies Had Fallen

Sixty Alternate Scenarios of World War II Simon and Schuster “The history of WWII is riddled with might-have-beens that are amply explored in this stimulating collection of scholarly essays . . . illuminating.” —Publishers Weekly What if Stalin had signed with the West in 1939? What if the Allies had been defeated on D-Day? What if Hitler had won the war? From the Munich crisis and the dropping of the first atom bomb to Hitler’s declaration of war on the United States and the D-Day landings, historians suggest “what might have been” if key events in World War II had gone differently. Written by an exceptional team of historians as if these world-changing events had really happened, If the Allies Had Fallen is a spirited and terrifying alternate history, and a telling insight into the dramatic possibilities of World War II. Contributors include: Thomas M. Barker, Harold C. Deutsch, Walter S. Dunn, Robert M. Love, D. Clayton James, Bernard C. Nalty, Richard J. Overy, Paul Schratz, Dennis E. Showalter, Gerhard L. Weinberg, Anne Wells, and Herman S. Wolk. “Here, nineteen eminent historians riff on various outcomes. What if the United States had read Japanese codes early enough to forestall Pearl Harbor? What if Hitler had captured Moscow? Skillfully written, this makes for absorbing reading, if ultimately just fantasy.” —Library Journal

If the Allies Had Fallen

Sixty Alternate Scenarios of World War II Skyhorse Publishing Inc. Leading historians suggest what might have been if key events during World War II had gone differently.

If The South Had Won The Civil War Macmillan The classic novel of speculative history, showing how the South could have won the Civil War, is accompanied by the author's essay on his work.

How Hitler Could Have Won World War II

The Fatal Errors That Led to Nazi Defeat Crown From an acclaimed military historian, a fascinating account of just how close the Allies were to losing World War II. Most of us rally around the glory of the Allies' victory over the Nazis in World War II. The story is often told of how the good fight was won by an astonishing array of manpower and stunning tactics. However, what is often overlooked is how the intersection between Adolf Hitler's influential personality and his military strategy was critical in causing Germany to lose the war. With an acute eye for detail and his use of clear prose, Bevin Alexander goes beyond counterfactual "What if?" history and explores for the first time just how close the Allies were to losing the war. Using beautifully detailed, newly designed maps, How Hitler Could Have Won World War II exquisitely illustrates the important battles and how certain key movements and mistakes by Germany were crucial in determining the war's outcome. Alexander's harrowing study shows how only minor tactical changes in Hitler's military approach could have changed the world we live in today. Alexander probes deeply into the crucial intersection between Hitler's psyche and military strategy and how his paranoia fatally overwhelmed his acute political shrewdness to answer the most terrifying question: Just how close were the Nazis to victory?

Allies Scholastic Inc. An instant New York Times bestseller!Alan Gratz, bestselling author of Refugee, weaves a stunning array of voices and stories into an epic tale of teamwork in the face of tyranny -- and how just one day can change the world. June 6, 1944: The Nazis are terrorizing Europe, on their evil quest to conquer the world. The only way to stop them? The biggest, most top-secret operation ever, with the Allied nations coming together to storm German-occupied France.Welcome to D-Day.Deer, a young U.S. soldier, is on a boat racing toward the French coast. And Deer -- along with his brothers-in-arms -- is terrified. He feels the weight of World War II on his shoulders.But Deer is not alone. Behind enemy lines in France, a girl named Samira works as a spy, trying to sabotage the German army. Meanwhile, paratrooper James leaps from his plane to join a daring midnight raid. And in the thick of battle, Henry, a medic, searches for lives to save.In a breathtaking race against time, they all must fight to complete their high-stakes missions. But with betrayals and deadly risks at every turn, can the Allies do what it takes to win?

What If?

Strategic Alternatives of WWII Casemate Pub & Book Dist Llc Experts suggest what might have happened if various events in World War II had gone differently, from the Munich crisis to the atomic bomb, including Hitler's declaration of war on the United States and the D-Day landings

Third Reich Victorious

Alternative Decisions of World War II *Frontline Books*

War is a deadly game of chance where a single detail or decision can have far-reaching consequences. What if Hitler's generals had captured the cream of the British Expeditionary Force at Dunkirk? What if Turkey had sided with Germany and smashed through Russias' back door to claim the prized Caucasus oil fields? What if Rommel had driven the British back into the sea on D-Day and the Luftwaffe had defeated the RAF in the Battle of Britain. The Allies could have lost the Second World War in many ways, and ten noted historians show clearly how in this collection of fascinating, provocative scenarios, based on meticulous research. By turns gripping and chilling, Third Reich Victorious offers a fresh insight into the vagaries of war that can make all the difference between the victor and the vanquished.

