Hi, I have a Kubota L2800 tractor, that has been sitting idle for over a year, and it now has a dead battery. I've changed the fluids and filters, but I am having a tough time locating a battery for it, other than the overpriced "Kubota" battery for around \$275. I've called dealers (all about 1 hr away) that tell me contrasting information.

A battery can seem to take a charge - yet nothing really happens to increase it's ability to start the tractor. When you take the old battery in for the core (around here it is 10 bucks) note the length,width and height of yours. Sometime finding a battery that will fit in the compartment can be tough, some have lots of room, while others do not.
