CONCLUSIONS: PIPP is an effective method for precepting medical students in family medicine clinics, even with non-English speaking patients and those with low literacy. Given the time constraints of family physicians, PIPP should be considered as a preferred, time-efficient method for training medical students that is well received by patients,

students, and particularly by physicians.

Precepting Medical Students in the Patient's Presence: An ...

The Graduate Nurse Education(GNE) Demonstration seeks to increase the number of advanced practice registered nurses (APRNs) in clinical practice. With the overall increase in APRN programs and, particularly, enrollment in nurse practitioner(NP) programs, there is growing competition among students to secure quality clinical precepting experiences.

Precepting nurse practitioner students in the graduate ...

Typically, a medical preceptorship is available for high-achieving undergraduates in their junior and senior years of a pre-medical studies program. Depending on your university's schedule, you'll participate in a preceptorship during a fall or spring semester of your junior or senior year; occasionally, preceptorships are available over the summer as well.

What is a Medical Preceptorship? | Global Pre-Meds

Abstract. Problem: Educating medical students and residents in the office presents the challenges of providing quality medical care, maintaining efficiency, and incorporating meaningful education for learners. Numerous teaching strategies to address these challenges have been described in the medical educational literature, but only a few teaching strategies have been evaluated for their impact on education and office practice.