The Collected What If?

Eminent Historians Imagining what Might Have Been *Penguin Group USA*

"Historians and philosophers alike have pondered the crucial turning points of history--the events that forever altered the course of civilization and set the stage for the world in which we live today. In these essays, some of the most respected minds of our time as the question "What if...": Pontius Pilate hadn't ordered Jesus Christ's crucifixion? Abraham Lincoln hadn't abolished slavery? A Confederate aide hadn't accidentally lost General Robert E. Lee's plans for invading the North? The Allied invasion of D Day had failed? Pope Pius XII had spoken out against the Holocaust? The Mongols had succeeded in conquering Europe?"--Back cover.

Hitler's Panzers

The Lightning Attacks that Revolutionized Warfare *Penguin*

From Dennis Showalter, recipient of the Samuel Eliot Morison Prize and the Pritzker Literature Award for Lifetime Achievement, a fascinating account of Nazi Germany's armored forces during World War II Determined to secure a quick, decisive victory in his quest of conquer Europe, Adolf Hitler adopted an attack plan that combined tools with technique—the formidable Panzer divisions. Self-contained armored units able to operate independently, the Panzers became the German army's fighting core as well as its moral focus, establishing an entirely new military doctrine. In Hitler's Panzers, Showalter presents a comprehensive study of Germany's armored forces. By delving deeply into a detailed history of the theory, strategy, myths, and realities of Germany's technologically innovative approach to warfare, Showalter provides a look at the military lessons of the past, and a speculation on how the Panzer ethos may be implemented in the future of international conflict.

The Mammoth Book of Alternate Histories *Hachette UK*

Every short story in this wonderfully varied collection has one thing in common: each features some alteration in history, some divergence from historical reality, which results in a world very different from the one we know today. As well as original stories specially commissioned from bestselling writers such as James Morrow, Stephen Baxter and Ken MacLeod, there are genre classics such as Kim Stanley Robinson's story of how World War II atomic bomber the Enola Gay, having crashed on a training flight, is replaced by the Lucky Strike with profoundly different consequences. Praise for the editors: 'Mr Watson wreaks havoc with what is accepted - and acceptable.' The Times 'One of Britain's consistently finest science fiction writers.' New Scientist

Second Front

The Allied Invasion of France, 1942-43 (An Alternative History) *Open Road Media*

What would have happened if Churchill's Mediterranean strategy was overruled? This novel of an alternate D-Day explores this fascinating scenario. One of the great arguments of World War II took place among Allied military leaders over when and where to launch a second front against Germany in Europe. Stalin, holding on by his teeth in Russia, urged a major invasion from the west as soon as possible. The Americans, led by Marshall and Wedemeyer, argued likewise. It was Churchill who got his way, however, with his Mediterranean strategy, including a campaign on the Italian peninsula, which he mistakenly called the “soft underbelly of Europe.” This realistic, fact-based work posits what would have happened had Churchill been overruled, and that rather than invading North Africa in the fall of 1942, then Sicily and Italy, the Allies had hit the coast of southern France instead. The key element that enables the alternative scenario is the cooperation of Vichy, which was negotiated at the time but refused. If the Allies had promised sufficient force to support the French, however, the entire southern coastline of France would have been undefended against a surprise invasion. In this book, once the Allied armies are ashore, Germans stream toward the front, albeit through a gauntlet of Maquis, Allied paratroopers, and airpower. Meantime the Allied forces push up the Rhône Valley and titanic armored clashes take place near Lyons. Already in desperate straits at Stalingrad, where they had committed their air and armored reserves, the Germans had also yet to switch to a full total-war economy, with tanks like the Panther and Tiger not yet deployed. This fascinating alternative history comes close to informing us exactly what might have happened had D-Day in Europe come as early as some had wished.

