An Introduction To The International

Introduction. This Introduction begins by outlining what is meant by international relations. Second, it tells the story of how and why the study of international relations emerged when it did in the early twentieth century. Knowing something about the discipline 's origins does not tell us everything we need to know about international relations today, but it will help us to understand the legacy left by the discipline's original purpose and by older traditions of thought.

They are, first, the international system; second, international society; and third, world society. Barry Buzan provides an explanation of each sphere: International System (Hobbes/Machiavelli) is about power politics amongst states, and Realism puts the structure and process of international anarchy at the centre of IR theory. This position is broadly parallel to mainstream realism and structural realism and is thus well developed and clearly understood.
