If you want a structural slab to act as a structural foundation, normally you just use a Structural Foundation: Isolated. If it is an irregular shape, you need to model it as a Structural Foundation: Slab. This video will look at how to configure a floor with structural decking. We will also look at how to cantilever concrete to make our edge details look correct.

- [Voiceover] Hi, I'm Adam Crespi, and welcome to Creating Textures: Formed Concrete. In this course, we'll look at creating the form work, form ties, and scoring pattern concrete. I'll start by showing you how to construct the pattern and making all of the recognizable increments that we expect to see in a texture. Then, I'll show you how to create a base pattern and add ware, hot and cold ...