Hitler's American Gamble

Pearl Harbor and Germany's March to Global War *Basic Books*

A riveting account of the five most crucial days in twentieth-century diplomatic history: from Pearl Harbor to Hitler’s declaration of war on the United States By early December 1941, war had changed much of the world beyond recognition. Nazi Germany occupied most of the European continent, while in Asia, the Second Sino-Japanese War had turned China into a battleground. But these conflicts were not yet inextricably linked—and the United States remained at peace. Hitler’s American Gamble recounts the five days that upended everything: December 7 to 11. Tracing developments in real time and backed by deep archival research, historians Brendan Simms and Charlie Laderman show how Hitler’s intervention was not the inexplicable decision of a man so bloodthirsty that he forgot all strategy, but a calculated risk that can only be understood in a truly global context. This book reveals how December 11, not Pearl Harbor, was the real watershed that created a world war and transformed international history.

Secret Allies

1943, Germany. Martin Murray, a homosexual man in the Office of Strategic Services-an American espionage agency during World War II-desperately tries to save the world while hiding his sexuality from it. Emmerich Hubar, a former SS Officer who had been on trial for being a homosexual-the verdict not guilty by a stroke of luck-struggles with his grief as he tries to drink himself to death in Sweden.Agent Martin Murray just wants to be a patriot and do his job right. The OSS wants him to use the German named Emmerich Hubar to gain access into the Nazi military and prevent them from building nuclear weapons. A dangerous and trying task, but one worth doing if it prevents the Nazis from destroying the planet.But Emmerich Hubar isn't just some depressed drunk who wants to run away from his past. He's a passionate, brave soul with a bleeding heart and the thirst to destroy the government that nearly destroyed him.Danger lurks around every corner-even from Martin's own allies-and it doesn't help matters as he grows more and more enticed by Emmerich, an asset he needs to keep his distance from to protect their cover. Emmerich, a wild card, plays by different methods, indifferent to whether he gets captured and killed. He's not the kind of man to fall in love with, not in that country and not at that time. And yet, as Emmerich gets deeper and deeper beneath Martin's skin, Martin's sense of self-perseveration wars with a need he never realized he had: a need to be known and loved.Please Note: This book contains Adult Language & Steamy Adult Activities, it is intended for 18+ Adults Only. Novella, approx. 30,000+ words in length. HEA (happy ever after ending). Does not end with a "cliffhanger".

WWII

A Chronicle of Soldiering *University of Chicago Press*

"Originally published in the United States in a slightly different form as part of an illustrated volume (Grosset & Dunlap, 1975) reprinted by Ballantine Books in 1976."

Projekt 1065

A Novel of World War II *Scholastic Inc.*

Award-winning, critically acclaimed author Alan Gratz (Prisoner B-3087) returns with another gripping World War II story, this time about a spy in the Hitler Youth. Infiltrate. Befriend. Sabotage.World War II is raging. Michael O'Shaunessey, originally from Ireland, now lives in Nazi Germany with his parents. Like the other boys in his school, Michael is a member of the Hitler Youth.But Michael has a secret. He and his parents are spies. Michael despises everything the Nazis stand for. But he joins in the Hitler Youth's horrific games and book burnings, playing the part so he can gain insider knowledge. When Michael learns about Projekt 1065, a secret Nazi war mission, things get even more complicated. He must prove his loyalty to the Hitler Youth at all costs -- even if it means risking everything he cares about.Including... his own life.From acclaimed author Alan Gratz (Prisoner B-3087) comes a pulse-pounding novel about facing fears and fighting for what matters most.

The Second World Wars

How the First Global Conflict Was Fought and Won *Basic Books*

A definitive account of World War II by America's preeminent military historian World War II was the most lethal conflict in human history. Never before had a war been fought on so many diverse landscapes and in so many different ways, from rocket attacks in London to jungle fighting in Burma to armor strikes in Libya. The Second World Wars examines how combat unfolded in the air, at sea, and on land to show how distinct conflicts among disparate combatants coalesced into one interconnected global war. An authoritative new history of astonishing breadth, The Second World Wars offers a stunning reinterpretation of history's deadliest conflict.

