This article examines local economic development in China and the United States, comparing strategies and outlining challenging issues. Kuotsai Tom Liou of the University of Central Florida finds that local governments must play the leading role in sustainable development, as a partnership approach promotes collaboration among communities, industries, and other government entities.

Local Economic Development in China and the United States ...

The traditional approach to local economic development that is largely focused on business attraction and retention has failed to make its mark as a sustainable economic development strategy. It is time that economic developers and policymakers turned to other strategies that work better in enhancing sustainable economic growth for their communities and do more good than harm, such as the idea of economic gardening.