When the Sky Fell Apart *Text Publishing*

She turned to look at the sea. Flat stretch of water, blank and blue as the sky above. Pretty as a picture, except with black and grey craters where the bombs had fallen: as though some thuggish child had scrawled all over the picture out of spite alone... Jersey, June 1940. It starts with the burning man on the beach just after the bombs land, obliterating the last shred of hope that Hitler will avert his attention from the Channel Islands. Within weeks, 12,000 German troops land on the Jersey beaches, heralding a new era of occupation. For ten-year-old Claudine, it means a re-education under German rule, and as she befriends one of the soldiers, she inadvertently opens the gateway to a more sinister influence in her home with devastating consequences. For Maurice, a local fisherman, it means protecting his sick wife at all costs—even if it endangers his own life. Edith, the island’s unofficial homeopath, is a Jerriaes through to her bones. But even she can't save everyone, no matter how hard she tries. And as for English doctor Tim Carter—on the arrival of the brutal German Commandant, he becomes the subject of a terrifying regime that causes the locals to brand

him a traitor, unaware of the torment he suffers in an effort to save them. When the Sky Fell Apart is a heartbreaking chorus of the resilience of the human spirit. It introduces an exciting new voice in literary fiction. Caroline Lea was born and raised in Jersey. She gained a First in English Literature and Creative Writing from Warwick University and has had poetry published in The Phoenix Anthology and An Aston Anthology, which she also co-edited. When the Sky Fell Apart is her first novel. ‘An ambitious portrayal of the German occupation of Jersey during the Second World War...Lea’s fondness for Jersey brings the landscape to life with vivid descriptions, which are one of the novel’s highlights. An intriguing depiction of life under nazi occupation, the book explores a time and place rarely covered in fiction. It is an engaging narrative, and Lea should be applauded for a successful portrait of resilience and the strength of friendships during the challenges of wartime.’ Lady ‘[A] strong debut...A moving and chilling portrait of life under Nazi heel.’ Sunday Times ‘Haunting...Through her characters’ struggles, Lea explores the unlikely affinities that arise between humans during violent times and questions how far we might go to protect those we love.’ Australian Women’s Weekly ‘This is a strong and lyrical first novel, that moves adroitly from the obscenity of war to the complexities of marriages, children, loss and loneliness.’ Otago Daily Times ‘Debut author Lea evokes the land with the lyrical fondness of a native... A finely detailed exploration of life during wartime.’ Kirkus Reviews ‘Prepare for your heart to break...Deserves to be read, not only for the blast of reality from the past, but also as a warning for the future.’ LoveReading ‘When the Sky Fell Apart is exceptional...one of those books that is difficult but nevertheless important.’ Wormhole

Hiroshima *Vintage*
"A new edition with a final chapter written forty years after the explosion."

The War Against Germany and Italy: Mediterranean and Adjacent Areas
A major collection of photographs with explanatory text that graphically portrays various aspects of the war in North Africa and the Middle East; Sicily, Corsica, and Sardinia; and Italy and southern France.

Patton and Rommel

Men of War in the Twentieth Century *Penguin*
General George S. Patton. His tongue was as sharp as the cavalry saber he once wielded, and his fury as explosive as the shells he’d ordered launched from his tank divisions. Despite his profane, posturing manner, and the sheer enthusiasm for conflict that made both his peers and the public uncomfortable, Patton’s very presence commanded respect. Had his superiors given him free rein, the U.S. Army could have claimed victory in Berlin as early as November of 1944. General Erwin Rommel. His battlefield manner was authoritative, his courage proven in the trenches of World War I when he was awarded the Blue Max. He was a front line soldier who led by example from the turrets of his Panzers. Appointed to command Adolf Hitler’s personal security detail, Rommel had nothing for contempt for the atrocities perpetrated by the Reich. His role in the Führer’s assassination attempt led to his downfall. Except for a brief confrontation in North Africa, these two legendary titans never met in combat. Patton and Rommel is the first single-volume study to deal with the parallel lives of two generals who earned not only the loyalty and admiration of their own men, but the respect of their enemies, and the enmity of the leaders they swore to obey. From the origins of their military prowess, forged on the battlefields of World War I, to their rise through the ranks, to their inevitable clashes with political authority, military historian Dennis Showalter presents a riveting portrait of two men whose battle strategies changed the face of warfare and continue to be studied in military academies around the globe.

The Pity of War

Explaining World War I *Basic Books*
In The Pity of War, Niall Ferguson makes a simple and provocative argument: that the human atrocity known as the Great War was entirely England's fault. Britain, according to Ferguson, entered into war based on naïve assumptions of German aims—and England's entry into the war transformed a Continental conflict into a world war, which they then badly mishandled, necessitating American involvement. The war was not inevitable, Ferguson argues, but rather the result of the mistaken decisions of individuals who would later claim to have been in the grip of huge impersonal forces.That the war was wicked, horrific, inhuman,is memorialized in part by the poetry of men like Wilfred Owen and Siegfried Sassoon, but also by cold statistics. More British soldiers were killed in the first day of the Battle of the Somme than Americans in the Vietnam War; indeed, the total British fatalities in that single battle—some 420,000—exceeds the entire American fatalities for both World Wars. And yet, as Ferguson writes, while the war itself was a disastrous folly, the great majority of men who fought it did so with enthusiasm. Ferguson vividly brings back to life this terrifying period, not through dry citation of chronological chapter and verse but through a series of brilliant chapters focusing on key ways in which we now view the First World War.For anyone wanting to understand why wars are fought, why men are willing to fight them, and why the world is as it is today, there is no sharper nor more stimulating guide than Niall Ferguson's The Pity of War.

What If? II *Penguin*
What if Lincoln didn't abolish slavery? What if an assassin succeeded in killing FDR in 1933? This volume presents 25 intriguing "what if..." scenarios by some of today's greatest historical minds-including James Bradley, Caleb Carr, James Chace, Theodore F. Cook, Jr., Carlos M.N. Eire, George Feifer, Thomas Fleming, Richard B. Frank, Victor Davis Hanson, Cecelia Holland, Alistair Horne, David Kahn, Robert Katz, John Lukacs, William H. McNeill, Lance Morrow, Williamson Murray, Josiah Ober, Robert L. O'Connell, Geoffrey Parker, Theodore K. Rabb, Andrew Roberts, Roger Spiller, Geoffrey C. Ward, and Tom Wicker.

Beneath a Scarlet Sky

A Novel *Lake Union Publishing*
Soon to be a major television event from Pascal Pictures, starring Tom Holland. Based on the true story of a forgotten hero, the USA Today and #1 Amazon Charts bestseller Beneath a Scarlet Sky is the triumphant, epic tale of one young man's incredible courage and resilience during one of history's darkest hours. Pino Lella wants nothing to do with the war or the Nazis. He's a normal Italian teenager--obsessed with music, food, and girls--but his days of innocence are numbered. When his family home in Milan is destroyed by Allied bombs, Pino joins an underground railroad helping Jews escape over the Alps, and falls for Anna, a beautiful widow six years his senior. In an attempt to protect him, Pino's parents force him to enlist as a German soldier--a move they think will keep him out of combat. But after Pino is injured, he is recruited at the tender age of eighteen to become the personal driver for Adolf Hitler's left hand in Italy, General Hans Leyers, one of the Third Reich's most mysterious and powerful commanders. Now, with the opportunity to spy for the Allies inside the German High Command, Pino endures the horrors of the war and the Nazi occupation by fighting in secret, his courage bolstered by his love for Anna and for the life he dreams they will one day share. Fans of All the Light We Cannot See, The Nightingale, and Unbroken will enjoy this riveting saga of history, suspense, and love.

The Fall of the Ottomans

The Great War in the Middle East *Basic Books*
In 1914 the Ottoman Empire was depleted of men and resources after years of war against Balkan nationalist and Italian forces. But in the aftermath of the assassination in Sarajevo, the powers of Europe were sliding inexorably toward war, and not even the Middle East could escape the vast and enduring consequences of one of the most destructive conflicts in human history. The Great War spelled the end of the Ottomans, unleashing powerful forces that would forever change the face of the Middle East. In The Fall of the Ottomans, award-winning historian Eugene Rogan brings the First World War and its immediate aftermath in the Middle East to vivid life, uncovering the often ignored story of the region's crucial role in the conflict. Bolstered by German money, arms, and military advisors, the Ottomans took on the Russian, British, and French forces, and tried to provoke Jihad against the Allies in their Muslim colonies. Unlike the static killing fields of the Western Front, the war in the Middle East was fast-moving and unpredictable, with the Turks inflicting decisive defeats on the Entente in Gallipoli, Mesopotamia, and Gaza before the tide of battle turned in the Allies' favor. The great cities of Baghdad, Jerusalem, and, finally, Damascus fell to invading armies before the Ottomans agreed to an armistice in 1918. The postwar settlement led to the partition of Ottoman lands between the victorious powers, and laid the groundwork for the ongoing conflicts that continue to plague the modern Arab world. A sweeping narrative of battles and political intrigue from Gallipoli to Arabia, The Fall of the Ottomans is essential reading for anyone seeking to understand the Great War and the making of the modern Middle East.

The Rise and Fall of the Third Reich

A History of Nazi Germany *Simon and Schuster*
Chronicles the Nazi's rise to power, conquest of Europe, and dramatic defeat at the hands of the Allies.

The Economic Weapon

The Rise of Sanctions As a Tool of Modern War *Yale University Press*
The first international history of the emergence of economic sanctions during the interwar period and the legacy of this development Economic sanctions dominate the landscape of world politics today. First developed in the early twentieth century as a way of exploiting the flows of globalization to defend liberal internationalism, their appeal is that they function as an alternative to war. This view, however, ignores the dark paradox at their core: designed to prevent war, economic sanctions are modeled on devastating techniques of warfare. Tracing the use of economic sanctions from the blockades of World War I to the policing of colonial empires and the interwar confrontation with fascism, Nicholas Mulder uses extensive archival research in a political, economic, legal, and military history that reveals how a coercive wartime tool was adopted as an instrument of peacekeeping by the League of Nations. This timely study casts an overdue light on why sanctions are widely considered a form of war, and why their unintended consequences are so tremendous.

The Man Who Broke Into Auschwitz

A True Story of World War II *Da Capo Press*
The Man Who Broke into Auschwitz is the extraordinary true story of a British soldier who marched willingly into the concentration camp, Buna-Monowitz, known as Auschwitz III. In the summer of 1944, Denis Avey was being held in a British POW labour camp, E715, near Auschwitz III. He had heard of the brutality meted out to the prisoners there and he was determined to witness what he could. He hatched a plan to swap places with a Jewish inmate and smuggled himself into his sector of the camp. He spent the night there on two occasions and experienced at first-hand the cruelty of a place where slave workers, had been sentenced to death through labor. Astonishingly, he survived to witness the aftermath of the Death March where thousands of prisoners were murdered by the Nazis as the Soviet Army advanced. After his own long trek right across central Europe he was repatriated to Britain. For decades he couldn't bring himself to revisit the past that haunted his dreams, but now Denis Avey feels able to tell the full story—a tale as gripping as it is moving—which offers us a unique insight into the mind of an ordinary man whose moral and physical courage are

almost beyond belief.

The German Decision to Invade Norway and Denmark

The Second World War Back Bay Books

A masterful and comprehensive chronicle of World War II, by internationally bestselling historian Antony Beevor. Over the past two decades, Antony Beevor has established himself as one of the world's premier historians of WWII. His multi-award winning books have included Stalingrad and The Fall of Berlin 1945. Now, in his newest and most ambitious book, he turns his focus to one of the bloodiest and most tragic events of the twentieth century, the Second World War. In this searing narrative that takes us from Hitler's invasion of Poland on September 1st, 1939 to V-J day on August 14, 1945 and the war's aftermath, Beevor describes the conflict and its global reach -- one that included every major power. The result is a dramatic and breathtaking single-volume history that provides a remarkably intimate account of the war that, more than any other, still commands attention and an audience. Thrillingly written and brilliantly researched, Beevor's grand and provocative account is destined to become the definitive work on this complex, tragic, and endlessly fascinating period in world history, and confirms once more that he is a military historian of the first rank.

The Wars of Frederick the Great Addison-Wesley Longman Limited

The campaigns of Frederick the Great were a watershed in the history of Europe. They inaugurated a new pattern - of total war for limited objectives - that was to endure until 1916. Frederick's battles were designed to convince his adversaries of the wisdom of making and keeping peace.

A Nation Interrupted: An Alternate History Novel Braveship Books

World War II was the defining event of the 20th century. Follow several characters who become swept into the greatest struggle the world has ever known. The war in which they find themselves is largely the same conflict recorded in history books-until destiny (a destiny that was altered on a Civil War battlefield in 1862) takes a dramatic turn.

The Best Alternate History Stories of the 20th Century

Stories Del Rey

Explore fascinating, often chilling “what if” accounts of the world that could have existed—and still might yet . . . Science fiction’s most illustrious and visionary authors hold forth the ultimate alternate history collection. Here you’ll experience mind-bending tales that challenge your views of the past, present, and future, including: • “The Lucky Strike”: When the Lucky Strike is chosen over the Enola Gay to drop the first atomic bomb, fate takes an unexpected turn in Kim Stanley Robinson’s gripping tale. • “Bring the Jubilee”: Ward Moore’s novella masterpiece offers a rebel victory at Gettysburg which changes the course of the Civil War . . . and all of American history. • “Through Road No Wither”: After Hitler’s victory in World War II, two Nazi officers confront their destiny in Greg Bear’s apocalyptic vision of the future. • “All the Myriad Ways”: Murder or suicide, Ambrose Harmon’s death leads the police down an infinite number of pathways in Larry Niven’s brilliant and defining tale of alternatives and consequences. • “Mozart in Mirrorshades”: Bruce Sterling and Lewis Shiner explore a terrifying era as the future crashes into the past—with disastrous results. . . . as well as “The Winterberry” by Nicholas A. DiChario • “Islands in the Sea” by Harry Turtledove • “Suppose They Gave a Peace” by Susan Schwartz • “Manassas, Again” by Gregory Benford • “Dance Band on the Titanic” by Jack L. Chalker • “Eutopia” by Poul Anderson • “The Undiscovered” by William Sanders • “The Death of Captain Future” by Allen Steele • and “Moon of Ice” by Brad Linaweaver The definitive collection: fourteen seminal alternate history tales drawing readers into a universe of dramatic possibility and endless wonder.

Alice in wonderland

Churchill, Hitler, and "The Unnecessary War"

How Britain Lost Its Empire and the West Lost the World Crown Forum

Were World Wars I and II inevitable? Were they necessary wars? Or were they products of calamitous failures of judgment? In this monumental and provocative history, Patrick Buchanan makes the case that, if not for the blunders of British statesmen– Winston Churchill first among them–the horrors of two world wars and the Holocaust might have been avoided and the British Empire might never have collapsed into ruins. Half a century of murderous oppression of scores of millions under the iron boot of Communist tyranny might never have happened, and Europe’s central role in world affairs might have been sustained for many generations. Among the British and Churchillian errors were: • The secret decision of a tiny cabal in the inner Cabinet in 1906 to take Britain straight to war against Germany, should she invade France • The vengeful Treaty of Versailles that mutilated Germany, leaving her bitter, betrayed, and receptive to the appeal of Adolf Hitler • Britain’s capitulation, at Churchill’s urging, to American pressure to sever the Anglo-Japanese alliance, insulting and isolating Japan, pushing her onto the path of militarism and conquest • The greatest mistake in British history: the unsolicited war guarantee to Poland of March 1939, ensuring the Second World War Certain to create controversy and spirited argument, Churchill, Hitler, and “the Unnecessary War” is a grand and bold insight into the historic failures of judgment that ended centuries of European rule and guaranteed a future no one who lived in that vanished world could ever have envisioned.

The Allies Strike Back, 1941-1943 Grove Press

The second book in a masterful new history of World War II in the West

Operation Paperclip

The History of the Secret Program to Bring Nazi Scientists to America During and After World War II

*Includes pictures*Includes accounts of the operations written by Nazi scientists and Allied forces*Includes online resources and a bibliography for further reading*Includes a table of contentsAfter the last shots of World War II were fired and the process of rebuilding Germany and Europe began, the Western Allies and the Soviet Union each tried to obtain the services of the Third Reich's leading scientists, especially those involved in rocketry, missile technology, and aerospace research. Naturally, this was a delicate affair due to the fact many of the German scientists were not only active Nazis but had helped the Nazi war machine terrorize the world. At the same time, by the late war period, the Anglo-American Allies formed a clear picture of the Soviet state. Though forced to ally with the USSR's dictator, Josef Stalin, the West came to understand Communist Russia represented yet another hungry totalitarian power, and thus a very real threat to an independent Europe. British Prime Minister Winston Churchill realized the menacing character of the Soviets from the Katyn Forest Massacre of Polish army officers, if not before, while the Americans only gradually shed a naïve assumption of continued Russian friendliness after the war. For their part, the Soviets retained ruthless imperial ambitions which manifested in various ways. They allied with Hitler for a time in 1939 to 1941, planning to divide Eastern Europe between their two expansionist states. They devastated the Ukrainian population with the Holomodor, an engineered, genocidal famine which claimed perhaps 3 million victims. The Soviet refusal to evacuate Eastern Europe following the war, instead retaining many formerly democratic countries as vassal states, spoke volumes about their intentions. Both the Western Allies and the Soviets knew of Adolf Hitler's V-2 rocket program, the forerunner of ballistic missiles and the space race. Each recognized the immense strategic value of these technologies and wished to secure their benefits for themselves. As the Soviets contemplated additional expansion following the "Great Patriotic War" and the U.S. military came to understand the putative allies of today would emerge as the enemies of tomorrow, the men possessing knowledge of the V-2 rockets and other Third Reich military technology programs became seen as crucial pieces in the incipient NATO versus Warsaw Pact standoff. The result was the American-led "Operation Paperclip" on the Western side, which resulted in German scientists putting their expertise at the disposal of the U.S. and other NATO members. Operation Paperclip aimed not only to obtain the benefits of German scientific advances for the United States but also to deny them to the potentially hostile Soviets, as General Leslie Groves enunciated: "Heisenberg was one of the world's leading physicists, and, at the time of the German break-up, he was worth more to us than ten divisions of Germans. Had he fallen into the Russian hands, he would have proven invaluable to them (Naimark, 1995, 207).To say Operation Paperclip had a profound impact on the Cold War and American history would be an understatement. The most well known example of the operation's "success" is Wernher von Braun, who was once a member of a branch of the SS involved in the Holocaust, would become known as the "father of rocket science" and fascinate the world with visions of winged rockets and space stations as a "new" Manhattan Project, one that NASA would eventually adopt. And in addition to the weaponization of ballistic missiles that progressed throughout the Cold War, von Braun's expertise was used for America's most historic space missions. NASA also had to develop rockets capable of first launching a spacecraft into Earth's orbit, and then launching it toward the Moon. The Soviets struggled throughout the 1960s to design rockets up to the task, but thanks to von Braun, NASA got it right with the Saturn V rocket.

The Guns at Last Light

The War in Western Europe, 1944-1945 Macmillan

The final volume of the trilogy chronicles the Allied victory in Western Europe, from the brutal struggles in Normandy and at the Battle of the Bulge to the freeing of Paris, as experienced by participants from every level of the military.

The Economics of World War II in Southeast Asia

Economy and Society under Japanese Occupation Cambridge University Press

The first comprehensive account of the impact of Japanese occupation on Southeast Asian economies and societies during World War II.

The Latehomecomer

A Hmong Family Memoir Coffee House Press

In search of a place to call home, thousands of Hmong families made the journey from the war-torn jungles of Laos to the overcrowded refugee camps of Thailand and onward to America. But lacking a written language of their own, the Hmong experience has been primarily recorded by others. Driven to tell her family’s story after her grandmother’s death, The Latehomecomer is Kao Kalia Yang’s tribute to the remarkable woman whose spirit held them all together. It is also an eloquent, firsthand account of a people who have worked hard to make their voices heard. Beginning in the 1970s, as the Hmong were being massacred for their collaboration with the United States during the Vietnam War, Yang recounts the harrowing story of her family’s captivity, the daring rescue undertaken by her father and uncles, and their narrow escape into Thailand where Yang was born in the Ban Vinai Refugee Camp. When she was six years old, Yang’s family immigrated to America, and she evocatively captures the challenges of adapting to a new place and a new language. Through her words, the dreams, wisdom, and traditions passed down from her grandmother and shared by an entire community have finally found a voice. Together with her sister, Kao Kalia Yang is the founder of a company dedicated to helping immigrants with writing, translating, and business services. A graduate of Carleton College and Columbia University, Yang has recently screened The Place Where We Were Born, a film documenting the experiences of Hmong American refugees. Visit her website at www.kaokaliayang.com.
